ORDERS IN COUNCIL.

[Ref. 1,244,666].

AT THE GOVERNMENT HOUSE AT OTTAWA.

Monday, the 23rd day of July, 1906.

PRESENT:

HIS EXCELLENCY THE GOVERNOR GENERAL IN COUNCIL.

THE Governor General in Council is pleased to order and it is hereby ordered that the Regulations governing the administration of Dominion Lands in the Yukon Territory, other than coal lands, established by Order in Council of the 26th July, 1900, as amended by Orders in Council of the 22nd December, 1900, and the 8th April, 1902, shall not apply to any lands in the Yukon Territory which are suitable for agricultural purposes.

The Governor General in Council is further pleased to empower the Commissioner of the Yukon Territory to grant homestead entry for such agricultural lands under the following conditions:—

1. Every person who is the sole head of a family, and every male who has attained the age of eighteen years, who makes application in the form A in the schedule hereto, shall be entitled to obtain homestead entry for any area of Dominion Lands in the Yukon Territory (not exceeding 160 acres) which is suitable for agricultural purposes.

2. The entry for a homestead shall entitle the recipient to take, occupy and cultivate the land entered for and to hold possession of the same to the exclusion of any other person or persons whomsoever, and to bring and maintain actions for trespass committed on the said lands; the title to the land shall remain in the Crown until an issue of a patent therefor, and the land shall not be liable to be taken in execution before the issue of the patent.

3. The privilege of homestead entry shall apply only to lands valuable for agricultural purposes. No person shall be entitled to such entry for land valuable for its timber, and the right of the homesteader shall in respect of the minerals in all cases be subject to the provisions of the Dominion Lands Act and regulations made thereunder. Homestead entry shall not be given for any land upon which there is water power which may serve to drive machinery, or if an entry has been given for such land it shall not be held to apply to so much of the land as is necessary for the utilization of such water power.

(*b*). A homestead entry shall control the surface rights only and shall not vest in the entrant any right to gold or other minerals.

(*c*). If a homestead is found to contain gold or other minerals, the right to operate the same may be exercised under the provisions of the mining clauses of the Dominion Lands Act, irrespective of any rights acquired under the homestead entry, and the homesteader shall be entitled to compensation to be assessed by duly appointed officers of the Department for any loss or damage so sustained.

(*d*). No homestead shall have a frontage of more than forty chains bordering on a lake or river.

(*e*). Each homestead, when located on a water frontage shall be marked on such frontage by two legal posts firmly fixed in the ground, one at each end of the front boundary of the claim. Parallel lines shall be drawn from each end of the front line, if possible, at right angles thereto and may be extended back as far as necessary to include an area not more than 160 acres in extent. Each of the two legal posts shall be flatted on the side facing the claim and upon it shall be written on the side facing the claim a legible notice stating the name or number of the claim, or both, and if possible its length in feet, the date when staked and the full christian and surname of the locator. The posts shall be numbered 1 and 2, respectively. It shall not be lawful to move No. 1, but No. 2 may be moved by a Dominion Land Surveyor if the distance between the posts exceeds the length prescribed by these regulations but not otherwise.

4. Every person applying for a homestead entry shall make affidavit before some one authorized to take the same on Form B in the schedule hereto; and upon filing such affidavit with the Land Agent and upon payment to him of an office fee of $10.00 the Land Agent upon being satisfied as to the correctness of the statements contained in the affidavit, and that the land applied for is suitable for agricultural purposes, shall issue to the applicant a receipt according to Form C in the schedule hereto; and such receipt shall be a certificate of the entry and shall be authority to the person obtaining it to take possession of the land described in it.

5. If a dispute arises between persons claiming the right to homestead entry for the same land, the Land Agent shall make an investigation to obtain evidence respecting the facts; and his report thereon, together with the evidence taken, shall be referred to the Commissioner of the Yukon Territory for decision.

6. Every person who has obtained homestead entry shall be allowed a period of three months from its date within which to perfect the entry by taking in his own person, possession of the land and beginning residence thereon, and if the entry is not perfected within that period, it shall be void and the land shall be open to entry by another person or to such other disposition as the Minister of the Interior may direct.

7. At the expiration of two years from the date of his homestead entry, the settler, or in the case of his death, his legal representatives, upon having the land duly surveyed and proving, to the satisfaction of the Commissioner of the Yukon Territory, that he or they or some of them have resided upon and cultivated the land during the months of May, June, August, September, and October for two successive years and have brought at least ten acres under cultivation and have erected upon the land a habitable dwelling, shall be entitled to a patent for the land, if such proof is accepted by the Commissioner of Dominion Lands.

(*a*) Proof of residence, erection of a habitable house and amount of cultivation shall be made by the claimant by affidavit and shall be corroborated by the evidence and oath of two disinterested witnesses and shall be subject to acceptance as sufficient by the Commissioner of Dominion Lands. Such affidavits must be made upon a form of application for patent to be provided for the purpose and may be sworn to before any person authorized to take affidavits in the Yukon Territory.

8. If a settler has obtained a patent for his homestead he may obtain entry for a second homestead, and the requirements of these regulations as to residence may be satisfied by residence upon the first homestead if the second homestead applied for is within five miles of the first homestead.

9. If it is proved to the satisfaction of the Minister of the Interior,—

(*a*) That the settler has not resided upon his homestead for at least six months in any one year; or—

(*b*) That the settler has failed to erect a habitable house and to commence actual residence in the same within three months of the date of such entry, and to continue and maintain such residence and cultivation as required, or that he has failed to make permanent

improvments on the land to the aggregate value of $2.00 per acre within two years from the time allowed for the perfecting of his entry ;

His right to the land shall be liable to forfeiture in the discretion of the Minister.

10. Failure on the part of any person who has obtained a homestead entry to apply, as hereinbefore provided for the patent for his homestead within a period of three years from the date of his homestead entry, shall render his right liable to forfeiture in the discretion of the Minister of the Interior.

11. In the case of illness vouched for by sufficient evidence, or in other special cases, the Minister may, in his discretion grant an extension of time during which a settler may be absent from his homestead, without prejudice to his right therein ; but the time so granted shall not be reckoned as residence.

12. Unless the Minister of the Interior otherwise declares every assignment or transfer of homestead rights, or any part thereof, and every agreement to assign or transfer any homestead or any part thereof, made or entered into before the issue of the patent, shall be null and void, and such action on the part of the homesteader shall render his entry liable to forfeiture in the discretion of the Minister.

Clerk of the Privy Council.

Wednesday, the 12th day of December, 1906.

PRESENT :

HIS EXCELLENCY THE GOVERNOR GENERAL IN COUNCIL.

ON a Report dated 3rd December, 1906, from the Minister of the Interior, submitting with regard to an application which has been made to him by the representatives at Edmonton of " The Board of Management of the Church and Manse Building Fund of the Presbyterian Church in Canada " hereinafter called the Board,—as follows :—

1. By letters patent bearing date the seventeenth day of December, A.D., 1898, letters patent were issued in favour of the Board, under the provisions of section 31 of The Dominion Lands Act, for the following parcel or tract of land, namely : " All that parcel or tract

" of land, situate, lying and being in the fifty-fourth " township in the twenty-second range, west of the " fourth Meridian in the Provisional District of Alberta " in the North-west Territories, in Our Dominion of " Canada, and being composed of that certain portion of " the North-west quarter of section thirty-two, of the " said township, particularly described as follows, that is " to say :—Beginning at a point on the western limit " of the road allowance on the western boundary of " River Lot eleven as shown on the plan of Fort Sask- " atchewan Settlement, signed by M. Deane, Dominion " Land Surveyor, approved and confirmed by Edouard " Deville for the Surveyor General, and of record in " the Department of the Interior, under number three " thousand five hundred and seventy-one ; said point " being distant one chain measured south-westerly at " right angles from the west boundary of said Lot " eleven, and distant fifty-seven chains and fifteen and " and a half links, measured north-westerly along said " west boundary from the most southerly corner of " said lot, thence north-westerly along the western " limit of said road allowance, a distance of four " chains ; thence south-westerly at right angles to said " western limit a distance of five chains ; thence south- " easterly parallel to said western limit, a distance of " four chains ; thence north-easterly at right angles to " the last course a distance of five chains, more or less " to the point of beginning, containing by admeasur- " ement two acres, more or less ", subject to the reservations, exceptions, provisos and conditions expressed in such letters patent, one of such provisos or conditions being that the lands so granted to the Board should be held by the Board, its successors and assigns, forever, in trust for the purposes of the Congregation of the Presbyterian Church in Canada at Fort Saskatchewan Mission, in the Province of Alberta, to be devoted to the public purposes, within the meaning of the said section 31 of The Dominion Lands Act, for which the lands had been applied for and so granted, namely, the purposes of the above mentioned Congregation.

2. The Canadian Northern Railway Company acting under the powers given to that company by its Act of incorporation and other Acts including The Railway Act of Canada, requiring for the purposes of the railway of that company a portion of the said two acres of land so granted to the Board, has taken possession of it and has applied to the Board for a transfer of it to the company.

3. The company has offered to fully compensate the Board for the value of the portion so taken by the company, of the said two acres of land and for all damage sustained by the Congregation of the Presbyterian Church in Canada at Fort Saskatchewan Mission, or by the Board, because of the taking by the company, under the statutory powers before referred to, of such portion of land, so soon as the Board transfers the same to the company ; but the Board because of the proviso or condition, in the said letters patent, that the said two acres so thereby granted to the Board should be used for the purposes of the above mentioned Congregation, has applied to the Minister of the Interior for his consent to the execution of the necessary transfer to the company, before having it executed by the proper officers or representatives of the Board.

The Minister, in view of the powers of the company to compel the Board, by taking expropriation proceedings under The Railway Act of Canada, to convey the said portion of land so required by, and so taken possession of by the company for the purposes of its railway, and in view of the delay and expense that would arise if such proceedings had to be taken in this matter, recommends that permission be given to the Board to execute any transfer or conveyance to the company its successors and assigns of the said portion of land, as may be necessary to vest in the company as good a title to the said portion of land as the company is entitled to obtain to it under and by virtue of the provisions of its Act of Incorporation or and any other Act of the Parliament of Canada including the said Railway Act of Canada.

The Committee submit the same for approval.

AT THE GOVERNMENT HOUSE AT OTTAWA.

Thursday, the 15th day of November, 1906.

PRESENT :

HIS EXCELLENCY THE GOVERNOR GENERAL IN COUNCIL.

ON a Report dated 3rd November, 1906, from the Minister of the Interior, submitting with reference to the Order in Council dated 5th September, 1885, authorizing the Minister of the Interior to reserve Blocks 18 and 84, being a portion of Section 16, Township 24, Range 1, West 5th Meridian, which section forms part of the Townsite of Calgary, for Calgary school purposes, and authorizing him to convey the same under certain conditions to the Calgary School Trustees in trust for local school purposes,—that it has now been represented to him by the Chairman of the School Management Committee on behalf of the Calgary Public School Board, that since the School Board erected a school upon Block 18, the Government of the Province of Alberta has decided to locate the Provincial Normal School at Calgary, and has requested the Board to grant them the said Block 18.

The Minister states that the School Board is, in consequence, desirous of meeting the wishes of the Provincial Government and of securing the Normal School for their City, and it is pointed out that the use of this Block for a Normal School would not interfere with the use of it for local school purposes.

That the School Board requests, therefore, that the title to the property be granted to the Province of Alberta for the establishment, erection and maintenance of a Normal School thereon, and that the title to Block 84 be issued to them (the Calgary Public School Board).

The Minister further states that he is of the opinion in view of the representations mentioned, that it would be in the public interest to comply with the request made on behalf of the School Board.

The Minister therefore recommends that the Order in Council of the 5th September, 1885, already referred to, be rescinded.

The Minister further recommends that Block 18 being a portion of Section 16, Township 24, Range 1, West of the Fifth Meridian, which forms part of the Townsite of Calgary, be vested, under clause 31 of The Dominion Lands Act, in His Majesty King Edward VII, for the Province of Alberta, to be used as a site for a Normal School, and that a grant be authorized, under the same clause, of Block 84, which also forms part of the said Section 16, Township 24, Range 1, West Fifth Meridian, to the Calgary Public School Board for school purposes.

The Committee submit the same for approval.

JOHN J. McGEE,
24–4 Clerk of the Privy Council.

AT THE GOVERNMENT HOUSE AT OTTAWA.

Wednesday, the 5th day of December, 1906.

PRESENT :

HIS EXCELLENCY THE GOVERNOR GENERAL IN COUNCIL.

ON a Report dated 24th November, 1906, from the Minister of the Interior, stating that he has considered an application which was made in March, 1906, by the Honourable John Nesbitt Kirchhoffer, of Brandon, Manitoba, for a lease of the sections and parts of sections of marsh lands, hereafter mentioned, on the southerly shore of Lake Manitoba, in the Province of Manitoba, to be used as a preserve for wild fowl and other game that may resort thereto ; for hunting or shooting purposes and for the erection of shooting lodges thereon, and that as he, the Minister of the Interior, is satisfied from reports that have been submitted to him and from the survey records of the Department of the Interior that such marsh lands are not valuable for agricultural purposes and that they are by nature most suitable to the purposes mentioned in the application before referred to, he has concluded that all of such marsh lands which are now at the disposal of the Crown, as represented by the Dominion, may properly be leased to the applicant for a term of twenty-one years at the rate of five dollars per section per annum and a proportionate rate for each part of a section.

The Minister further states that the lands for which the Honourable Mr. Kirchhoffer has applied are : Sections six, seven, seventeen, eighteen, nineteen, twenty, thirty, thirty-one and thirty-two in Township fourteen and the south half and the north east quarter of Section five in Township fifteen, all in Range five, west of the first Meridian, and Sections one, three, thirteen, fifteen, twenty-one, twenty-three and twenty-five and the south half of Section twenty-seven in Township fourteen in Range six, west of the same meridian.

The Minister recommends that, a lease be granted to the Honourable John Nesbitt Kirchhoffer for the marsh lands above specified, or for such of them as are now at the disposal of the Crown as represented by the Dominion, to be used for the purposes before mentioned, for the said rental of five dollars a section, or proportionate rate for part of section, for a term of twenty-one years, by a lease to be executed by the Minister of the Interior and the Honourable John Nesbitt Kirchhoffer and otherwise completed in accordance with a draft to be prepared by the Deputy Minister of Justice, and to contain in addition to other necessary and usual terms, provisoes and conditions, a proviso or condition that if at any time during the said term of twenty-one years it is established that the Province of Manitoba is entitled to the said marsh lands so to be leased, or to any of them, as "swamp lands" under the provisions of Section 4 of chapter 47 of the Revised Statutes of Canada, the said lease nd every clause, covenant, proviso, condition, matter or thing therein contained, shall immediatefy thereafter cease and determine and become absolutely null and void, but as regards only such of the said marsh lands as the Province may so establish its claim to as "swamp lands."

The Committee submit the same for approval.

JOHN J. McGEE,
26–4 Clerk of the Privy Council.

[Ref. 1,323,761.]

AT THE GOVERNMENT HOUSE AT OTTAWA.

Saturday, the 8th day of December, 1906.

PRESENT :

HIS EXCELLENCY THE GOVERNOR GENERAL IN COUNCIL.

ON a report, dated 26th November, 1906, from the Minister of the Interior, stating that the Commissioners who investigated and adjudicated upon the claims of the Half-Breed residents of the Peace River and Athabasca district, when the Treaty was concluded with the Indians of that territory in 1899, reported to the then Minister of the Interior that Mr. Colin Johnston, of Athabasca Landing, and formerly of the Province of Manitoba, had preferred a claim before them to share in the grant of scrip to Half-Breeds, and that they were precluded from entertaining such claim as Mr. Johnston was a resident on the 15th July, 1870, of the Province of Manitoba and the time fixed by the Order in Council of the 20th April, 1885, within which evidence in support of this class of claims had to be submitted, had expired on the 1st May, 1886. They recommended, however, that as the claimant had been born prior to the 15th July, 1870, and was a resident at that date of the Province of Manitoba, which were the essential requirements to entitle a person to participate in the grant of scrip or land to the Half-Breeds of the Province of Manitoba, and further, as the claims of his brothers and sisters had been satisfied by an issue of scrip in 1886, that, if possible his case should be favourably considered.

The Minister further states that, it was subsequently ascertained that Mr. Johnston had participated in the annuity payments to Indians with the St. Peter's Band of Indians up to the year 1890, and following the practice which governed the issue of scrip to the Half-Breeds of the Province of Manitoba his claim could not, in any event, have received recognition until he had been granted his certificate of discharge from the band of Indians of which he was a member. Such certificate has, however, been recently issued to Mr. Johnston by the Indian Commissioner.

The Minister, who has had the case under his careful consideration, is of the opinion that Mr. Johnston's claim is well founded and that it should be allowed, and he, therefore, recommends that an issue of scrip be authorized in satisfaction thereof in favour of Mr. Colin Johnston for two hundred and forty acres of land of the class open to entry as homesteads.

The Committee submit the same for approval.

JOHN J. McGEE,
26–4 Clerk of the Privy Council.

AT THE GOVERNMENT HOUSE AT OTTAWA.

Wednesday, the 5th day of December, 1906.

PRESENT :

HIS EXCELLENCY THE GOVERNOR GENERAL IN COUNCIL.

ON a Memorandum dated 24th November, 1906, from the Minister of the Interior, stating, in regard to the claims of Messrs. John Charles Jackson and Thomas E. Jackson to a portion of Section Eighteen, Township Twenty-four, Range One, West of the Fifth Meridian :

That the former squatted upon the South-west quarter in the fall of 1884 ; the latter squatted upon the South-east quarter in the spring of 1887, both going into permanent residence upon the land ;

That while the land had previously been surveyed, it is represented they squatted in good faith, believing the land to be vacant and that no other interests were interfered with ; it was subsequently found, however, that there were other claimants and that the Town of Calgary had asked for a reservation of a part of this section for cemetery purposes and that consequently when the Messrs. Jackson asked to be allowed to homestead the land their applications were not entertained ;

That all the claims filed in connection with the Section in question, with the exception of that of the Messrs. Jackson, have been disposed of and that the only portion of this section now remaining in the hands of the Government consists of an area comprising one hundred and five acres of the South-west quarter and fifteen acres of the South-east quarter ;

That Mr. John Charles Jackson has been in occupation of the South-west quarter during the past twenty years and his brother has occupied the South-east quarter for a similar period, both brothers having very valuable improvements ;

That while the matter has been before the Department of the Interior for many years, no final settlement has yet been arrived at, although as a partial settlement it was decided to allow Mr. John Charles Jackson to acquire a patent for the South-east quarter of Section Eighteen, Township Twenty-seven, Range One, West of the Fifth Meridian, and Mr. Thomas E. Jackson for the North-east quarter of Section Seven, Township Twenty-four, Range One, West of the Fifth Meridian.

The Minister recommends, as a full and final settlement of these claims, that the remaining available portion of the South half of Section Eighteen, Township Twenty-four, Range One, West of the Fifth Meridian, be granted under a free patent to the Messrs. Jackson in accordance with the mutual agreement made between themselves and recorded in the Department of the Interior, that is to say, the one hundred and five acres of the South-west quarter to John Charles Jackson, and the fifteen acres of the South-east quarter to Thomas E. Jackson.

The Committee submit the same for approval.

25–4 Clerk of the Privy Council.

THE SENATE.

Substance of Rules of the Senate relating to Notices and Applications for Bills of Divorce.

As Revised and brought in force 22nd March, 1906.

Every applicant for a Bill of Divorce shall give notice of his or her intended application, and shall specify therein from whom and for what cause such divorce is sought, and shall cause such notice to be published during at least three months before the consideration by the Committee on Divorce of his or her petition for the said Bill, in the *Canada Gazette* and in two newspapers published in the district in Quebec, Manitoba, Saskatchewan, Alberta, British Columbia or the Northwest Territories, or in the county or union of counties in other provinces, wherein such applicant usually resided at the time of the separation of the parties ; but if the requisite number of papers cannot be found therein, then in an adjoining district or county or union of counties.

Notices given in the Provinces of Quebec and Manitoba are to be published in one English and one French newspaper, if there be such newspapers published in the district, but otherwise shall be published in one newspaper in both languages. If a notice given for any session of Parliament is not completed in time to allow the petition to be dealt with during that session, the petition may be presented and dealt with during the next ensuing session, without any further publication of such notice.

A copy of the said notice and a copy of the petition to be presented shall, at the instance of the applicant, and not less than two months before the consideration by the Committee of the petition, be served personally, when that can be done, on the person from whom the divorce is sought, who is hereinafter called " the respondent. "

If the residence of the respondent is not known or personal service cannot be effected, then, if it be shown to the satisfaction of the Committee that all reasonable efforts have been made to effect personal service, and, if unsuccessful, to bring such notice and petition to the knowledge of the respondent, what has been done may be deemed and taken by the Committee as sufficient service.

No petition for a bill of divorce shall be presented to the Senate after the first sixty days of the Session.

The petition of an applicant for bill for divorce must be fairly written and must be signed by the petitioner, and should briefly set forth the marriage, the names in full of the parties thereto, their ages and occupations, when, where and by whom the ceremony was performed, the domicile and residence of each of the parties at the time of the marriage, their matrimonial domicile, residence, and any change thereof, the material facts upon which the petitioner relies as the grounds on which relief is asked, and the nature of the relief prayed for.

The petition should also negative connivance at, or condonation of the wrong complained of and collusion in the application for divorce.

The allegations of the petition must be verified by declaration of the petitioner, under *The Canada Evidence Act, 1893*.

The copy of the petition served upon the respondent shall have endorsed thereon, or appended thereto, the following information :—

(2) A Post Office address in Canada at which letters and notices for the petitioner may be delivered.

(3) The name and address of the solicitor, if any, acting for the petitioner.

(4) If such solicitor's address is not at Ottawa, the name and address of some agent for him at Ottawa, upon whom all notices and papers may be served.

(5) That if the respondent desires to oppose the granting of the divorce and to be heard by the Senate Committee on Divorce, the respondent must send a notice to that effect to the Clerk of the Senate at the Parliament Buildings, Ottawa, within two months from the date of service upon the respondent, and must in the notice to the Clerk of the Senate give :—

(a) The respondent's residence at the time of sending such notice.

(b) A Post Office address in Canada at which letters and notices for the respondent may be delivered.

(c) The name and address of the solicitor, if any, acting for the respondent.

(d) If such solicitor's address is not at Ottawa, the name and address of some agent for him at Ottawa upon whom all notices and papers may be served.

(6) That, if the respondent does not so notify the Clerk of the Senate, the petition may be considered, and a bill of divorce founded thereon may be passed, without any further notice to the respondent.

(7) When the petition is one by a husband for a divorce from his wife, that, if the wife shows to the satisfaction of the Senate Committee on Divorce that she has, and is prepared to establish upon oath, a good defence to the charges made by the petition, and that she has not sufficient money to defend herself, the Committee may make an order that her husband shall provide her with the necessary means to sustain her defence, including the cost of retaining Counsel and the travelling and living expenses of herself and of witnesses summoned to Ottawa on her behalf.

No petition for a bill of Divorce shall be considered by the Committee unless the applicant has paid into the hands of the Clerk of the Senate the sum of two hundred and ten dollars, ($210.)

The petition when presented to the Senate shall be accompanied by the evidence of the publication of the notice, and by declaration in evidence of the service of a copy of the notice and of a copy of the petition.

A copy of every petition for a Bill of Divorce, or relating to any matter arising out of an application for divorce, and of every document and paper accompanying such petition or produced in evidence before the Committee, shall be furnished to the Committee by the person on whose behalf the petition, document or paper is presented or produced.

ARRÊTÉS EN CONSEIL.

HOTEL DU GOUVERNEMENT À OTTAWA.

Mercredi, le 5e jour de décembre 1906.

PRÉSENT :

SON EXCELLENCE LE GOUVERNEUR GÉNÉRAL EN CONSEIL.

SUR un rapport daté le 24 de novembre 1906, du ministre de l'Intérieur, disant qu'il a étudié une demande faite en mars 1906 par l'honorable John Nesbitt Kirchhoffer, de Brandon, Manitoba, pour l'affermage des sections et parties de sections de terrains marécageux ci-après mentionnés, sur la rive sud du lac Manitoba, dans la province du Manitoba, pour servir de réserve d'oiseaux sauvages et autre gibier qui les fréquentent ; pour des fins de chasse, et pour y construire des maisons de chasse, et vu que lui, le ministre de l'Intérieur, est convaincu d'après des rapports qui lui ont été soumis, et d'après les rapports d'arpentage dans le ministère de l'Intérieur que ces terrains marécageux n'ont aucune valeur comme terres agricoles, et qu'ils sont naturellement très propres aux fins mentionnées dans la susdite demande, il en est venu à la conclusion que toute l'étendue de ces terrains marécageux qui est aujourd'hui à la disposition de la Couronne représentée par le Dominion, peut convenablement être affermée au requérant pour un terme de vingt-un ans au taux de cinq piastres par section par année, et à un taux proportionnel pour chaque partie d'une section.

Le Ministre dit de plus que les terrains demandés par l'honorable M. Kirchhoffer, savoir, les sections six, sept, dix-sept, dix-huit, dix-neuf, vingt, trente, trente-un et trente-deux dans le township quatorze, et la moitié sud et le quart nord-est de la section cinq dans le township quinze, tous dans le rang cinq, à l'ouest du premier méridien, et les sections un, trois, treize, quinze, vingt-un, vingt-trois et vingt-cinq et la moitié sud de la section vingt-sept dans le township quatorze dans le rang six, à l'ouest du même méridien.

Le Ministre recommande qu'un bail soit accordé à l'honorable John Nesbitt Kirchhoffer pour les terrains marécageux ci-dessus spécifiés, ou pour la partie de ces terrains qui sont à la disposition de la Couronne représentée par le Dominion, pour servir aux fins ci-dessus mentionnées, moyennant la dite rente foncière de cinq piastres par section, ou taux proportionnel pour partie d'une section, pour la durée de vingt-un ans, en vertu d'un bail exécuté par le ministre de l'Intérieur et l'honorable John Nesbitt Kirchhoffer et d'ailleurs complété conformément à un projet que préparera le sous-ministre de la Justice, et qui contiendra en outre des termes, provisos et conditions nécessaires et usuels, un proviso ou condition que si en aucun temps durant la dite durée de vingt-un ans il est établi que la province du Manitoba a droit aux dits terrains marécageux ainsi affermés, ou à aucune partie d'iceux, comme " terrains marécageux " en vertu des dispositions de l'article 4 du chapitre 47 des Statuts Revisés du Canada, le dit bail, et chaque clause, convention, proviso, condition, matière ou chose y contenu, cessera immédiatement, et deviendra absolument nul et non avenu, mais seulement pour cette partie des dits terrains marécageux que la province pourra légalement réclamer comme " terrains marécageux ".

Le comité soumet ce qui précède à l'approbation.

PRÉSENT :

SON EXCELLENCE LE GOUVERNEUR GÉNÉRAL EN CONSEIL.

SUR un rapport daté le 25 d'octobre 1906, du ministre de la Marine et des Pêcheries, disant qu'il a étudié le règlement No 145, adopté à une réunion des Commissaires du Havre de Montréal, le 28 de septembre 1906, autorisant les commissaires, aux conditions qu'ils jugeront à propos, à louer à la Dominion Park Company, Limitée, pour une période n'excédant pas 40 ans, deux pièces ou lisières de terrain formant partie du havre de Montréal, vis-à-vis les lots numéros 40 et 41.

Le Ministre dit de plus que le ministre de la Justice est d'avis qu'il n'existe pas d'objection légale au règlement proposé.

A ces causes, le Ministre recommande que le dit règlement soit approuvé.

Le comité soumet ce qui précède à l'approbation.

JOHN J. McGEE,

COMMISSAIRES DU HAVRE DE MONTRÉAL.

COPIE d'une résolution adoptée à une assemblée régulière hebdomadaire tenue le 28 septembre 1906 :

" *Résolu :*

" Que le paragraphe suivant soit ajouté aux règlements comme règlement numéro cent quarante-cinq :

RÈGLEMENT No 145

Les Commissaires pourront par écrit, sous telles conditions qu'ils jugeront à propos, louer à la Dominion Park Company, Limited, pour une période n'excédant pas quarante ans, avec droit de renouvellement de consentement mutuel pour une autre période de pas plus de quarante ans, deux morceaux ou lisières de terre formant partie du Havre de Montréal, vis-à-vis les lots numéros quarante (40) et quarante et un (41) des plan et livre de renvoi officiels du cadastre de la paroisse de la Longue-pointe, qui apparaissent sous une teinte verte sur un plan préparé par l'honorable J. P. B. Casgrain, arpenteur provincial, daté le vingt et un septembre 1906, le morceau ou lisière de terre vis-à-vis le lot numéro quarante et un (41) formant une superficie de mille six cent cinquante-sept (1,657) pieds, mesure anglaise, et le morceau ou lisière de terre vis-à-vis le lot numéro quarante-deux (42), formant une superficie de mille six cent soixante et huit (1,668) pieds, mesure anglaise, formant une superficie totale de trois mille trois cent vingt-cinq pieds (3,325) mesure anglaise.

" Les Commissaires pourront, par écrit, aux conditions qu'ils jugeront convenables, louer de la Dominion Park Company, Limitée, pour une période n'excédant pas quarante ans, avec droit de renouvellement de consentement mutuel pour une autre période n'excédant pas quarante ans, une pièce ou lisière de terrain for-

mant partie des lots numéros quarante et quarante et un (40 et 41) sur le plan officiel et livre de renvoi du cadastre de la paroisse de Longue Pointe indiqué en rose sur un plan préparé par l'honorable J. P. B. Casgrain, A.P., daté le vingt-unième jour de septembre 1906, formant une superficie de trois mille trois cent vingt-cinq pieds (3,325) mesure anglaise.

Samedi, le 8e jour de décembre 1906.

PRESENT :

SON EXCELLENCE LE GOUVERNEUR GÉNÉRAL EN CONSEIL.

SUR un rapport daté le 26 novembre 1906, du ministre de l'Intérieur, disant que les commissaires qui ont examiné et décidé les réclamations des Métis de la Rivière LaPaix et district d'Athabasca, lorsque le traité fut conclu avec les Sauvages de ce territoire en 1899, ont fait rapport au ministre de l'Intérieur en exercice que M. Colin Johnston, d'Athabasca Landing, et autrefois de la province du Manitoba, leur avait demandé une part du scrip accordé aux Métis, et qu'ils n'avaient pu accéder à cette réclamation pour la raison que M. Johnston était le 15 de juillet 1870 un résident de la province du Manitoba, et que le délai fixé par l'arrêté en conseil du 20 d'avril 1885, pour fournir les preuves à l'appui de cette catégorie de réclamations était expiré le 1er de mai 1886. Ils recommandent, toutefois, vu que le réclamant est né avant le 15 de juillet 1870, et était à cette date un résident de la province du Manitoba, ce qui constituait des points essentiels pour permettre à une personne de participer à l'octroi de scrip ou de terres aux Métis de la province du Manitoba, et de plus, vu que les réclamations de ses frères et sœurs ont été liquidées par une émission de scrip en 1886, son cas devrait être favorablement considéré, si possible.

Le Ministre dit, de plus, qu'il a été subséquemment constaté que M. Johnston avait participé aux annuités payées à la bande des Sauvages de Saint-Pierre jusqu'à l'année 1890, et d'après la pratique suivie au sujet de l'émission de scrip aux Métis de la province du Manitoba, sa réclamation ne pouvait, dans tous les cas, être reconnue tant qu'il n'avait pas reçu sa quittance de la bande des Sauvages dont il était membre. Ce certificat a récemment été délivré à M. Johnston par le Commissaire des Sauvages.

Le Ministre, qui a étudié soigneusement le cas, est d'avis que la réclamation de M. Johnston est bien fondée et devrait être admise, et en conséquence il recommande qu'une émission de scrip soit autorisée en faveur de M. Colin Johnston pour deux cent quarante acres des terres qui sont ouvertes aux inscriptions de homesteads.

Le comité soumet ce qui précède à l'approbation.

JOHN McGEE,
Greffier du Conseil privé.

SÉNAT.

Substance des règles et formes de procéder du Sénat concernant les bills de divorce.

Telles que revisées et mises en vigueur le 22 mars 1906.

Tout pétitionnaire en divorce doit annoncer son intention de demander un bill de divorce, par un avis spécifiant contre qui et pour quelle cause le divorce sera demandé ; il fait insérer cet avis, pendant trois mois au moins avant la prise en considération par le comité des divorces de sa pétition pour obtenir le bill, dans la *Gazette du Canada* et dans deux journaux—du district où il avait sa résidence habituelle à l'époque de sa séparation d'avec son conjoint, s'il résidait alors dans la province de Québec, le Manitoba, la Saskatchewan, l'Alberta, la Colombie-Britannique ou les Territoires du Nord-Ouest,—ou du comté ou des comtés-unis, s'il résidait dans une autre province ; et à défaut de ce nombre de journaux, l'avis doit se publier dans le district, le comté ou les comtés-unis voisins.

Dans les provinces de Québec et du Manitoba, les insertions doivent se faire dans un journal anglais et un journal français, s'il en existe des deux langues dans le district ; autrement, elles se font en anglais et en français au même journal. Si l'avis donné pour une session expire trop tard pour qu'il puisse être statué sur la pétition pendant cette session, la pétition pourra être présentée et accueillie à la session suivante sans nouvelle publication d'avis.

Une copie de cet avis et une copie de la pétition qui sera présentée doit, à la diligence du pétitionnaire et au moins deux mois avant la prise en considération de la pétition par le comité, être signifiée en main propre si cela est possible, à la personne contre laquelle le divorce sera demandé, ci-après appelée " partie défenderesse ".

Si la résidence de la partie défenderesse n'est par connue, ou que la remise de l'avis ne peut être faite en ses mains, s'il est prouvé, d'une manière jugée satisfaisante par le comité, que tous les efforts raisonnables ont été faits pour opérer la signification en main propre, et, en cas d'inutilité de ces efforts, pour porter l'avis et la pétition à la connaissance de la partie défenderesse, ces diligences peuvent être tenues pour une suffisante notification.

Aucune pétition en divorce n'est reçevable après l'expiration des soixante premiers jours de la session.

Toute pétition en divorce doit être écrite lisiblement et porter la signature du pétitionnaire. Elle énonce sommairement le fait du mariage, en indiquant les noms au long, l'âge et l'état des parties, en quel temps, en quel lieu et par qui a été faite la célébration ; le domicile et la résidence de chacune des parties à l'époque du mariage, leur domicile conjugal, leur résidence et tout changement qui en aurait eu lieu ; les faits essentiels sur lesquels est fondée la demande de redressement et la nature du redressement demandé.

La pétition doit aussi contenir l'assurance qu'il n'y a pas eu ni connivence, ni pardon pour les torts qui donnent lieu à la plainte, ni collusion dans la demande en divorce.

Les allégations de la pétition doivent être appuyées d'une déclaration du pétitionnaire, faite conformément à l'*Acte de la preuve en Canada, 1893.*

La copie de la pétition signifiée à la partie défenderesse portera en endos ou en annexe les renseignements suivants :

(*1*) La résidence du pétitionnaire à l'époque de la signification.

(*2*) Une adresse postale en Canada à laquelle les lettres et avis pour le pétitionnaire puissent être délivrés.

(*3*) Le nom et l'adresse de l'avocat, s'il y en a un, agissant pour le pétitionnaire.

SENAT.

Avis de bills privés.

EXTRAIT DES RÈGLES DU SÉNAT.

107. Toute demande au Parlement, pour obtenir un bill privé, de quelque nature qu'il soit, doit être annoncée par avis inséré à la *Gazette du Canada ;* cet avis doit indiquer d'une manière claire et précise la nature et l'objet de la demande, être signé par les pétitionnaires ou en leur nom et contenir l'adresse des signataires ; et si elle a pour objet l'obtention d'un acte constitutif, il faut donner aussi dans l'avis le nom de la compagnie projetée.

Outre l'avis à insérer dans la *Gazette du Canada*, il doit en être publié un semblable, comme il suit :—

A. Lorsque la demande a pour objet l'obtention d'un acte constituant en corporation,—

1. Une *compagnie de chemin de fer ou de canal*,—dans un des principaux journaux de la principale cité ou ville ou le principal village de chaque comté ou district par où passerait le chemin de fer ou le canal dont la construction est projetée ;

2. Une *compagnie de télégraphe ou de téléphone*,—dans un des principaux journaux de la principale cité ou ville de chaque province ou territoire où elle se propose d'opérer ;

3. Une *compagnie pour la confection de travaux quelconques*, dont la confection ou l'exploitation intéresserait spécialement telle localité particulière ; ou une compagnie tendant à obtenir des droits ou privilèges exclusifs, ou l'autorisation de faire une chose dont l'opération pourrait porter atteinte aux droits ou à la propriété d'autrui,—dans un des principaux journaux de l'endroit ou des endroits que l'acte demandé intéresse ;

4. Une *compagnie de banque ;* une *compagnie d'assurance ;* une *compagnie de crédit ;* une *compagnie de prêt*, ou une *compagnie industrielle*, sans pouvoirs exclusifs,—dans la *Gazette du Canada* seulement ;

5. Et si les travaux d'une compagnie (constituée ou à constituer) doivent être déclarés d'utilité générale pour le Canada, cette intention sera spécifiquement mentionnée dans l'avis ; et les requérants feront envoyer par lettre enregistrée une copie de cet avis au secrétaire de chaque conseil de comté et de chaque corporation municipale spécialement intéressée dans la construction ou l'exploitation de ces travaux, ainsi qu'au secrétaire de la province dans laquelle ces travaux sont ou seront situés ; et la preuve de l'accomplissement de cette prescription par les requérants devra s'établir par une déclaration statutaire.

B. Lorsque la demande a pour objet de modifier un acte existant,—

1. Afin de prolonger une ligne de chemin de fer ou un canal, ou de construire des embranchements qui s'y relient, l'avis sera le même, *mutatis mutandis*, que celui pour l'obtention d'un acte constituant en corporation une compagnie de chemin de fer ou de canal ;

2. Afin de proroger le délai fixé pour la confection ou l'achèvement d'une ligne de chemin de fer, d'un canal, d'une ligne télégraphique ou téléphonique, ou d'autres travaux quelconques déjà autorisés,—dans un des principaux journaux de l'endroit où la compagnie a son siège ou est autorisée à avoir son siège ;

3. Afin d'étendre les pouvoirs d'une compagnie (sans attribution de pouvoirs exclusifs) ; d'accroître ou de réduire le capital-actions d'une compagnie, ou d'augmenter ou modifier sa faculté d'émettre des obligations ou de faire des emprunts, ou d'effectuer des changements pouvant porter atteinte aux droits ou intérêts des actionnaires, obligataires ou créanciers de la compagnie,—dans un des principaux journaux du lieu de la situation de son siège.

c. Dans tous ces cas, les avis insérés soit à la *Gazette du Canada* ou dans les journaux, doivent se publier au moins une fois par semaine pendant cinq semaines consécutives ; et, lorsqu'ils se publient dans les provinces de Québec et du Manitoba, ils doivent être en langue anglaise et en langue française. Il faut envoyer au greffier du Sénat des exemplaires *marqués* de chaque numéro de tous les journaux contenant l'avis, avec, sur le pli de la feuille, les mots : "*Avis de bill privé*" ; ou l'on peut transmettre, au lieu des journaux, une déclaration statutaire que l'avis a été dûment publié.

Tout avis par lettre enregistrée sera déposé à la poste à temps pour parvenir au Secrétaire de la province et au greffier de chaque conseil de comté et de chaque corporation municipale cinq semaines au moins avant la considération de la pétition par le comité des Ordres permanents ; et une déclaration statutaire établissant le fait du dépôt à la poste sera transmise au greffier du Sénat.

108. Nulle pétition pour la constitution en corporation d'une compagnie de chemin de fer ou d'une com-

pagnie de canal, ou pour l'extension de la ligne d'un chemin de fer ou d'un canal existant ou autorisé, n'est prise en considération par le comité des Ordres Permanents, à moins qu'il n'ait été déposé devant le comité une carte ou un plan indiquant le tracé proposé des travaux ainsi que les comtés ou les districts par où doit passer le chemin de fer, le canal, l'embranchement ou le prolongement qu'on veut construire.

109. Avant d'adresser au Sénat la pétition pour en obtenir la permission de présenter un bill privé ayant pour objet la construction d'un pont de péage, là ou les personnes qui ont l'intention de faire cette pétition doivent, en donnant l'avis prescrit par les règles précédentes mentionner en même temps et de la même manière, les péages qu'elles se proposent de percevoir, l'étendue du privilège, la hauteur des arches, l'espace libre entre les culées ou les piles pour le passage des trains de bois et des bateaux ; en outre, mentionner si le pont sera mobile ou non, et indiquer les dimensions de la partie mobile.

110. Aucune pétition en obtention d'un bill privé n'est reçue par le Sénat après les trois premières semaines de la session ; aucun bill privé ne peut lui être présenté après les quatre premières semaines de la session ; aucun rapport d'un comité permanent ou spécial sur un bill privé n'est reçu après les six premières semaines de la session.

114. Toute personne qui voudra obtenir un bill privé, si elle se propose de le présenter au Sénat, devra déposer entre les mains du greffier de cette Chambre, huit jours avant la réunion du Parlement, une copie du bill en langue anglaise ou en langue française, avec une somme d'argent suffisante pour en payer la traduction, laquelle sera faite par les traducteurs du Sénat, et payer l'impression de 600 exemplaires anglais et de 200 exemplaires français ; elle aura pareillement à verser entre les mains du greffier du Sénat, aussitôt après la deuxième lecture du bill, et avant la prise en considération par le comité auquel il aura été renvoyé, une somme de $200, avec les frais d'insertion de l'acte au corps des Statuts ; et elle remettra au commis-greffier du comité un reçu constatant le versement de ces sommes.

A parcel of land five acres in extent at the south-east corner of the south-east quarter of Section 17, Township 1, Range 8, east of the Principal Meridian, measuring twenty chains north and south and two and one-half chains east and west ;

And whereas it would appear that the land in question is required for the purpose mentioned, and it would not be detrimental to the public interest if the application were granted,—

Therefore the Governor General in Council is pleased, under section 31 of The Dominion Lands Act, to grant the five acres above described which are vacant and available for cemetery purposes, to the trustees of the Cemetery Company, namely Gorash Kosowan, John Gushlak, Nicholas Gushlak, all of Arbakka, Manitoba.

PRESENT :

HIS EXCELLENCY THE GOVERNOR GENERAL IN COUNCIL.

ON a Report dated 27th November, 1906, from the Minister of the Interior, submitting that at the session of 1906, the Legislative Assembly of the Province of Manitoba passed an Act, 5-6 Edward VII, chapter 94, the object of which was to confirm and ratify a plan of a portion of Section 36, Township 11, Range 11, East of the Principal Meridian, forming the Village of Whitemouth, prepared by E. J. Boswell, D.L.S. and P.L.S., and to substitute such plan for a defective plan of the same land which had been prepared by J. S. Dufresne, D.L.S., and to make certain provisions incidental to the cancellation of the one plan and the substitution of the other.

The Minister states that in this matter the Dominion and Provincial authorities have co-operated throughout. The survey and plan of Mr. Boswell purported to be made under the authority of the Special Survey Act of the Province, and Mr. Boswell acted therein under instructions from the Surveyor General of Canada.

The Minister further states that doubts having arisen as to whether the Special Survey Act covered the case, it was thought best to have what had been done ratified by the Provincial Legislature.

The Minister recommends that the Governor General in Council request that the Act be brought into force in the manner prescribed by its provisions.

The Committee submit the same for approval.

28–4 Clerk of the Privy Council.

AT THE GOVERNMENT HOUSE AT OTTAWA.

Monday, the 23rd day of July, 1906.

PRESENT :

HIS EXCELLENCY THE GOVERNOR GENERAL IN COUNCIL.

THE Governor General in Council is pleased to order and it is hereby ordered that the Regulations governing the administration of Dominion Lands in the Yukon Territory, other than coal lands, established by Order in Council of the 26th July, 1900, as amended by Orders in Council of the 22nd December, 1900, and the 8th April, 1902, shall not apply to any lands in the Yukon Territory which are suitable for agricultural purposes.

The Governor General in Council is further pleased to empower the Commissioner of the Yukon Territory to grant homestead entry for such agricultural lands under the following conditions :—

1. Every person who is the sole head of a family, and every male who has attained the age of eighteen years, who makes application in the form A in the schedule hereto, shall be entitled to obtain homestead entry for any area of Dominion Lands in the Yukon Territory (not exceeding 160 acres) which is suitable for agricultural purposes.

2. The entry for a homestead shall entitle the recipient to take, occupy and cultivate the land entered for and to hold possession of the same to the exclusion of any other person or persons whomsoever, and to bring and maintain actions for trespass committed on the said lands ; the title to the land shall remain in the Crown until an issue of a patent therefor, and the land shall not be liable to be taken in execution before the issue of the patent.

3. The privilege of homestead entry shall apply only to lands valuable for agricultural purposes. No person shall be entitled to such entry for land valuable for its timber, and the right of the homesteader shall in respect of the minerals in all cases be subject to the provisions of the Dominion Lands Act and regulations made thereunder. Homestead entry shall not be given for any land upon which there is water power which may serve to drive machinery, or if an entry has been given for such land it shall not be held to apply to so much of the land as is necessary for the utilization of such water power.

(*b*). A homestead entry shall control the surface rights only and shall not vest in the entrant any right to gold or other minerals.

(*c*). If a homestead is found to contain gold or other minerals, the right to operate the same may be exercised under the provisions of the mining clauses of the Dominion Lands Act, irrespective of any rights acquired under the homestead entry, and the homesteader shall be entitled to compensation to be assessed by duly appointed officers of the Department for any loss or damage so sustained.

(*d*). No homestead shall have a frontage of more than forty chains bordering on a lake or river.

(*e*). Each homestead, when located on a water frontage shall be marked on such frontage by two legal posts firmly fixed in the ground, one at each end of the front boundary of the claim. Parallel lines shall be drawn from each end of the front line, if possible, at right angles thereto and may be extended back as far as necessary to include an area not more than 160 acres in extent. Each of the two legal posts shall be flatted on the side facing the claim and upon it shall be written on the side facing the claim a legible notice stating the name or number of the claim, or both, and if possible its length in feet, the date when staked and the full christian and surname of the locator. The posts shall be numbered 1 and 2, respectively. It shall not be lawful to move No. 1, but No. 2 may be moved by a Dominion Land Surveyor if the distance between the posts exceeds the length prescribed by these regulations but not otherwise.

4. Every person applying for a homestead entry shall make affidavit before some one authorized to take the same on Form B in the schedule hereto ; and upon filing such affidavit with the Land Agent and upon payment to him of an office fee of $10.00 the Land Agent upon being satisfied as to the correctness of the statements contained in the affidavit, and that the land applied for is suitable for agricultural purposes, shall issue to the applicant a receipt according to Form C in the schedule hereto ; and such receipt shall be a certificate of the entry and shall be authority to the person obtaining it to take possession of the land described in it.

5. If a dispute arises between persons claiming the right to homestead entry for the same land, the Land Agent shall make an investigation to obtain evidence respecting the facts ; and his report thereon, together with the evidence taken, shall be referred to the Commissioner of the Yukon Territory for decision.

6. Every person who has obtained homestead entry shall be allowed a period of three months from its date within which to perfect the entry by taking in his own person, possession of the land and beginning residence thereon, and if the entry is not perfected within that period, it shall be void and the land shall be open to entry by another person or to such other disposition as the Minister of the Interior may direct.

7. At the expiration of two years from the date of his homestead entry, the settler, or in the case of his death, his legal representatives, upon having the land duly surveyed and proving, to the satisfaction of the Commissioner of the Yukon Territory, that he or they or some of them have resided upon and cultivated the land during the months of May, June, August, September, and October for two successive years and have brought at least ten acres under cultivation and have erected upon the land a habitable dwelling, shall be entitled to a patent for the land, if such proof is accepted by the Commissioner of Dominion Lands.

(*a*) Proof of residence, erection of a habitable house and amount of cultivation shall be made by the claimant by affidavit and shall be corroborated by the evidence and oath of two disinterested witnesses and shall be subject to acceptance as sufficient by the Commissioner of Dominion Lands. Such affidavits must be made upon a form of application for patent to be provided for the purpose and may be sworn to before any person authorized to take affidavits in the Yukon Territory.

8. If a settler has obtained a patent for his homestead he may obtain entry for a second homestead, and the requirements of these regulations as to residence may be satisfied by residence upon the first homestead if the second homestead applied for is within five miles of the first homestead.

9. If it is proved to the satisfaction of the Minister of the Interior,—

(*a*) That the settler has not resided upon his homestead for at least six months in any one year ; or—

(*b*) That the settler has failed to erect a habitable house and to commence actual residence in the same within three months of the date of such entry, and to continue and maintain such residence and cultivation as required, or that he has failed to make permanent improvments on the land to the aggregate value of $2.00 per acre within two years from the time allowed for the perfecting of his entry ;

His right to the land shall be liable to forfeiture in the discretion of the Minister.

10. Failure on the part of any person who has obtained a homestead entry to apply, as hereinbefore provided for the patent for his homestead within a period of three years from the date of his homestead entry, shall render his right liable to forfeiture in the discretion of the Minister of the Interior.

11. In the case of illness vouched for by sufficient evidence, or in other special cases, the Minister may, in his discretion grant an extension of time during which a settler may be absent from his homestead, without prejudice to his right therein ; but the time so granted shall not be reckoned as residence.

12. Unless the Minister of the Interior otherwise declares every assignment or transfer of homestead rights, or any part thereof, and every agreement to assign or transfer any homestead or any part thereof, made or entered into before the issue of the patent, shall be null and void, and such action on the part of the homesteader shall render his entry liable to forfeiture in the discretion of the Minister.

Clerk of the Privy Council.

Wednesday, the 12th day of December, 1906.

PRESENT :

HIS EXCELLENCY THE GOVERNOR GENERAL IN COUNCIL.

ON a Report dated 3rd December, 1906, from the Minister of the Interior, submitting with regard to an application which has been made to him by the representatives at Edmonton of " The Board of Management of the Church and Manse Building Fund of the Presbyterian Church in Canada " hereinafter called the Board,—as follows :—

1. By letters patent bearing date the seventeenth day of December, A.D., 1898, letters patent were issued in favour of the Board, under the provisions of section 31 of The Dominion Lands Act, for the following parcel or tract of land, namely : " All that parcel or tract " of land, situate, lying and being in the fifty-fourth " township in the twenty-second range, west of the " fourth Meridian in the Provisional District of Alberta " in the North-west Territories, in Our Dominion of " Canada, and being composed of that certain portion of " the North-west quarter of section thirty-two, of the " said township, particularly described as follows, that is " to say :—Beginning at a point on the western limit " of the road allowance on the western boundary of " River Lot eleven as shown on the plan of Fort Sask- " atchewan Settlement, signed by M. Deane, Dominion " Land Surveyor, approved and confirmed by Edouard " Deville for the Surveyor General, and of record in " the Department of the Interior, under number three " thousand five hundred and seventy-one ; said point " being distant one chain measured south-westerly at " right angles from the west boundary of said Lot " eleven, and distant fifty-seven chains and fifteen and " and a half links, measured north-westerly along said " west boundary from the most southerly corner of " said lot, thence north-westerly along the western " limit of said road allowance, a distance of four " chains ; thence south-westerly at right angles to said " western limit a distance of five chains ; thence south- " easterly parallel to said western limit, a distance of " four chains ; thence north-easterly at right angles to " the last course a distance of five chains, more or less " to the point of beginning, containing by admeasur- " ement two acres, more or less ", subject to the reservations, exceptions, provisos and conditions expressed in such letters patent, one of such provisos or conditions being that the lands so granted to the Board should be held by the Board, its successors and assigns, forever, in trust for the purposes of the Congregation of the Presbyterian Church in Canada at Fort Saskatchewan Mission, in the Province of Alberta, to be devoted to the public purposes, within the meaning of the said section 31 of The Dominion Lands Act, for which the lands had been applied for and so granted, namely, the purposes of the above mentioned Congregation.

2. The Canadian Northern Railway Company acting under the powers given to that company by its Act of incorporation and other Acts including The Railway Act of Canada, requiring for the purposes of the railway of that company a portion of the said two acres of land so granted to the Board, has taken possession of it and has applied to the Board for a transfer of it to the company.

3. The company has offered to fully compensate the Board for the value of the portion so taken by the company, of the said two acres of land and for all damage sustained by the Congregation of the Presbyterian Church in Canada at Fort Saskatchewan Mission, or by the Board, because of the taking by the company, under the statutory powers before referred to, of such portion of land, so soon as the Board transfers the same to the company ; but the Board because of the proviso or condition, in the said letters patent, that the said two acres so thereby granted to the Board should be used for the purposes of the above mentioned Congregation, has applied to the Minister of the Interior for his consent to the execution of the necessary transfer to the company, before having it executed by the proper officers or representatives of the Board.

The Minister, in view of the powers of the company to compel the Board, by taking expropriation proceedings under The Railway Act of Canada, to convey the said portion of land so required by, and so taken possession of by the company for the purposes of its railway, and in view of the delay and expense that would arise if such proceedings had to be taken in this matter, recommends that permission be given to the Board to execute any transfer or conveyance to the company its successors and assigns of the said portion of land, as may be necessary to vest in the company as good a title to the said portion of land as the company is entitled to obtain to it under and by virtue of the provisions of its Act of Incorporation or and any other Act of the Parliament of Canada including the said Railway Act of Canada.

The Committee submit the same for approval.

JOHN J. McGEE,
Clerk of the Privy Council.

AT THE GOVERNMENT HOUSE AT OTTAWA.

Saturday, the 8th day of December, 1906.

PRESENT :

HIS EXCELLENCY THE GOVERNOR GENERAL IN COUNCIL.

ON a report, dated 26th November, 1906, from the Minister of the Interior, stating that the Commissioners who investigated and adjudicated upon the claims of the Half-Breed residents of the Peace River and Athabasca district, when the Treaty was concluded with the Indians of that territory in 1899, reported to the then Minister of the Interior that Mr. Colin Johnston, of Athabasca Landing, and formerly of the Province of Manitoba, had preferred a claim before them to share in the grant of scrip to Half-Breeds, and that they were precluded from entertaining such claim as Mr. Johnston was a resident on the 15th July, 1870, of the Province of Manitoba and the time fixed by the Order in Council of the 20th April, 1885, within which evidence in support of this class of claims had to be submitted, had expired on the 1st May, 1886. They recommended, however, that as the claimant had been born prior to the 15th July, 1870, and was a resident at that date of the Province of Manitoba, which were the essential requirements to entitle a person to participate in the grant of scrip or land to the Half-Breeds of the Province of Manitoba, and further, as the claims of his brothers and sisters had been satisfied by an issue of scrip in 1886, that, if possible his case should be favourably considered.

The Minister further states that, it was subsequently ascertained that Mr. Johnston had participated in the annuity payments to Indians with the St. Peter's Band of Indians up to the year 1890, and following the practice which governed the issue of scrip to the Half-Breeds of the Province of Manitoba his claim could not, in any event, have received recognition until he had been granted his certificate of discharge from the band of Indians of which he was a member. Such certificate has, however, been recently issued to Mr. Johnston by the Indian Commissioner.

The Minister, who has had the case under his careful consideration, is of the opinion that Mr. Johnston's claim is well founded and that it should be allowed, and he, therefore, recommends that an issue of scrip be authorized in satisfaction thereof in favour of Mr. Colin Johnston for two hundred and forty acres of land of the class open to entry as homesteads.

The Committee submit the same for approval.

26-4 Clerk of the Privy Council.

AT THE GOVERNMENT HOUSE AT OTTAWA.

Wednesday, the 5th day of December, 1906.

PRESENT :

HIS EXCELLENCY THE GOVERNOR GENERAL IN COUNCIL.

ON a Memorandum dated 24th November, 1906, from the Minister of the Interior, stating, in regard to the claims of Messrs. John Charles Jackson and Thomas E. Jackson to a portion of Section Eighteen, Township Twenty-four, Range One, West of the Fifth Meridian :

That the former squatted upon the South-west quarter in the fall of 1884 ; the latter squatted upon the South-east quarter in the spring of 1887, both going into permanent residence upon the land ;

That while the land had previously been surveyed, it is represented they squatted in good faith, believing the land to be vacant and that no other interests were interfered with ; it was subsequently found, however, that there were other claimants and that the Town of Calgary had asked for a reservation of a part of this section for cemetery purposes and that consequently when the Messrs. Jackson asked to be allowed to homestead the land their applications were not entertained

That all the claims filed in connection with the Section in question, with the exception of that of the Messrs. Jackson, have been disposed of and that the only portion of this section now remaining in the hands of the Government consists of an area comprising one hundred and five acres of the South-west quarter and fifteen acres of the South-east quarter ;

That Mr. John Charles Jackson has been in occupation of the South-west quarter during the past twenty years and his brother has occupied the South-east quarter for a similar period, both brothers having very valuable improvements ;

That while the matter has been before the Department of the Interior for many years, no final settlement has yet been arrived at, although as a partial settlement it was decided to allow Mr. John Charles Jackson to acquire a patent for the South-east quarter of Section Eighteen, Township Twenty-seven, Range One, West of the Fifth Meridian, and Mr. Thomas E. Jackson for the North-east quarter of Section Seven, Township Twenty-four, Range One, West of the Fifth Meridian.

The Minister recommends, as a full and final settlement of these claims, that the remaining available portion of the South half of Section Eighteen, Township Twenty-four, Range One, West of the Fifth Meridian, be granted under a free patent to the Messrs. Jackson in accordance with the mutual agreement made between themselves and recorded in the Department of the Interior, that is to say, the one hundred and five acres of the South-west quarter to John Charles Jackson, and the fifteen acres of the South-east quarter to Thomas E. Jackson.

The Committee submit the same for approval.

PRESENT :

HIS EXCELLENCY THE GOVERNOR GENERAL IN COUNCIL.

WHEREAS Section 22, Township 16, Range 28' West Fourth Meridian, was set apart and appropriated under the authority of an Order in Council dated 9th August, 1900, for a reserve for the purposes of the Department of Agriculture for such length of time as the Department of Agriculture might require the use of the land in connection with a proposal to place dipping vats and other appliances thereon for the treatment of cattle affected with mange ;

And whereas, it has been represented to the Minister of the Interior by the High River Stock Association that the Section in question is no longer required for the purpose mentioned ; and that the Department of Agriculture has intimated that there does not appear to be any necessity, in view of the Association's representations in this regard, that the reservation should be continued,—

Therefore, the Governor General, by and with the advice of the King's Privy Council for Canada, is pleased to order and direct that Section 22, Township 16, Range 28, West Fourth Meridian, shall be and the same is hereby released from the reservation constituted by the Order in Council of the 9th August, 1900 and to authorize the Minister of the Interior to make other disposition thereof.

PRESENT :

HIS EXCELLENCY THE GOVERNOR GENERAL IN COUNCIL.

ON a Report dated 24th November, 1906, from the Minister of the Interior, stating that he has considered an application which was made in March, 1906, by the Honourable John Nesbitt Kirchhoffer, of Brandon, Manitoba, for a lease of the sections and parts of sections of marsh lands, hereafter mentioned, on the southerly shore of Lake Manitoba, in the Province of Manitoba, to be used as a preserve for wild fowl and other game that may resort thereto ; for hunting or shooting purposes and for the erection of shooting lodges thereon, and that as he, the Minister of the Interior, is satisfied from reports that have been submitted to him and from the survey records of the Department of the Interior that such marsh lands are not valuable for agricultural purposes and that they are by nature most suitable to the purposes mentioned in the application before referred to, he has concluded that all of such marsh lands which are now at the disposal of the Crown, as represented by the Dominion, may properly be leased to the applicant for a term of twenty-one years at the rate of five dollars per section per annum and a proportionate rate for each part of a section.

The Minister further states that the lands for which the Honourable Mr. Kirchhoffer has applied are : Sections six, seven, seventeen, eighteen, nineteen, twenty, thirty, thirty-one and thirty-two in Township fourteen and the south half and the north east quarter of Section five in Township fifteen, all in Range five, west of the first Meridian, and Sections one, three, thirteen, fifteen, twenty-one, twenty-three and twenty-five and the south half of Section twenty-seven in Township fourteen in Range six, west of the same meridian.

As Revised and brought in force 22nd March, 1906.

Every applicant for a Bill of Divorce shall give notice of his or her intended application, and shall specify therein from whom and for what cause such divorce is sought, and shall cause such notice to be published during at least three months before the consideration by the Committee on Divorce of his or her petition for the said Bill, in the *Canada Gazette* and in two newspapers published in the district in Quebec, Manitoba, Saskatchewan, Alberta, British Columbia or the Northwest Territories, or in the county or union of counties in other provinces, wherein such applicant usually resided at the time of the separation of the parties ; but if the requisite number of papers cannot be found therein, then in an adjoining district or county or union of counties.

Notices given in the Provinces of Quebec and Manitoba are to be published in one English and one French newspaper, if there be such newspapers published in the district, but otherwise shall be published in one newspaper in both languages. If a notice given for any session of Parliament is not completed in time to allow the petition to be dealt with during that session, the petition may be presented and dealt with during the next ensuing session, without any further publication of such notice.

A copy of the said notice and a copy of the petition to be presented shall, at the instance of the applicant, and not less than two months before the consideration by the Committee of the petition, be served personally, when that can be done, on the person from whom the divorce is sought, who is hereinafter called " the respondent."

If the residence of the respondent is not known or personal service cannot be effected, then, if it be shown to the satisfaction of the Committee that all reasonable efforts have been made to effect personal service, and, if unsuccessful, to bring such notice and petition to the knowledge of the respondent, what has been done may be deemed and taken by the Committee as sufficient service.

No petition for a bill of divorce shall be presented to the Senate after the first sixty days of the Session.

The petition of an applicant for bill for divorce must be fairly written and must be signed by the petitioner, and should briefly set forth the marriage, the names in full of the parties thereto, their ages and occupations, when, where and by whom the ceremony was performed, the domicile and residence of each of the parties at the time of the marriage, their matrimonial domicile, residence, and any change thereof, the material facts upon which the petitioner relies as the grounds on which relief is asked, and the nature of the relief prayed for.

The petition should also negative connivance at, or condonation of the wrong complained of and collusion in the application for divorce.

The allegations of the petition must be verified by declaration of the petitioner, under *The Canada Evidence Act, 1893.*

The copy of the petition served upon the respondent shall have endorsed thereon, or appended thereto, the following information :—

(2) A Post Office address in Canada at which letters and notices for the petitioner may be delivered.

(3) The name and address of the solicitor, if any, acting for the petitioner.

(4) If such solicitor's address is not at Ottawa, the name and address of some agent for him at Ottawa, upon whom all notices and papers may be served.

(5) That if the respondent desires to oppose the granting of the divorce and to be heard by the Senate Committee on Divorce, the respondent must send a notice to that effect to the Clerk of the Senate at the Parliament Buildings, Ottawa, within two months from the date of service upon the respondent, and must in the notice to the Clerk of the Senate give :—

(a) The respondent's residence at the time of sending such notice.

(b) A Post Office address in Canada at which letters and notices for the respondent may be delivered.

(c) The name and address of the solicitor, if any, acting for the respondent.

(d) If such solicitor's address is not at Ottawa, the name and address of some agent for him at Ottawa upon whom all notices and papers may be served.

(6) That, if the respondent does not so notify the Clerk of the Senate, the petition may be considered, and a bill of divorce founded thereon may be passed, without any further notice to the respondent.

(7) When the petition is one by a husband for a divorce from his wife, that, if the wife shows to the satisfaction of the Senate Committee on Divorce that she has, and is prepared to establish upon oath, a good defence to the charges made by the petition, and that she has not sufficient money to defend herself, the Committee may make an order that her husband shall provide her with the necessary means to sustain her defence, including the cost of retaining Counsel and the travelling and living expenses of herself and of witnesses summoned to Ottawa on her behalf.

No petition for a bill of Divorce shall be considered by the Committee unless the applicant has paid into the hands of the Clerk of the Senate the sum of two hundred and ten dollars, ($210.)

The petition when presented to the Senate shall be accompanied by the evidence of the publication of the notice, and by declaration in evidence of the service of a copy of the notice and of a copy of the petition.

A copy of every petition for a Bill of Divorce, or relating to any matter arising out of an application for divorce, and of every document and paper accompanying such petition or produced in evidence before the Committee, shall be furnished to the Committee by the person on whose behalf the petition, document or paper is presented or produced.

HOTEL DU GOUVERNEMENT À OTTAWA.

Vendredi, le 21e jour de septembre 1906.

PRÉSENT :

SON EXCELLENCE LE GOUVERNEUR GÉNÉRAL EN CONSEIL.

CONSIDÉRANT que l'on a demandé cinq acres du ¼ sud-est de la section 17, township 1, rang 8, à l'est du 1er méridien, pour des fins de cimetière, lesquels cinq acres sont décrits comme suit :—

Un lopin de terre contenant cinq acres d'étendue à l'angle sud-est du quart sud-est de la section 17, township 1, rang 8, à l'est du principal méridien, mesurant vingt chaînes nord et sud et deux chaînes et demie est et ouest ;

Et considérant qu'il appert que le terrain en question est nécessaire pour la fin susdite, et que l'intérêt du public n'en souffrirait aucunement si la demande était accordée,—

A ces causes, il plaît au Gouverneur général en conseil, en vertu de l'article 31 de l'Acte des terres fédérales, d'accorder les cinq acres ci-dessus décrits qui sont vacants et disponibles pour des fins de cimetière, aux fidéicommissaires de la compagnie de cimetière, c'est-à-dire Gorash Kosowan, John Gushlak, Nicholas Gushlak, tous d'Arbakka, Manitoba.

PRÉSENT :

SON EXCELLENCE LE GOUVERNEUR GÉNÉRAL EN CONSEIL.

SUR un rapport daté le 24 de novembre 1906, du ministre de l'Intérieur, disant qu'il a étudié une demande faite en mars 1906 par l'honorable John Nesbitt Kirchhoffer, de Brandon, Manitoba, pour l'affermage des sections et parties de sections de terrains marécageux ci-après mentionnés, sur la rive sud du lac Manitoba, dans la province du Manitoba, pour servir de réserve d'oiseaux sauvages et autre gibier qui les fréquentent ; pour des fins de chasse, et pour y construire des maisons de chasse, et vu que lui, le ministre de l'Intérieur, est convaincu d'après des rapports qui lui ont été soumis, et d'après les rapports d'arpentage dans le ministère de l'Intérieur que ces terrains marécageux n'ont aucune valeur comme terres agricoles, et qu'ils sont naturellement très propres aux fins mentionnées dans la susdite demande, il en est venu à la conclusion que toute l'étendue de ces terrains marécageux qui est aujourd'hui à la disposition de la Couronne représentée par le Dominion, peut convenablement être affermée au requérant pour un terme de vingt-un ans au taux de cinq piastres par section par année, et à un taux proportionnel pour chaque partie d'une section.

Le Ministre dit de plus que les terrains demandés par l'honorable M. Kirchhoffer, savoir, les sections six, sept, dix-sept, dix-huit, dix-neuf, vingt, trente, trente-un et trente-deux dans le township quatorze, et la moitié sud et le quart nord-est de la section cinq dans le township quinze, tous dans le rang cinq, à l'ouest du premier méridien, et les sections un, trois, treize, quinze, vingt-un, vingt-trois et vingt-cinq et la moitié sud de la section vingt-sept dans le township quatorze dans le rang six, à l'ouest du même méridien.

Le Ministre recommande qu'un bail soit accordé à l'honorable John Nesbitt Kirchhoffer pour les terrains marécageux ci-dessus spécifiés, ou pour la partie de ces terrains qui sont à la disposition de la Couronne représentée par le Dominion, pour servir aux fins ci-dessus mentionnées, moyennant la dite rente foncière de cinq piastres par section, ou taux proportionnel pour partie d'une section, pour la durée de vingt-un ans, en vertu d'un bail exécuté par le ministre de l'Intérieur et l'honorable John Nesbitt Kirchhoffer et d'ailleurs complété conformément à un projet que préparera le sous-ministre de la Justice, et qui contiendra en outre des termes, provisos et conditions nécessaires et usuels, un proviso ou condition que si en aucun temps durant la dite durée de vingt-un ans il est établi que la province du Manitoba a droit aux dits terrains marécageux ainsi affermés, ou à aucune partie d'iceux, comme " terrains marécageux " en vertu des dispositions de l'article 4 du chapitre 47 des Statuts Revisés du Canada, le dit bail, et chaque clause, convention, proviso, condition, matière ou chose y contenu, cessera immédiatement, et deviendra absolument nul et non avenu, mais seulement pour cette partie des dits terrains marécageux que la province pourra légalement réclamer comme " terrains marécageux ".

Le comité soumet ce qui précède à l'approbation.

JOHN J. McGEE,
Greffier du Conseil privé.

HOTEL DU GOUVERNEMENT A OTTAWA,

Samedi, le 8e jour de décembre 1906.

PRESENT :

SON EXCELLENCE LE GOUVERNEUR GÉNÉRAL EN CONSEIL.

SUR un rapport daté le 26 novembre 1906, du ministre de l'Intérieur, disant que les commissaires qui ont examiné et décidé les réclamations des Métis de la Rivière LaPaix et district d'Athabasca, lorsque le traité fut conclu avec les Sauvages de ce territoire en 1899, ont fait rapport au ministre de l'Intérieur en exercice que M. Colin Johnston, d'Athabasca Landing, et autrefois de la province du Manitoba, leur avait demandé une part du scrip accordé aux Métis, et qu'ils n'avaient pu accéder à cette réclamation pour la raison que M. Johnston était le 15 de juillet 1870 un résident de la province du Manitoba, et que le délai fixé par l'arrêté en conseil du 20 d'avril 1885, pour fournir les preuves à l'appui de cette catégorie de réclamations était expiré le 1er de mai 1886. Ils recommandent, toutefois, vu que le réclamant est né avant le 15 de juillet 1870, et était à cette date un résident de la province du Manitoba, ce qui constituait des points essentiels pour permettre à une personne de participer à l'octroi de scrip ou de terres aux Métis de la province du Manitoba, et de plus, vu que les réclamations de ses frères et sœurs ont été liquidées par une émission de scrip en 1886, son cas devrait être favorablement considéré, si possible.

Le Ministre dit, de plus, qu'il a été subséquemment constaté que M. Johnston avait participé aux annuités payées à la bande des Sauvages de Saint-Pierre jusqu'à l'année 1890, et d'après la pratique suivie au sujet de l'émission de scrip aux Métis de la province du Manitoba, sa réclamation ne pouvait, dans tous les cas, être reconnue tant qu'il n'avait pas reçu sa quittance de la bande des Sauvages dont il était membre. Ce certifi-

cat a récemment été délivré à M. Johnston par le Commissaire des Sauvages.

Le Ministre, qui a étudié soigneusement le cas, est d'avis que la réclamation de M Johnston est bien fondée et devrait être admise, et en conséquence il recommande qu'une émission de scrip soit autorisée en faveur de M. Colin Johnston pour deux cent quarante acres des terres qui sont ouvertes aux inscriptions de homesteads.

Le comité soumet ce qui précède à l'approbation.

JOHN McGEE,
Greffier du Conseil privé.

87. (1) Les pétitions pour bills privés ne sont reçues par la Chambre que pendant les six premières semaines de la session, et tout bill privé sera présenté à la Chambre dans les deux semaines à compter de l'époque où l'Examinateur ou le comité des ordres permanents auront fait un rapport favorable sur la pétition, et nulle motion à l'effet de suspendre cette règle ne sera acceptée, à moins qu'au préalable le comité des ordres permanents n'ait présenté un rapport recommandant cette suspension et exposant les raisons la motivant.

2. Qu'il soit enjoint à tous les comités sur bills privés, dans le cas où les promoteurs ne seraient point prêts à procéder avec leurs mesures quand celles-ci auront été appelées deux fois en deux occasions différentes devant le comité pour y être discutées, de rapporter ces mesures à la Chambre sans délai, faisant connaître les faits, et avec la recommandation que ces bills soient retirés.

Dépôt de bills et honoraires.

88. (1) Toute personne qui voudra obtenir un bill privé sera tenu de déposer entre les mains du greffier de la Chambre, au moins huit jours avant la réunion de la Chambre, un exemplaire de ce bill en anglais ou en français, avec une somme suffisante pour en payer la traduction et l'impression, la traduction en devant être faite par les fonctionnaires de la chambre, et l'impression par le département des impressions publiques, et si pareil bill n'est pas déposé dans le délai ci-dessus prescrit, le solliciteur devra, en sus des frais d'impression et de traduction, payer la somme de (cinq) dollars pour chaque jour qui s'écoulera entre le dit huitième jour avant la réunion de la Chambre et la date de la présentation du bill ; mais ces taxes additionnelles ne devront pas dépasser en totalité la somme de deux cents dollars.

2. Après la deuxième lecture d'un bill et avant son examen par le comité auquel il a été renvoyé, celui qui en fait la demande doit dans tous les cas verser le prix de l'impression de la loi dans les statuts ainsi qu'un droit de deux cents piastres.

Taxes supplémentaires.

5. Lorsqu'un bill a pour objet d'augmenter les pouvoirs de contracter des emprunts d'une compagnie sans aucune augmentation du capital social, la taxe supplémentaire sera de $300.00.

6. S'il est apporté quelque changement dans le capital social projeté d'une compagnie, ou s'il y est fait aucune augmentation à une phase quelconque d'un bill, le dit bill ne passera pas à la phase suivante tant qu'il n'aura pas été déposé un certificat du fonctionnaire qu'il appartient attestant que le versement des taxes résultant de ce changement a été régulièrement effectué,

SÉNAT.

Substance des règles et formes de procéder du Sénat concernant les bills de divorce.

Telles que revisées et mises en vigueur le 22 mars 1906.

Tout pétitionnaire en divorce doit annoncer son intention de demander un bill de divorce, par un avis spécifiant contre qui et pour quelle cause le divorce sera demandé ; il fait insérer cet avis, pendant trois mois au moins avant la prise en considération par le comité des divorces de sa pétition pour obtenir le bill, dans la *Gazette du Canada* et dans deux journaux—du district où il avait sa résidence habituelle à l'époque de sa séparation d'avec son conjoint, s'il résidait alors dans la province de Québec, le Manitoba, la Saskatchewan, l'Alberta, la Colombie-Britannique ou les Territoires du Nord-Ouest,—ou du comté ou des comtés-unis, s'il résidait dans une autre province ; et à défaut de ce nombre de journaux, l'avis doit se publier dans le district, le comté ou les comtés-unis voisins.

Dans les provinces de Québec et du Manitoba, les insertions doivent se faire dans un journal anglais et un journal français, s'il en existe des deux langues dans le district ; autrement, elles se font en anglais et en français au même journal. Si l'avis donné pour une session expire trop tard pour qu'il puisse être statué sur la pétition pendant cette session, la pétition pourra être présentée et accueillie à la session suivante sans nouvelle publication d'avis.

Une copie de cet avis et une copie de la pétition qui sera présentée doit, à la diligence du pétitionnaire et au moins deux mois avant la prise en considération de la pétition par le comité, être signifiée en main propre si cela est possible, à la personne contre laquelle le divorce sera demandé, ci-après appelée " partie défenderesse ".

Si la résidence de la partie défenderesse n'est par connue, ou que la remise de l'avis ne peut être faite en ses mains, s'il est prouvé, d'une manière jugée satisfaisante par le comité, que tous les efforts raisonnables ont été faits pour opérer la signification en main propre, et, en cas d'inutilité de ces efforts, pour porter l'avis et la pétition à la connaissance de la partie défenderesse, ces diligences peuvent être tenues pour une suffisante notification.

Aucune pétition en divorce n'est reçevable après l'expiration des soixante premiers jours de la session.

Toute pétition en divorce doit être écrite lisiblement et porter la signature du pétitionnaire. Elle énonce sommairement le fait du mariage, en indiquant les noms au long, l'âge et l'état des parties, en quel temps, en quel lieu et par qui a été faite la célébration ; le domicile et la résidence de chacune des parties à l'époque du mariage, leur domicile conjugal, leur résidence et tout changement qui en aurait eu lieu ; les faits essentiels sur lesquels est fondée la demande de redressement et la nature du redressement demandé.

La pétition doit aussi contenir l'assurance qu'il n'y a pas eu ni connivence, ni pardon pour les torts qui donnent lieu à la plainte, ni collusion dans la demande en divorce.

Les allégations de la pétition doivent être appuyées d'une déclaration du pétitionnaire, faite conformément à l'*Acte de la preuve en Canada, 1893.*

La copie de la pétition signifiée à la partie défenderesse portera en endos ou en annexe les renseignements suivants :

(*1*) La résidence du pétitionnaire à l'époque de la signification.

(*2*) Une adresse postale en Canada à laquelle les lettres et avis pour le pétitionnaire puissent être délivrés.

(*3*) Le nom et l'adresse de l'avocat, s'il y en a un, agissant pour le pétitionnaire.

(*4*) Si cet avocat n'a pas d'adresse à Ottawa, le nom et l'adresse de quelque agent le représentant à Ottawa, à qui tous avis et pièces puissent être signifiés.

(*5*) Si la partie défenderesse veut s'opposer à la demande en divorce et être entendue par le comité des divorces du Sénat, elle doit adresser un avis à cet effet au greffier du Sénat aux édifices du Parlement, Ottawa, dans les deux mois de la signification faite à la partie défenderesse et donner dans cet avis au greffier du Sénat :

(*a*) La résidence de la partie défenderesse à l'époque de l'envoi de l'avis.

(*b*) Une adresse postale en Canada à laquelle les lettres et avis pour la partie défenderesse puissent être délivrés.

(*c*) Le nom et l'adresse de l'avocat, s'il y en a un, agissant pour la partie défenderesse.

(*d*) Si cet avocat n'a pas d'adresse à Ottawa, le nom et l'adresse de quelque agent le représentant à Ottawa, à qui tous avis et pièces puissent être signifiés.

(*6*) Si la partie défenderesse ne notifie pas ainsi le greffier du Sénat, la pétition peut être prise en considération, et un bill de divorce basé sur cette pétition peut suivre son cours sans autre avis à la partie défenderesse.

(*7*) Lorsque la pétition est présentée par un mari pour obtenir le divorce contre sa femme, si celle-ci fait voir au comité d'une manière satisfaisante qu'elle peut opposer et qu'elle est prête à produire sous serment de bons moyens de défense contre les accusations portées dans la pétition, et qu'elle n'a pas l'argent nécessaire pour faire valoir ces moyens, le comité peut rendre un ordre que son mari ait à lui fournir la somme nécessaire pour qu'elle puisse présenter sa défense en retenant les service d'un conseil, payer ses frais de voyage et de séjour et ceux des témoins assignés de sa part à Ottawa.

La pétition en obtention d'un bill de divorce n'est prise en considération par le comité que lorsque le pétitionnaire a versé au bureau du greffier du Sénat une somme de $210.

La pétition, au moment de sa présentation au Sénat doit être accompagnée de la preuve de la publication d'avis et d'une déclaration établissant qu'une copie de l'avis de la pétition a été signifiée.

Une copie de toute pétition en obtention d'un bill de divorce, ou relative à quelque demande de divorce,—et une copie de tous documents et papiers accompagnant cette pétition, ou à produire devant le comité, devra être fournie par la personne au nom de laquelle la pétition, les documents ou les papiers seront présentés ou produits.

SAML. E. ST. O. CHAPLEAU,
Greffier du Sénat.

SENAT.

Avis de bills privés.

EXTRAIT DES RÈGLES DU SÉNAT.

107. Toute demande au Parlement, pour obtenir un bill privé, de quelque nature qu'il soit, doit être annoncée par avis inséré à la *Gazette du Canada ;* cet avis doit indiquer d'une manière claire et précise la nature et l'objet de la demande, être signé par les pétitionnaires ou en leur nom et contenir l'adresse des signataires ; et si elle a pour objet l'obtention d'un acte constitutif, il faut donner aussi dans l'avis le nom de la compagnie projetée.

Outre l'avis à insérer dans la *Gazette du Canada*, il doit en être publié un semblable, comme il suit :—

A. Lorsque la demande a pour objet l'obtention d'un acte constituant en corporation,—

1. Une *compagnie de chemin de fer ou de canal*,—dans un des principaux journaux de la principale cité ou ville ou le principal village de chaque comté ou district par où passerait le chemin de fer ou le canal dont la construction est projetée ;

2. Une *compagnie de télégraphe ou de téléphone*,—dans un des principaux journaux de la principale cité ou ville de chaque province ou territoire où elle se propose d'opérer ;

3. Une *compagnie pour la confection de travaux quelconques*, dont la confection ou l'exploitation intéresserait spécialement telle localité particulière ; ou une compagnie tendant à obtenir des droits ou privilèges exclusifs, ou l'autorisation de faire une chose dont l'opération pourrait porter atteinte aux droits ou à la propriété d'autrui,—dans un des principaux journaux de l'endroit ou des endroits que l'acte demandé intéresse ;

4. Une *compagnie de banque ;* une *compagnie d'assurance ;* une *compagnie de crédit ;* une *compagnie de prêt*, ou une *compagnie industrielle*, sans pouvoirs exclusifs, —dans la *Gazette du Canada* seulement ;

5. Et si les travaux d'une compagnie (constituée ou à constituer) doivent être déclarés d'utilité générale pour le Canada, cette intention sera spécifiquement mentionnée dans l'avis ; et les requérants feront envoyer par lettre enregistrée une copie de cet avis au secrétaire de chaque conseil de comté et de chaque corporation municipale spécialement intéressée dans la construction ou l'exploitation de ces travaux, ainsi qu'au secrétaire de la province dans laquelle ces travaux sont ou seront situés ; et la preuve de l'accomplissement de cette prescription par les requérants devra s'établir par une déclaration statutaire.

B. Lorsque la demande a pour objet de modifier un acte existant,—

1. Afin de prolonger une ligne de chemin de fer ou un canal, ou de construire des embranchements qui s'y relient, l'avis sera le même, *mutatis mutandis*, que celui pour l'obtention d'un acte constituant en corporation une compagnie de chemin de fer ou de canal ;

2. Afin de proroger le délai fixé pour la confection ou l'achèvement d'une ligne de chemin de fer, d'un canal, d'une ligne télégraphique ou téléphonique, ou d'autres travaux quelconques déjà autorisés,—dans un des principaux journaux de l'endroit où la compagnie a son siège ou est autorisée à avoir son siège ;

c. Dans tous ces cas, les avis insérés soit à la *Gazette du Canada* ou dans les journaux, doivent se publier au moins une fois par semaine pendant cinq semaines consécutives ; et, lorsqu'ils se publient dans les provinces de Québec et du Manitoba, ils doivent être en langue anglaise et en langue française. Il faut envoyer au greffier du Sénat des exemplaires *marqués* de chaque numéro de tous les journaux contenant l'avis, avec, sur le pli de la feuille, les mots : "*Avis de bill privé*" ; ou l'on peut transmettre, au lieu des journaux, une déclaration statutaire que l'avis a été dûment publié.

Tout avis par lettre enregistrée sera déposé à la poste à temps pour parvenir au Secrétaire de la province et au greffier de chaque conseil de comté et de chaque corporation municipale cinq semaines au moins avant la considération de la pétition par le comité des Ordres permanents ; et une déclaration statutaire établissant le fait du dépôt à la poste sera transmise au greffier du Sénat.

pagnie de canal, ou pour l'extension de la ligne d'un chemin de fer ou d'un canal existant ou autorisé, n'est prise en considération par le comité des Ordres Permanents, à moins qu'il n'ait été déposé devant le comité une carte ou un plan indiquant le tracé proposé des travaux ainsi que les comtés ou les districts par où doit passer le chemin de fer, le canal, l'embranchement ou le prolongement qu'on veut construire.

109. Avant d'adresser au Sénat la pétition pour en obtenir la permission de présenter un bill privé ayant pour objet la construction d'un pont de péage, la ou les personnes qui ont l'intention de faire cette pétition doivent, en donnant l'avis prescrit par les règles précédentes mentionner en même temps et de la même manière, les péages qu'elles se proposent de percevoir, l'étendue du privilège, la hauteur des arches, l'espace libre entre les culées ou les piles pour le passage des trains de bois et des bateaux ; en outre, mentionner si le pont sera mobile ou non, et indiquer les dimensions de la partie mobile.

110. Aucune pétition en obtention d'un bill privé n'est reçue par le Sénat après les trois premières semaines de la session ; aucun bill privé ne peut lui être présenté après les quatre premières semaines de la session ; aucun rapport d'un comité permanent ou spécial sur un bill privé n'est reçu après les six premières semaines de la session.

114. Toute personne qui voudra obtenir un bill privé, si elle se propose de le présenter au Sénat, devra déposer entre les mains du greffier de cette Chambre, huit jours avant la réunion du Parlement, une copie du bill en langue anglaise ou en langue française, avec une somme d'argent suffisante pour en payer la traduction, laquelle sera faite par les traducteurs du Sénat, et payer l'impression de 600 exemplaires anglais et de 200 exemplaires français ; elle aura pareillement à verser entre les mains du greffier du Sénat, aussitôt après la deuxième lecture du bill, et avant la prise en considération par le comité auquel il aura été renvoyé, une somme de $200, avec les frais d'insertion de l'acte au corps des Statuts ; et elle remettra au commis-greffier du comité un reçu constatant le versement de ces sommes.

Any differences between the numbers actually present at camp and those shown on the copy of service roll sent in, are to be immediately reported by the Camp Paymaster to the Camp Commandant, who will thereupon cause an investigation to be made if the men are in excess of the numbers authorized to be brought into camp. (Para. 289 & 318, R. & O., 1904.)

268. Musters of mounted corps are to be made at a mounted parade. (Para. 291, R. & O., 1904.)

PART VIII.

PENSIONS, GRATUITIES, COMPENSATION, ETC.

Compensation on account of Deaths, Injuries and Diseases on Ordinary Service.

427. Compensation or provision may be awarded on account of death, injury, disease or illness arising from a cause incident to military service. It shall not be awarded unless the claimant has produced satisfactory proof that, consistently with the proper discharge of duty, the death, injury, disease or illness in question was unavoidable on the part of the person killed, injured or afflicted with disease or illness, and that he did not contribute to it by his culpable negligence, and that if a warrant officer, non-commissioned officer or man, he was not beyond the age authorized for military service at the time of his last enlistment.

428. Before their final adjudication, all claims for compensation or provision will be investigated and reported on by the "Pension and Claims Board' 'at Headquarters. To facilitate this investigation, and the better to secure the prompt disposal of claims, the following procedure shall be observed :—

429. If the injury, disease or illness is incurred by an officer or a man while serving with a body of troops to which a hospital is attached, and if the medical officer in charge of such hospital is of the opinion that the injury, disease or illness is of such nature as to make it probable that it will result in death, or in protracted disability, such medical officer shall immediately report the case to the officer commanding the troops. On receiving such report the officer commanding the troops shall at once convene a board of officers for the purpose of collecting and recording all the evidence procurable relating to the cause of the injury, disease or illness, and all the medical testimony procurable as to the nature of the same, and as to its probable result. If a patient in such a case has not recovered sufficiently to justify his discharge from hospital at the time his corps is relieved from service, he is to be sent to the nearest station hospital or to a civil hospital or to his own home, as, in the opinion of the Principal Medical Officer of the district, may be the most suitable and convenient, having regard to the public interests.

430. If the injury, disease or illness is incurred by an officer or man serving with a body of troops to which a hospital is not attached, the Medical Officer doing duty with the patient's corps must arrange for the patient's medical treatment in hospital, or in his own home, or otherwise, subject to the directions of the Principal Medical Officer of the command (or of the district when not in a command) in which the troops are; and if in the opinion of the Medical Officer the injury, disease or illness is of such nature as to make it probable that it will result in death, or in protracted disability, then the medical officer shall immediately report the case to the patient's commanding officer, and such commanding officer shall at once convene a board of officers for the purpose mentioned in article 429.

431. If the injury, disease or illness is incurred by an officer or a man on duty but not serving with troops, and if the injury, disease or illness is of such a nature as to make it probable that it will result in death or in protracted disability, then it shall be the duty of the officer or man or someone on his behalf, immediately to report the case to the Officer commanding the command or district in which the officer or man is, and the officer to whom the report is made shall at once direct the Principal Medical Officer of his district to take medical charge of the case, and shall also at once convene a board of officers for the purposes mentioned in article 429. On receiving such direction the

Principal Medical Officer shall immediately cause the injured or diseased officer or man to be placed in the nearest military station hospital, or in a civil hospital, or in the patient's own home, as in his opinion may be the most suitable and convenient, having regard to the public interests.

432. If the injury, disease or illness incurred by an officer or a man on service, has resulted in death before an inquiry into its cause has been held, then the officer commanding of the deceased, or, if the deceased had not been serving with troops, the officer commanding the command or district, shall, as soon as the death has come to his knowledge, convene a board of officers for the purpose of collecting and recording all the evidence then procurable relating to the cause of such death.

433. In every case the proceedings of a board convened as hereinbefore directed, shall be forwarded without delay through the proper channel to the Secretary of the Militia Council to be filed by him for future consideration in the event of a claim being made for compensation.

434. While a patient is in a hospital selected by the military medical authorities, or while he is undergoing treatment at his home under the supervision of those authorities and at the public expense, his case shall be watched by the Principal Medical Officer of the command (or of the district if not in a command) in which he is, and that officers shall make a written report on the case, weekly, to the Director General Medical Services, and shall send a duplicate of such report to the officer commanding the command or district. The Principal Medical Officer will be held responsible that the patient is discharged from hospital as soon as he is fit tobe discharged, and that the discharge is duly reported to the Director General Medical Services and to the officer commanding the command or district, and when a patient is undergoing treatment at his own home, at the public expense, the Principal Medical Officer will be held responsible for reporting to the Director General Medical Services and to the Officer commanding the command or district, as soon as the patient no longer needs medical treatment. In such reports the Principal Medical Officer must specifically certify as to the patient's actual state of health.

435. While detained in hospital by the military medical authorities, a patient shall be entitled to the pay of his rank, and to the treatment and diet at the public expense, and on his discharge from hospital shall be entitled to transport to his home at the public expense.

436. If a patient at any time requests to be removed to his home, either from the hospital or before being placed in hospital, and before being regularly discharged by the military medical authorities, and if those authorities are of the opinion that such removal would be premature and that the granting of such request is not in the public interests, the patient may, notwithstanding such opinion, be sent home, only, however, on the understanding, and on the patient's written undertaking that such premature removal shall be at his own risk, and that for any injury resulting therefrom he shall not have any claim on the public, and that the Militia authorities are not to be held responsible for his future treatment or care. This, however, is not to prevent the military medical authorities from removing a patient to his own home, if in their opinion such a course is in the public interests. When so removed, the patient shall be entitled to the pay of his rank and to subsistence allowance at $1 per diem, in the case of an officer, and 50 cents in the case of a non-commissioned officer or man, during the period of his incapacity.

437. In the event of a claim made for compensation on account of injury, disease or illness, the patient will be subject to such medical examination and report as the Minister in Militia Council may be pleased to order. If the injury, &c.,, was incurred at annual training or in connection therewith, or at any field day authorized by the Minister in Militia Council, all the circumstances in connection must be filed with the Officer commanding the command or district within thirty days from termination of training.

If the injury, illness, &c., has resulted in death and the deceased has left a family, the case will be specially considered by the Minister in Militia Council and such provision made his family as the Governor in Council may be pleased to sanction.

Pensions for Wounds, Etc., on Active Service.

(d) The fourth degree shall be applicable to those who are rendered in a small degree incapable of earning a livelihood as a result of injuries received or illness contracted on active service.

439. If the provision awarded to a widow or an orphan is in the form of a pension, the undermentioned rates per annum must not be exceeded in settling the amount of the pension, viz.:—

440. To a widow a sum equal to three-tenths of what her late husband's daily pay would amount to for the period of twelve months.

441. To an orphan a sum equal to one-tenth of what his or her late father's daily pay would amount to for the period of twelve months, but the total amount of pension to a widow and her children shall not exceed five-tenths of such pay.

442. No claim for compensation or provision shall be entertained unless the application therefor has been made within five years after the occurrence of the death, wound, injury, disease or illness in question.

443. A widow's pension shall be discontinued should she, in the opinion of the Minister of Militia and Defence, subsequently proof unworthy of it, or attain to wealthy circumstances.

444. The pension of a widow who remarries shall be suspended from the date of her re-marriage, but in the event of her again becoming a widow her pension may be restored, upon proof that she is not in wealthy circumstances, and that she is otherwise deserving.

445. Neither a gratuity nor a pension shall be paid to an orphan son who is over the age of sixteen years nor to an orphan daughter who is over the age of eighteen years, except in very special cases in which it is shown that the orphan is afflicted with an infirmity which prevents him or her from earning a livelihood, and that he or she is in distressed circumstances. No pension shall be paid to an orphan who is married.

446. Individual cases for which the regulations do not provide, may be specially considered by the Governor in Council.

447. Pensions will be paid quarterly in advance. The broken period following the granting of a pension will be paid for at the time fixed for the first regular payment.

Compensation for Horses Killed or Injured.

448. If a horse, the property of an officer or a man of the Militia, be killed or otherwise disabled while employed in Militia service, its owner or rider may be given compensation out of the public funds for the loss which he has sustained by reason of such death or disability, provided it be proved to the satisfaction of the Militia authorities that

the horse was sound, well and fit for work when it was brought into employment in the Militia service, that the death or other disability arose from a cause connected with the Militia service, and that, having regard to the proper discharge of duty, the cause of such death or other disability was entirely unavoidable on the part of the owner.

449. In order to facilitate the investigation of claims for compensation on account of the death or disability of horses, and the better to secure the prompt disposal of such claims, the following procedure must be observed :—

450. Before being brought into employment in the Militia service, or as soon as possible after being brought into such employment, every horse, the property of an officer or a man of the Militia, must be examined by the Veterinary officer of the corps with which the horse is employed or is to be employed, and in case there is no such officer, then by a Veterinary officer to be detailed by the Principal Veterinary Officer of the command in which the owner's corps is. The Veterinary officer by whom such examination is made must enter in a book, to be kept by him for that purpose, a correct description of the horse, noting especially, the name of each owner, its value, its colour, its size, and such other particulars as will lead to its subsequent identification, and noting, also, the purpose for which it is employed or is to be employed, its state of soundness and health, and its suitability and immediate fitness for the intended employment. Every such entry in the book must be signed by the officer who made the examination, and he must, as soon as possible, send a certified copy of such entry to the Principal Veterinary Officer of the command.

451. When a horse employed in the Militia service is killed or injured, or contracts disease so that it will probably be disabled for a longer period than its intended employment in the Militia service, the officer commanding the corps with which the horse is employed must at once convene a board of officers for the purpose of collecting and recording all the evidence then procurable as to the cause of such death, injury or disease, and all the veterinary testimony then procurable as to the nature of the injury or disease, and as to its probable results.

452. The proceedings of such board, with the remarks of the convening officer thereon, must be immediately transmitted, through the proper channel, to the Secretary of the Militia Council to be filed by him for future consideration in the event of a claim being made for compensation in respect to the case.

453. No board of officers is to be assembled after the troops have returned to their homes. Any investigation required is to be carried out by the Principal Veterinary Officers of the higher commands, who will report fully on each case. Should an investigation be necessary in the case of troops within No. 10 Military District, the District Officer Commanding will make application to headquarters for the services of a Veterinary officer for the purpose. (G. O., 64, 1906.)

454. If compensation be awarded on account of the death or total disability of a horse, the amount shall not exceed its value and in no case shall the value be computed at more than $125. If the horse has been only partially disabled, the compensation, if given, shall not exceed the net pay, at the rate of $1 a day, for the period during which the horse was disabled. Such period shall be limited to fifty days, and in no case shall the amount exceed the horse's actual value.

455. No claim for compensation for disability arising from training, or for injury received returning from training, or at any field day authorized by the Minister in Militia Council, will be considered unless such claim be properly filed with the Officer commanding the command or district within 30 days of the termination of the training.

(a) Each claim for compensation must be accompanied by a certificate from the Veterinary Officer that the horse was actually and necessarily incapacitated, in consequence of the injury, from performing any work during the days compensation is claimed for.

(e.) The expression 'Militiaman' means and includes non-commissioned officers and privates of the force ;

(f.) The expression 'Rank' means substantive rank ;

(g.) The expression 'Service' means service on the force.

PENSIONS TO OFFICERS.

3. An officer who is retired compulsorily, for any cause other than misconduct or inefficiency, after twenty years' service, shall be entitled to a pension for life, not exceeding one-fiftieth of the pay and allowances of his rank or permanent appointment at the time of his retirement for each completed year of service.

(2.) An officer who retires voluntarily after twenty-five years' service shall be entitled to a pension for life, twenty per cent. less than he would be entitled to if he were retired compulsorily.

(3.) An officer who retires voluntarily after thirty-five years' service shall be entitled to the same pension as if he were retired compulsorily.

(4.) No addition shall be made to such pension for any service beyond thirty-five years.

(5.) If the service has not been continuous, the period or periods during which such service has been discontinued shall not be counted.

(6.) In the case of an officer who, before becoming one, has served as a non-commissioned officer or private, the time during which he has so served may be included in his term of service for the purpose of this act, subject to the provisions of sub-section 2 of section 5.

(7.) Time served in the civil service, as constituted for the purposes of The Civil Service Superannuation Act, which would be reckoned in computing his period of service for the purposes of that Act, may also be included in the term of service of an officer for the purposes of this Act, and in such case the yearly deduction to be made under the said subsection 2 of section 5 shall be reduced by the average yearly deduction from his salary as an officer, clerk, or employee in the civil service under and for the purposes of The Civil Service Superannuation Act or any amendment thereof.

(8.) Subject to the provisions of subsection 2 of section 5 of this Act, time served in his Majesty's regular forces may be counted in his term of service for pension in the case of an officer transferred to the Permanent Force in connection with the taking over by the Government of Canada of the garrisons of Halifax and Esquimalt.

4. An officer shall not have any right to a pension or gratuity unless the Minister is satisfied with the manner in which he has performed his duties.

5. A deduction towards making good the pensions hereinbefore mentioned shall be made from the pay of every officer at the rate of five per cent per annum on such pay ; but such deduction shall not be made during more than thirty-five years of service.

(2.) If an officer becomes entitled to a pension, and the deduction from his pay provided for in this section has

not been made for as great a number of years as that upon which his pension is based, the aggregate amount of pay received by him during the years for which no such deduction has been made shall be divided by the number of such years for the purpose of ascertaining the average pay of such officer during such years, and a yearly deduction amounting to five per cent upon such average pay shall be made from the pension of such officer, and such deduction shall continue to be made until the expiration of the number of years last mentioned or the cessation of the payment of the pension, whichever shall first happen; provided that, if the officer thinks fit the deficiency in the deduction may be made good by him in one payment.

(3.) The sums deducted under this section shall form part of the Consolidated Revenue Fund of Canada.

6. If any officer is constrained, from any infirmity of body or mind, to quit the force before a period at which a pension might be granted to him, the Minister may, on the recommendation of a board composed of three officers of rank not lower than that of major, selected by the General Officer Commanding, allow him a gratuity not exceeding one month's pay for each year of his service; and if any such officer is so constrained to quit the service before such period by reason of severe bodily injury, received without his own fault, in the discharge of his duty, the Minister may, on the recommendation of such board, allow him a gratuity not exceeding three months' pay for every two years' service.

7. If an officer is removed or retired to promote efficiency or economy in the service, the Minister may, on the recommendation of such board as in the next preceding section mentioned, grant him such gratuity as he would have been entitled to if he had been retired in consequence of permanent infirmity of body or mind.

PENSION TO NON-COMMISSIONED OFFICERS AND MEN.

8. Subject to the provisions of this Act, every militiaman,

(a.) If he has completed not less than twenty years' service, shall be entitled to retire and receive a pension for life; and

(b.) If he has completed not less than fifteen years' service, and is incapacitated from the performance of his duty by infirmity of mind and body, shall be entitled to retire and receive a pension for life.

(2.) But any such militiaman who receives a pension under this section before he has completed twenty years' service, shall be subject to return to service, as provided by this Act, if he ceases to be incapacitated.

9. The pension to a militiaman on retirement shall be according to the following scale, that is to say:—

(a.) If he has completed fifteen but less than twenty years' service, an annual sum equal to one-fiftieth of his annual pay, for every completed year of service;

(b.) If he has completed twenty but less than twenty five years' service, an annual sum equal to twenty-fiftieths of his annual pay, with an addition of two-fiftieths of his annual pay for every completed year of service above twenty years;

(c.) If he has completed twenty-five years' service, an annual sum equal to thirty-fiftieths of his annual pay, with an addition of one-fiftieth of his annual pay for every completed year of service above twenty-five years, so, however, that the pension shall not exceed two-thirds of his annual pay at his retirement.

(d) Time served in His Majesty's regular forces may be counted towards pension in the case of non-commissioned officers and men transferred to the Permanent Force in connection with the taking over by the Government of Canada of the garrisons of Halifax and Esquimalt.

10. For the purpose of estimating a pension to a militiaman:—

(a.) If the service has not been continuous, the period or periods during which such service has been discontinued shall not be counted;

(b.) The annual pay of a militiaman at the date of retirement, shall be deemed to be the average annual amount of pay, exclusive of extra pay or allowances, received by him during the three years next preceding such retirement and not the annual amount actually received by him at that date.

11. No pension shall be granted to any militiaman, unless a board composed of three officers, the rank of one of whom shall be not lower than that of major, has certified to his length of service and conduct, and that evidence has been adduced before it, which justifies the granting of a pension under this Act.

12. When any militiaman has completed a service of twenty years, the General Officer Commanding, upon recommendation of such a board may with the approval of the Minister, require him to retire upon the terms as to pensions prescribed by this Act.

13. Before a pension is granted to a militiaman, who after having served for less than twenty years, retires on the ground of his being incapacitated by infirmity of mind or body for the discharge of his duty, a medical board composed of the senior surgeon of the battery, squadron or regiment of which such militiaman is a member, and two other legally qualified medical practitioners shall certify, that such militiaman is so incapacitated, and that the incapacity is likely to be permanent; and afterwards, until the power under this Act of requiring the militiaman to serve again ceases, he shall, when required, furnish satisfactory evidence, certified by a legally qualified medical practitioner, that such incapacity continues.

(2.) In the event of such incapacity ceasing before the expiration of such time as would, together with the period of service prior to his retirement, make up a period of twenty years, the militiaman shall be liable to serve again in the force; and if before the expiration of the said time, he declines so to serve, or if when serving again he neglects to perform his duty satisfactorily, being in a competent state of health, he shall forfeit his pension.

(3.) A militiaman so serving again shall be entitled to retire at the same time as he would be entitled to do so, if the time which elapsed between his retirement and the renewal of his service were service, but the time so elapsed shall not be reckoned as service in calculating his pension on his retirement.

(4.) If a militiaman fails or refuses, when required, to be examined by a legally qualified medical practitioner, the Minister shall have the same power of requiring such militiaman to serve again, and, with the approval of the Governor in Council, of declaring forfeited the pension of such militiaman, as he would have under this section, if satisfied by the evidence of a legally qualified medical practitioner that the incapacity of such militiaman had ceased.

14. When a pension is granted to a militiaman on account of infirmity of mind or body, and such infirmity is certified by a medical board constituted as in the next preceding section mentioned, to have been brought about or contributed to by his own fault, or by his vicious habits, and such militiaman is entitled under this Act to a pension of a fixed amount, the Governor in Council may grant to him a less amount of pension than the said fixed amount to which he would otherwise have been entitled.

15. A pension to a militiaman shall be granted only upon condition that it becomes forfeited, and may be withdrawn in any of the following cases:—

(a.) If the grantee is convicted of an indictable offence or—

(b.) If the grantee knowingly associates with thieves or suspected persons; or—

(c.) If the grantee refuses to give to the authorities any information and assistance in his power for the detection of crime, for the apprehension of criminals, or for the suppression of a disturbance of the peace.

16. Every militiaman who obtains a pension under this Act by any false representation or false evidence, or by personation or by malingering or feigning disease or infirmity, or by maiming or injuring himself, or causing himself to be maimed or injured or otherwise producing disease or infirmity, or by any other fraudulent conduct, is liable to imprisonment, with or without hard labour, for a period not exceeding twelve months, or to a fine not exceeding one hundred dollars, and shall forfeit the pension obtained.

(2.) Any offence against this section may be prosecuted in a summary manner under Part LVIII of The Criminal Code, 1892.

PROVISION FOR OFFICERS' WIVES AND CHILDREN.

17. Subject to the provisions hereinafter contained, the Governor in Council may, as to him seems fit, grant a pension to the widow, and a compassionate allowance to each of the children of any officer who, having completed twenty years' service, was at the time of his death either on full pay or in receipt of a pension.

18. Such pension or compassionate allowance shall not be granted in the following cases:—

(a.) If the applicant is, in the opinion of the Minister, unworthy of it;

(b.) If the applicant is already, in the opinion of the Minister, wealthy;

(c.) If the deceased officer had been excused, at his own request from serving, though capable of service, when called upon and required to serve, after having been officially warned that his family would thereby lose all claims to pension and compassionate allowance ;

(d.) If the officer married after retirement ;

(e.) If the officer was at the time of his marriage over sixty years of age ;

(f.) In the case of an officer who married after the first day of July, nineteen hundred and one, if he was more than twenty-five years older than his wife ;

(g.) If the officer died within one year after his marriage, unless he was manifestly in good health at the time of his marriage, and his death was caused by disease or injury not due to causes within his own control, and the Minister is satisfied that there are no other objections to the granting of the pension or compassionate allowance.

19. The pension to a widow shall be as follows: the widow of a colonel, five hundred dollars ; of a lieutenant-colonel, four hundred and fifty dollars ; of a major, three hundred and fifty dollars ; of a captain, two hundred and fifty dollars ; of a lieutenant or second lieutenant, two hundred dollars ; of a warrant officer, one hundred dollars.

20. The compassionate allowance to a child shall be as follows : the child of a colonel or lieutenant-colonel, eighty dollars ; of a major, seventy dollars ; of a captain, sixty-five dollars ; of a lieutenant or second lieutenant, fifty dollars ; of a warrant officer, twenty-five dollars.

(2.) If the child is motherless and, in the opinion of the Minister, in great need, the allowance shall be double that fixed by this section.

21. The total amount paid to the widow and children of an officer during any year, shall not exceed the amount of the pension which the officer was in receipt of, or to which he would have been entitled, as the case may be.

22. A widow's pension or a child's compassionate allowance, shall be discontinued, if she or it becomes unworthy of it, or becomes wealthy.

(2.) If the widow remarries, her pension shall be suspended from the day following that of her remarriage ; but, in the event of her again becoming a widow, her pension may be restored, if she is otherwised qualified.

(3.) If through her own neglect or omission, the claim of a widow to pension is not established before her death, the amount of pension which she might have received, if living, shall not be allowed her representatives.

23. The compassionate allowance to officers' children shall not be granted to a son over the age of eighteen, nor to a daughter over the age of twenty-one, and such allowance shall cease when the son reaches the age of eighteen and when the daughter reaches the age of twenty-one or marries.

24. Pensions and compassionate allowances to officers' wives and children shall be paid from the day following that of the officer's death to the thirtieth day of June next ensuing ; and subsequent payments shall be made yearly in advance from the first of July in each year.

25. Nothing herein contained shall affect the provisions of articles 342 to 356, both included, of Part III of the Regulations and Orders for the Militia of Canada issued in 1898, with respect to pensions and allowances to members of the families of officers or soldiers killed in action or dying from wounds received in action.

Le ministre représente que ces règlements sont soumis à l'approbation pour remplacer ceux approuvés par Votre Excellence le 7 mai 1906, à cause du grand nombre de changements et d'ajoutés qui ont dû être faits pour rendre ces derniers complets et effectifs.

Le comité recommande que les dits règlements soient approuvés.

APPENDIX.—Acte des Pensions, 1901.

Note.

Dans ces règlements, la "milice active" ne comprend pas la force permanente.

Pour la définition de "service actif" voir l'acte de Milice, 1904, article 2 (g).

Pour la définition de "service ordinaire" voir l'Acte de Milice, 1904, article 2 (h).

Ces règlements sont en force à partir du premier janvier 1907. Tous les règlements financiers concernant la solde, les allocations, pensions (excepté l'Acte des Pensions de 1901 ci-annexé) gratuités, etc., tant provisoires qu'autrement, faits antérieurement, sont par les présentes annulés.

PARTIE I.

SOLDE ET ALLOCATIONS EN GENERAL.

1. Aucun officier ou homme n'a droit de toucher la solde ou des allocations pour plus d'un emploi. (Ordonnances et règlements, 1904, par. 568.)

2. Les grades temporaires, honoraires ou par brevet ne donnent aucun droit à l'officier de toucher la solde, les allocations, ni au choix de logement, en sus de ce qui est autorisé par son grade régimentaire réel. (O. et R., 1904, par. 542.)

3. La solde pour les emplois d'état-major et de régiment ne doit être accordée qu'à une seule personne pour la même période. (O. et R., 1904, par. 567.)

4. Aucun officier, sous-officier ou soldat n'a droit à la solde et aux allocation pour ses services après la date de sa libération du service. (O. et R., 1904, par 154.)

5. La solde, le salaire, les gages, les allocations sont payés en arrière, mais un officier envoyé à l'étranger, un sous-officier ou un homme partant en congé peuvent recevoir d'avance une paie n'excédant pas un mois.

6. Les officiers permanents d'état-major et des troupes permanentes, occupant des emplois temporaires donnant droit à une solde plus élevée, touchent la solde de leur emploi permanent, et on y ajoute la différence seulement entre la solde de leur emploi permanent et celle de leur emploi temporaire. (O. et R., 1904, par. 540, 984.)

7. La solde d'un officier ou d'un employé suspendu de ses devoirs cesse du jour de cette suspension, jusqu'à ce que le ministre de la Milice se soit prononcé. (O. et R., 1904, par. 111.)

8. Toute réclamation pour paiement, allocation, salaire, gages, etc., doit être soumise en double et certifiée par l'officier commandant ou l'officier en charge, selon le cas.

9. Dans le cas du décès d'aucune personne employée permanemment dans le service public, ou d'aucune personne qui a été employée temporairement pas moins de

trois années consécutives jusqu'à l'époque du décès, la solde et allocations, salaire ou gages peuvent être payés à la famille pour tout le mois alors courant.

10. La solde et allocation d'un officier nommé à l'état-major datent du jour où cet officier prend le service de son emploi. (O. et R., 1904, par. 538.)

11. La solde et allocation d'un officier régimentaire commencent du jour où il rejoint son corps et entre en devoir, et non pas du jour de sa nomination publiée dans les Ordres Généraux, à moins que le ministre de la Milice en conseil n'ait accordé un congé d'absence, lequel ne doit pas dépasser un mois.

12. Les officiers peuvent toucher la solde et les allocations durant la période de leur absence autorisée (voyez article 45 sur la solde de commandement, articles 33a et 36, quant à la solde d'ingénieur et la solde du corps). Dans le cas d'absence sans permission, toute solde et allocation cesse, et par la suite, on ne peut les réclamer, à moins que l'absence de l'officier ne soit expliquée d'une manière satisfaisante et que le paiement en soit accordé par le conseil du ministre de la Milice.

13. Un officier remplissant temporairement les devoirs d'un autre officier absent avec permission ou par suite de maladie, n'a droit à aucune solde additionnelle, à moins qu'il n'y soit pourvu dans ces règlements.

14. La solde complexe couvre toute paie ; un taux d'allocations consolidées couvre toute réclamation de la part des officiers et autres au sujet de logement, rations, chauffage, éclairage, fourrage, soins médicaux et privilège d'être servi par un soldat.

La solde journalière comprend les dimanches et fêtes—soit sept jours par semaine.

62. Les demandes d'indemnités de logement doivent être appuyées d'un certificat spécifiant que l'officier intéressé s'est procuré un logement parce qu'il ne pouvait en avoir dans aucun bâtiment appartenant à l'Etat ou loué par celui-ci. (O. et R., 1904, par. 152, 1014.)

63. Il n'est pas permis aux familles des officiers non portés sur les contrôles des militaires mariés, de résider dans les casernes, et ces officiers n'ont droit à aucune indemnité de logement.

64. Là où il y a des logements disponibles pour les officiers qui touchent une solde complexe d'allocation, on retranche la somme relative au logement, et les officiers mariés qui préfèrent vivre en dehors des casernes le font à leurs propres frais.

65. Un médecin ou vétérinaire pratiquant sa profession dans le public n'a droit ni au logement ni à l'allocation en lieu. (O. et R., 1904, par 907a ; O. G. 170, 1904.)

Soins médicaux.—Allocations.

66. Les médicaments et les soins du médecin sont gratis pour les femmes et les familles de tous les officiers, sous-officiers et soldats qui sont autorisés à occuper des logements de l'Etat, excepté les soins d'une sage-femme. (O. et R., 1904, par. 1078.)

67. Le taux suivant d'allocations en lieu de soins médicaux et de médecine peuvent être touchés par les officiers employés permanent à des postes où il n'y a pas de service médical, excepté dans le cas d'officiers qui reçoivent solde et allocations complexes :—

	Par année.
Lieut.-colonel	$50 00
Major	40 00
Capitaine	30 00
Lieutenant	20 00

(O. et R., 1904, par. 1078 ; O. G. 189, 1905.)

Fourrage et rations.

68. Un officier monté est pourvu de fourrage en nature ou reçoit une allocation de 30 cents par jour, à moins qu'un taux spécial ne soit autorisé.

69. Le fourrage en nature ou l'allocation en lieu ne sont touchés que sous les circonstances suivantes :—

(*a*) Par les officiers et soldats requis d'entretenir un cheval et à condition que le cheval soit disponible pour le service militaire.

(*b*) En l'absence d'un officier en congé ou en devoir, son cheval doit être laissé au service public et à l'usage de l'officier qui remplit les devoirs de l'absent.

(*c*) L'allocation en argent, en lieu de fourrage, ne doit pas être touchée pour les jours où le fourrage est fourni en nature.

(*d*) L'allocation en argent, en lieu de fourrage, ne doit pas être transformée en fourrage en nature, à moins de circonstances particulières ou à moins que l'à-propos de ce changement n'ait été clairement établi par certains faits particuliers.

Toute demande à ce sujet doit être référée au quartier-maître général, qui en décide. (O. et R., 1904, par 714, 717.)

70. La ration quotidienne de fourrage en nature est composée comme suit :—pour chaque cheval (autres que les chevaux de trait et d'artillerie) en caserne ou au camp, 10 livres d'avoine, 12 livres de foin et 8 livres de paille ; en marche, 12 livres d'avoine, 15 livres de foin et 8 livres de paille. La ration journalière de chaque batterie ou d'un cheval de trait, en caserne ou au camp, est comme suit :—10 livres d'avoine, 15 livres de foin et 8 livres de paille; en marche, 12 livres d'avoine, 18 livres de foin et 8 livres de paille. Quand on ne veut pas de paille, on peut la remplacer par 4 livres de foin.

La ration de fourrage compte du pansage de midi du jour pour lequel elle est distribuée et, par conséquent, comprend aussi le repas du lendemain matin. (O. et R., 1904, par. 718, 719.)

71. Les rations aux officiers sont distribuées d'après les échelles autorisées pour les sous-officiers et soldats et sous les conditions spécifiées aux articles 163-170 des présents règlements.

Allocation de chauffage et éclairage.

72. Les officiers reçoivent le chauffage et l'éclairage d'après les taux des articles 177, 178 de ces règlements. Dans le cas d'officiers qui ne participent point au mess et occupent des logements non rattachés au système d'éclairage, on accorde une allocation en lieu de pétrole, comme suit :—

	Par année.

Major	30 00

Lieutenant	20 00

(O. et R., 1904, par. 1044 ; O. G. 6, 1906.)

Solde et allocations.—Exercice annuel au camp.

73. Un officier des troupes ou de l'état-major permanent qui remplit des fonctions au camp n'a pas droit de porter sur le bordereau du camp la paie de son emploi permanent ; il n'est pas non plus autorisé à aucun supplément de solde, à moins d'être nommé à l'état-major du camp avec une solde supérieure à celle de son emploi permanent, auquel cas il peut toucher sur la liste de paie du camp la différence qu'il y a entre son emploi temporaire et son emploi permanent. (O. et R., 1904, par. 984.)

74. Les officiers de la milice active attachés aux troupes permanentes pour instruction et accompagnant une unité permanente au camp d'exercice annuel peuvent toucher la solde de leur grade dans la milice durant leur service au camp. (O. et R., 1904, par. 987.)

Allocation de campagne.

75. Le tableau suivant d'allocations de campagne pour couvrir les frais de la vie sous la tente montre ce qui doit être payé aux officiers de la force permanente, autres que ceux de l'état-major du camp :—

—	Camps de 16 jours ou moins.	Camps de plus de 16 jours.

150. Cette solde de bonne conduite n'est accordée, toutefois, qu'à ceux qui ont fait un service sans interruption à leur corps depuis leur engagement. (O. et R., 1904, par. 1004.)

151. Un soldat perd ses droits à trois mois de solde de bonne conduite chaque fois que son nom est inscrit au registre des punitions. (O. et R., 1904, par. 1005.)

152. A l'avenir, la solde de bonne conduite peut être accordée, sujette aux prescriptions ci-dessus, pour des périodes de service interrompu, accomplies avant la fin d'un engagement ou d'un rengagement, à des hommes qui

(O. et R., 1904, par. 1074.)

AMENDES, ETC.

156. Les commandants d'escadron, de batterie ou de compagnie tiennent compte de toutes les amendes pour ivresse ; ils en transmettent le montant total au président du comité de la bibliothèque de leur corps, qui se sert de ces sommes pour améliorer la bibliothèque des sous-officiers et des hommes. (O. et R., 1904, par. 1057.)

157. En calculant le montant des amendes pour ivresse, on suit les règles suivantes :—

1. Aucune amende à infliger pour la première et la seconde offense d'un homme pendant son temps de service.

2. Pour la troisième offense et chacune des suivantes:—

(*a*) Si la faute a été commise dans les trois mois qui suivent l'offense précédente, $1.83.

(*b*) Après trois mois et pas plus de six mois, $1.22.

(*c*) Après six mois et pas plus de neuf mois, 60 cents.

(*d*) Après neuf mois: pas d'amende.

3. Quand un soldat est susceptible de payer une amende et qu'il y a contre lui quatre causes d'ivresse dans l'année qui vient de s'écouler, la somme de 60 cents est ajoutée aux amendes spécifiées dans la règle 2 ci-dessus.

4. Une absence illégale, marquée " D ", est comprise comme une faute d'ivresse, à compter à la suite de futures offenses de même espèce, si le coupable a déjà deux causes d'ivresse contre lui durant son service, mais on ne peut punir l'homme d'une amende pour une absence illégale.

5. Quand un soldat est absent de son service pour cause d'emprisonnement, ou sans permission, ces périodes d'absence ne doivent pas être comptées dans le calcul de temps depuis la dernière faute pour l'établissement du montant d'une amende à lui être infligée.

Note.—La condamnation à une amende de moins de $1.22 n'entraîne pas avec elle une inscription au registre des punitions. (O. et R., 1904, par. 1058.)

Rengagement.

158. Tout sous-officier ou soldat libéré par la fin de son terme, ou par achat ou autrement et qui se rengage dans aucune branche des forces permanentes, est en droit de compter ses services passés comme période de temps en matière de paie, pourvu que :—

(1) Il déclare tels services antérieurs au moment où il rengage ;

(2) Et rengage dans l'année qui suit sa libération.

(*a*) Si un sous-officier ou soldat, rentré dans la force permanente après plus d'un an, remplit ses devoirs d'une manière exceptionnellement bonne durant au moins trois ans, il compte ses services passés pour l'augmentation du taux de solde, s'il est appuyé par son officier commandant, mais pourvu qu'il ait déclaré ses anciens services au temps de son rengagement.

(*b*) Les sous-officiers et soldats qui ont servi dans l'armée de Sa Majesté et dont l'entrée dans la force permanente a été spécialement autorisée à Ottawa, sont en droit, s'ils ont fait leur déclaration comme tels au moment de se rengager, de compter de tels services n'excédant pas six années pour les fins de l'augmentation de paie quotidienne.

Les services antérieurs des sous-officiers et soldats de l'armée régulière de Sa Majesté ne comptent pas pour la pension. (O. G. 186 et 226, 1905 ; 5, 1906.)

INDEMNITES AUX SOUS-OFFICIERS BREVETES, SOUS-OFFICIERS ET SOLDATS.

Subsistance des instructeurs.

159. Comme on ne distribue pas de rations aux instructeurs détachés de leur corps pour faire le service dans les écoles, ils ont droit à une indemnité de vivres de $1 par jour, et cette indemnité est portée sur les états de solde de leur corps. Quand ils sont détachés pour le service dans un corps de la milice active qui reçoit une indemnité pour l'instruction de l'exercice, ce corps doit assurer leur subsistance. Cette allocation n'est pas payée aux instructeurs des camps. (O. et R., 1904, par. 1033.)

Indemnités de logement.

160. Tous les sous-officiers brevetés, les sous-officiers et les hommes qui sont inscrits sur les contrôles des hommes mariés de leur corps, mais à qui l'Etat ne peut fournir de logement, ont droit à l'indemnité suivante :—

	Par jour.
Sous-officiers brevetés	$0 40
Sergents d'état-major et sergents	30
Soldats	25

(O. et R., 1904, par. 1017.)

Allocation de rations.

161. L'allocation en lieu de nourriture est comme suit et payable d'après les conditions de l'article 165 :—

Aux stations ou localités où l'on ne donne pas de rations en nature, 25 cents par jour.

Aux stations où l'on donne des rations, 20 cents par jour. L'officier en charge de ce service certifie que les sous-officiers et hommes en question n'ont pas reçu de ration en nature durant la période spécifiée, et ce certificat doit accompagner la feuille de solde chaque mois.

162. Une indemnité de 20 cents par jour, en remplacement de pain, de viande, d'épicerie et de légumes, est accordée à tous les sous-officiers brevetés, les sous-officiers et les hommes des troupes permanentes, quand ils sont absents en permission ou en congé pour une période dépassant trois jours.

(*a*) Les soldats domestiques qui accompagnent leurs officiers en congé, reçoivent aussi la même indemnité en remplacement des mêmes vivres. (O. et R., 1904, par. 1034.)

Rations.

163. L'officier, le sous-officier et le soldat qui n'ont pas l'allocation de vivres reçoivent gratuitement la ration journalière suivante :—

1 livre de pain.
1 livre de viande.
3 onces de bacon.
1 livre de pommes de terre.
2 onces de farine ou de haricots.
3 onces de confitures ou 3 onces de pommes sèches.
2 onces de beurre ou 2 onces de fromage.
1 once de pois concassés.
2 onces de sucre blanc.
½ once de sel.
½ once de café.
¼ once de thé.
1-36 once de poivre.
½ once de légumes comprimés ou 4 onces de légumes frais.
½ once d'oignons comprimés ou 4 onces de légumes frais.

y compris le logement en caserne et les quantités ordinaires de chauffage et d'éclairage. (O. et R., 1904, par. 1035.)

164. En service actif ou dans les camps d'instruction les officiers et les hommes ont droit aux rations suivantes telles que modifiées par les autorités :—

(*a*) 1¼ livre de farine ou 1 livre de biscuit, si le pain manque.

2 onces de fromage comme remplaçant ½ once de légumes et ½ once d'oignons comprimés, si l'on n'a pas de légumes frais.

(*b*) A la discrétion du commandant du camp ou de l'officier commandant les troupes, la ration de viande peut être augmentée à 1½ livre les jours que les hommes marchent ou exécutent des travaux pénibles.

(*c*) Quand il est impossible de se procurer de la viande fraîche, on la remplace par des viandes salées ou de conserve.

(*d*) Quand il est impossible de se procurer du pain ou du biscuit, on les remplace par leurs poids équivalent en farine de blé ou en farine d'avoine ou de maïs. (O. et R., 1904, par. 682-685.)

165. Voici plus bas la liste des seuls officiers et soldats de service avec leurs corps, qui sont exempts de toucher leurs rations en nature :—

(1) Les hommes employés comme domestiques ou garçons de table au mess des officiers.

(2) Les officiers, sous-officiers et les hommes inscrits aux contrôles des militaires mariés, et d'autres dont l'emploi est de telle sorte que toucher leurs rations en nature leur cause beaucoup d'inconvénients. Ces officiers et ces hommes peuvent être rayés du mess par ordre du plus ancien officier en charge, et recevoir l'indemnité en deniers. (O. et R., 1904, par. 686.)

166. On reçoit seulement les rations pour les officiers et les hommes de chaque corps présents à l'endroit le jour où ces rations sont dues.

Personne n'a droit à plus d'une ration par jour et pour un emploi seulement. (O. et R., 1904, par. 687, 688.)

167. Quand un homme est puni d'emprisonnement par son chef de corps ou par sentence d'une cours martiale, ses rations sont supprimées à partir du jour de son incarcération, et il n'y a droit de nouveau qu'à la date de sa libération.

168. La nourriture des prisonniers militaires est fournie par la cantine régimentaire ou l'entrepreneur, sur l'ordre du sergent faisant les fonctions de prévôt, qui en tient compte dans un registre fourni à cet effet, lequel registre doit être balancé et certifié toutes les semaines par l'adjudant.

Le montant des rations ainsi fournies est payé au sergent faisant fonctions de prévôt, et le total des dépenses encourues de ce fait par tous les prisonniers sera porté au crédit du sergent-prévôt sur l'état de solde mensuelle, à l'entête G. C. ou solde supplémentaire de son corps, en y ajoutant deux cents par jour pour blanchissage. Un certificat à l'appui de cette réclamation, signé par l'adjutant, est attaché à la feuille de solde. (O. et R., 1904, par. 89, 92, 93, 1079, 1082.)

169. Quand les officiers, les sous-officiers et les hommes, inscrits aux contrôles des militaires mariés des forces permanentes, sont détachés pour le service, ou à l'hôpital (excepté à cause de mauvaise conduite) leur famille garde leur logement et touche leurs rations, leur chauffage et éclairage, pendant l'absence du chef de famille. (O. et R., 1904, par. 1036 ; O. G. 41, 1906.)

170. Les rations non perçues, et celles perçues qui n'ont pas été employées, appartiennent à l'Etat ; par conséquent, rien ne peut être vendu que par ordre du ministère de la Milice et de la Défense, et les sommes ainsi obtenues doivent être versées à la banque au crédit du Receveur général. (O. et R., 1904, par. 1038.)

Chauffage et éclairage.

171. En établissant la quantité de chauffage et d'éclairage pour les chambres des hommes et la cuisson de leurs aliments, on comprend tout l'effectif présent au corps, ainsi que les malades, dans les hôpitaux, les prisonniers dans les cellules des casernes, les absents avec ou sans permission, et les hommes détachés en escorte ou pour tout autre service, n'excédant pas trois jours ; mais on déduit les détachements de plus longue durée, les hommes détenus dans les prisons de districts et tous les sous-officiers et les hommes qui reçoivent séparément des indemnités de chauffage et d'éclairage. Le combustible de cuisine distribué dans les corps de garde n'est pas déduit de celui qu'on touche dans les casernes. (O. et R., 1904, par. 1040.)

172. En général, les distributions de chauffage et d'éclairage sont hebdomadaires, excepté pour les corps de garde, mais le commandant est libre de changer ces périodes, à sa discrétion. (O. et R., 1904, par. 1041.)

173. A la fin du mois, des états mensuels, indiquant la quantité distribuée d'éclairage et chauffage, sont établis sur modèle B 23 et B 164 et aussi un état des reçus et des distributions, sur modèle C 159 (Provision Supply Ledger). Ces états mensuels doivent être attachés aux réclamations pour payement qui seront tranmises aux quartiers-généraux par la voie régulière. (O. et R., 1904, par. 1042.)

174. Personne, individuellement ou en corps, ne doit faire de bénéfices sur l'achat ou la vente des articles d'éclairage et de chauffage. (O. et R., 1904, par. 1037.)

175. Aucun reçu de chauffage et d'éclairage ne peut être signé en faveur du fournisseur, que si ces articles sont dûment acceptés et emmagasinés. (O. et R., 1904, par. 1039.)

176. Afin de régulariser la distribution du chauffage et de l'éclairage, l'année est divisée de la manière suivante pour toutes les stations du Canada :—

Eté : du 1er mai au 30 septembre, les deux dates incluses.

Hiver : du 1er octobre au 30 avril, les deux dates incluses. (O. G. 145, 1905.)

PARTIE III.

SOLDE ET ALLOCATIONS DE LA MILICE ACTIVE EN SERVICE ORDINAIRE.

Exercices et dressage.

194. Sa Majesté peut ordonner aux officiers et aux hommes de la milice active, ou à une fraction quelconque de la milice, de faire l'exercice pendant une période ne dépassant pas 30 jours, tous les ans, et, pour chaque jour d'exercice d'une durée d'au moins trois heures, tous les officiers, les sous-officiers et les hommes reçoivent la solde de leur grade. (O. et R., 1904, par. 292.)

195. Les corps organisés qui ont droit à ces indemnités sont ceux approuvés par le Gouverneur en conseil. On ne doit, en aucun cas, dépasser le nombre de corps fixés sur les états d'organisation (establishments). Les hommes désignés comme simples soldats doivent être présents comme tels dans les rangs et accomplir ainsi la période entière d'exercice. On ne doit pas compter comme simples soldats les musiciens surnuméraires, les clairons et les tambours, à moins qu'ils ne soient dans le rang, et n'aient prouvé qu'ils sont capables de remplir efficacement les devoir de l'arme à laquelle ils appartiennent. (O. et R., 1904, par. 553.)

196. Le jour de la parade finale d'inspection est un jour de présence obligatoire pour tous les grades. Ceux qui sont absents de l'inspection, sans permission, seront traités d'une manière spéciale, et les officiers, les sous-officiers et les soldats, absents de l'inspection, n'ont, en aucun cas, droit à l'indemnité entière. (O. et R., 1904, par. 554.)

197. Tous les officiers, les sous-officiers et les soldats de la milice touchent le nombre de jours d'indemnités, selon leur grade, pour l'année financière, conformément aux ordres généraux, que ces exercices aient été exécutés dans les camps ou aux quartiers généraux en corps. (O. et R., 1904, par. 552.)

198. Quand les corps de la milice active sont campés pour l'exercice et le dressage annuels, ils sont considérés comme étant en service actif pendant la durée du camp, et de ce chef, les hommes de tout grade reçoivent les rations et l'abri aux frais du trésor public, en outre de la solde journalière ; en pareils cas, la solde journalière est due pour chaque période de 24 heures, et le service et l'exercice à faire au camp sont prescrits à la discrétion du commandant. (O. et R., 1904, par. 293.)

199. Les officiers commandant les corps appelés aux camps d'exercices doivent fournir copie des états de services de leurs commandements respectifs de manière à ce que ces pièces arrivent à l'officier commandant le district le ou avant le 31 mai de chaque année, et aucune solde ne sera accordée ni transport fourni aux miliciens dont les noms ne seront pas envoyés tel que prescrit dans cet article.

200. Les cadets du collège militaire royal, recommandés par le commandant de ce collège et acceptés par les quartiers généraux, peuvent être attachés comme officiers subalternes aux corps campés pour l'instruction annuelle, et, pendant cette période de service, ils ont le grade de lieutenant, et sont en excédent de l'effectif pour la solde, les rations et les allocations. On leur accorde le transport du collège, ou du quartier-général où ils sont, s'ils le préfèrent, jusqu'au camp et retour. (O. et R., 1904, par. 299.)

Ces certificats doivent être signés par l'officier commandant l'unité, s'ils ne sont pas fournis par une école militaire.

(*d*) Ne pas avoir subi de punition plus forte qu'une réprimande pour un sous-officier, et qu'un avertissement, pour un soldat.

218. Si, à la fin des exercices annuels, un sous-officier breveté, un sous-officier ou un homme, n'a pas rempli toutes les conditions indiquées ci-dessus, il perd ses droits à la solde d'efficacité pour l'année courante, et ne touche que la solde brute de son grade. (O. et R., 1904, par. 558.)

219. On ne reconnaît pas les réclamations pour solde d'efficacité, à moins que d'être soumises sous la formule n° 79, remplie d'une manière satisfaisante et certifiée, montrant où et comment le réclamant a fait l'exercice ou le dressage mentionnés.

220. La solde d'efficacité n'est pas due pour les jours où le réclamant n'était pas en état de remplir le devoir ou prêt à l'exécuter.

Allocation de campagne.

221. Les allocations de campagne aux camps d'instruction pour indemniser de la dépense encourue sous les tentes, sont aux taux suivants :—

——	Camps de 16 jours ou moins.	Camps de plus de 16 jours.

Commandant	5 00	3 00
Officiers employés aux quartier-généraux du camp ou l'état-major de brigade	2 50	1 50
Sous-officiers brevetés employés aux quartiers généraux du camp ou à l'état-major de brigade	0 75	0 40
Sous-officiers et commis employés aux quartiers-généraux du camp ou à l'état-major de brigade	0 50	0 25
Domestiques, brosseurs et palefreniers	0 10	0 10

Pour le taux des allocations de campagne aux forces permanentes voyez les articles 75 et 192 de ces règlements.

222. Les allocations de campagne ne couvrent pas les rations et le fourrage.

Paille.

223. La distribution de paille pour les hommes sous la tente est laissée à la discrétion du commandant et du médecin principal, certifiant que cette paille est nécessaire. Quand la paille est nécessaire, elle est distribuée comme suit, et cette quantité ne doit pas être dépassée :—12 livres par homme pour 16 jours, soit sous forme de paille détachée, ou sous forme de paillasson. (O. et R., 1904, par. 724-726.)

Solde des spécialistes, artillerie canadienne.

224. Le nombre de sous-officiers et hommes qualifiés qui peuvent être payés comme spécialistes au taux de 25 cents par jour, en sus de la solde régimentaire ou autre, est comme suit :—

Dans chaque batterie de campagne :
2 pointeurs, 8 affûteurs.

Dans chaque batterie de la grosse artillerie :
2 pointeurs, 8 affûteurs.

Dans chaque compagnie de garnison du plus haut effectif :
12 affûteurs, 6 pointeurs (depression), 2 téléphonistes.

Dans chaque compagnie de garnison de moindre effectif:
6 affûteurs, 3 pointeurs (depression), 3 téléphonistes.

225. Chaque année, durant les exercices annuels on éprouve les spécialistes et la solde comme tels n'est accordée qu'à ceux qui atteignent le nombre de points réglant leur mérite. Les noms de ceux qui se trouvent qualifiés sont publiés dans les ordres de Milice. (O. G. 58, 1906.)

Instructeurs des signaux.

226. Aux camps d'instruction les officiers, sous-officiers et soldats qui ont subi l'épreuve de l'examen comme instructeur ou assistant instructeur en signaux reçoivent une gratification, savoir :—

Officier	$5 00
Sous-officiers et soldats	3 00

(O. G. 42, 1905.)

Voyez les ordonnances et règlements concernant les signaux.

(b) Des réclamations séparées, certifiées par l'officier qui a examiné les hommes et par l'inspecteur des signaux (A. A. G. pour signaux) doivent être envoyés aux quartiers-généraux par la voie régulière pour le paiement de ces gratifications, mais ne sont pas payées par le paie-maître du camp.

227. Les officiers, sous-officiers et soldats des corps de signaux employés comme instructeurs et assistants-instructeurs des unités en camp, ou faisant leurs exercices à leurs quartiers-généraux, recevront une solde extra comme suit, pour la durée de tel service, selon la classe de certificat de chacun d'eux, savoir :—

	Par jour.
Officiers instructeurs	$1 00
Officiers, classe B	75
Sous-officiers, etc., assistants-instructeurs	50
Sous-officiers, etc., classe B	40

Dans le cas d'un officier du corps des signaux nommé à l'état-major des quartiers-généraux du camp, on lui paie cette allocation en sus de la solde d'état-major qu'il reçoit. (O. G. 68, 1906.)

Partis qui arrivent d'avance et partent les derniers du camp.

228. Les officiers des états-majors du camp ou des brigades qui doivent s'y rendre une journée d'avance, ou y rester après la levée du camp, et qui ont ordre de ce faire, touchent une solde et des allocations pour telle période ; de même aussi leurs domestiques, sous-officiers et soldats requis pour ce service. (O. et R., 1904, par. 580.)

(*a*) La solde d'état-major et les allocations de camp pour l'officier senior des magasins militaires et de l'intendance (si c'est un officier de la force permanente) ; aussi pour les détachements des magasins militaires et de l'intendance permanente, n'est payée que durant la période du camp, dernier jour compris. Quant à la période antérieur à l'admission au camp, ou après le dernier jour de celui-ci, les officiers toucheront l'allocation indiquée à l'article 221, et les sous-officiers et soldats l'allocation de subsistance prescrite à l'article 231.

Il ne sera accordé ni solde additionnelle ni allocation.

229. On peut toucher une solde et des allocations autres que pour les chevaux, lorsqu'on appartient à un parti envoyé d'avance au camp ; pareillement pour le parti qui reste au camp après le départ des troupes à cause du mauvais temps, pour abattre les tentes, etc. (O. et R., 1904, par. 580.)

230. Un parti avancé est composé comme suit :—

Régiments de cavalerie :
1 quartier-maître,
1 sergent quartier-maître de régiment ;
4 hommes (cuisinier compris) par escadron ;

Régiments d'infanterie :
1 quartier-maître ;
1 sergent quartier-maître de régiment ;
3 hommes (cuisinier compris) par compagnie.

Batteries d'artillerie et compagnies d'ingénieurs :
1 capitaine ;
1 sous-officier ;
4 hommes (cuisinier compris).

Ambulance de campagne :
1 quartier-maître ;
1 sous-officier ;
6 hommes (cuisinier compris).

Corps des guides, lorsque spécialement autorisé :
1 officier de renseignement (district) agissant comme quartier-maître ;
3 guides. (O. et R., 1904, par. 300, 301.)

Allocation de subsistance.

231. Lorsqu'il n'est pas possible de se procurer des rations une allocation de subsistance est accordée, aux taux suivants, pour les partis qui arrivent au camp un jour d'avance et qui en repartent les derniers :—

	Par jour.
Officiers	$1 50
Sous-officiers et soldats	75

(*a*) Cette allocation peut être touchée par le détachement de l'intendance, ne dépassant pas un officier et dix hommes, pour les deux jours avant le camp, lorsqu'il n'y a pas de rations sous la main. Durant les jours qui suivent on doit fournir des rations en nature. Si le détachement dépasse dix hommes, l'officier commandant ce corps doit s'entendre avec le fournisseur pour obtenir ces rations.

(*b*) Cette allocation peut aussi être payée au quartier-maître et aux hommes de chaque régiment, etc., désignés pour lui aider pour rentrer les effets, etc., le dernier jour du camp, en lieu de l'allocation de 25 cents par jour pour les rations autorisées à l'article 248.

(*c*) Elle ne sera pas payée aux partis en question si une indemnité en argent, en lieu de rations, est accordée au camp. En ce cas l'indemnité en argent peut être touchée.

Un jour pour ajuster le harnachement.

232. Le jour qui précède le départ pour un camp d'instruction, un officier, le sergent quartier-maître, le sellier, deux canonniers par section, les sous-officiers n° 1 et les conducteurs, avec les chevaux de trait des batteries d'artillerie de campagne, se réunissent aux quartiers généraux de la batterie pour ajuster les harnais, paqueter les fourgons et les caissons, toucher le matériel et inspecter les chevaux. Un jour de solde et d'allocations est autorisé pour ces travaux. (O. et R., 1904, par. 574.)

Officiers vétérinaires—Solde supplémentaire.

233. Il est accordé deux jours de solde supplémentaire aux officiers vétérinaires des régiments de cavalerie et des brigades d'artillerie de campagne pour l'inspection des chevaux avant les manœuvres annuelles, et un jour aux vétérinaires des plus petites unités de cavalerie, d'artillerie de moindre importance et d'intendance (A. S. C.) pour le même service.

Il faut que l'inspection ait eu lieu et que l'officier commandant certifie que les chevaux ont été examinés le jour en question. (O. et R., 1904, par. 575.)

Chirurgien dentiste.—Allocations pour instruments, etc.

234. Un chirurgien dentiste autorisé à prendre part à un camp d'exercice et qui doit fournir les instruments, médecines, etc., nécessaires à sa profession dans le camp recevra $10 pour cet usage durant toute la période du camp. S'il est au camp moins de dix jours, on lui accorde $1 par jour. (Ordre de Milice 231, 1904.)

Allocation de voiture.

235. Les corps de la milice active qui font l'exercice au camp ou à leur chef-lieu, et qui fournissent des voitures, reçoivent 50 cents par jour pour chaque voiture, pendant le nombre de jours employés. O. et R., 1904, par. 579.)

Ustensiles de campement.

236. Chaque corps qui reçoit l'ordre de prendre du service ou d'aller camper pour le dressage annuel, reçoit

l'indemnité suivante pour ustensiles de cuisine et de campement, sur certificat de l'officier senior de l'intendance, indiquant que ces ustensiles ont été utiles.

Achaque escadron de cavalerie ou chasseurs à cheval de 60 ou plus	$10 00
A chaque escadron, moins de 60	6 00
A chaque batterie d'artillerie de campagne	10 00
A chaque compagnie d'artillerie de garnison de 89 ou plus	10 00
A chaque compagnie moins de 89	6 00
A chaque compagnie d'ingénieurs	10 00
A chaque compagnie de l'intendance	10 00
A chaque compagnie d'infanterie ou carabiniers de 60 ou plus	10 00
A chaque compagnie d'infanterie moins de 60	6 00
A chaque unité d'ambulance de campagne	10 00
A chaque détachement de Guides	6 00
A chaque section de signaux de district	6 00

237. L'allocation pour ustensiles de cuisine et de campagne n'appartient pas aux unités qui ont l'usage des poêles de cuisine en campagne, ni aux unités qui reçoivent l'indemnité en argent. L'officier senior des magasins fournit au paie-maître du camp une liste des corps qui ont reçu des poêles du cuisine. (O. et R., 1904, par. 606 ; O. G. 256, 1905.)

Indemnités pour cibles, etc.

238. Une batterie d'artillerie de campagne, ou une compagnie d'artillerie de forteresse, qui fait son tir annuel au canon, pendant la durée du camp, a droit à dix dollars pour l'achat de cibles, etc. (O. et R., 1904, par. 607.)

Marqueurs.

239. Une solde de travail de 25 cents par jour est accordée aux hommes qui sont employés comme marqueurs et signaleurs ou comme groupes de tirailleurs aux champs de tir de l'artillerie, ou marqueurs au tir d'infanterie. (O. et R., 1904, par. 608.)

240. Ces demandes de solde sont établies et certifiées par l'officier qui surveille ces tirs, et transmises sur un état de solde à part. (O. et R., 1904, par. 608.)

241. Aucune solde n'est accordée aux hommes, détachés comme marqueurs, qui sont ensuite renvoyés comme impropres à ce service. (O. et R., 1904, par. 609.)

Indemnités pour chevaux.

242. Les officiers montés, les hommes des troupes à cheval, les officiers montés des autres corps et les officiers montés d'état-major, s'ils fournissent leurs propres chevaux, sont payés $1 par jour, en sus du fourrage, pour chaque cheval, qu'ils sont autorisés d'amener aux camps d'exercice. Voyez aussi l'article 358. (O. et R., 1904, par. 545.)

243. Dans un régiment d'infanterie, les indemnités pour chevaux ne sont touchées que par les officiers autorisés par le tableau d'effectif à avoir une monture et qui l'ont employée au service. (O. et R., 1904, par. 546.)

244. Aucun officier monté ne peut toucher d'indemnité pour plus d'un cheval, employé à son usage personnel. (O. et R., 1904, par. 547.)

245. Il n'y a pas de paie pour les chevaux des partis qui arrivent avant le camp et en partent après les troupes, parce que des arrangements sont faits pour les chevaux accompagnant des corps auxquels ces partis appartiennent. Ceci ne s'applique pas à ceux du service de l'intendance qui ont besoin de leurs chevaux en partant pour le camp.

246. L'indemnité pour chevaux comprend tous les frais de ferrage pendant les périodes de manœuvres, mais pour avantager les corps à cheval des forges de campagne sont autorisées et le ferrage peut se faire au camp sous les conditions suivantes :—

(1) Chaque régiment de cavalerie, toute batterie de campagne non pourvus de forge de l'artillerie royale, de même que les carabiniers à cheval, recevront, sur leur demande, une forge et deux coffres d'outils.

(2) L'officier senior des magasins fournira des fers à cheval de différentes mesures, sur réquisition à cet effet, et les fers non employés doivent lui être retournés avant la levée du camp.

(3) Le combustible par régiment est payé au moyen de l'argent provenant du ferrage.

(4) Chaque unité à cheval doit amener au moins un maréchal-ferrant qualifié.

(5) Tout le ferrage d'une unité se fait régimentairement.

(6) Le taux des prix est :—

Un nouveau jeu de fers	$0 75
Enlevage des fers	40
Un seul fer	20

(7) Chaque homme signe une reconnaissance de l'ouvrage fait et du prix y attaché, afin que la somme soit déduite de sa solde à la fermeture du camp.

(8) L'officier commandant chaque unité montée est responsable de ces dettes et voit à leur perception.

(9) Il distribue aux maréchaux-ferrants 40 pour 100 de l'argent ainsi collecté. Ensuite il acquitte le compte du combustible et il dépose la balance de l'argent au crédit du Receveur Général pour couvrir le coût du matériel et du travail. La traite, le reçu du dépôt et un état de compte doivent être transmis sans retard à Ottawa après la levée du camp.

(10) Les maréchaux-ferrants ainsi employés peuvent réclamer 25 cents par jour de solde supplémentaire.

(11) L'officier senior des magasins militaires envoie au paie-maître du camp un état du nombre de fers employés par chaque corps, et le paie-maître annexe ce tableau à son propre état de compte, formule 42.

(12) Les commandants de camp et de district voient à ce que chaque corps monté amène avec lui au moins un maréchal-ferrant qualifié ; aussi que les réquisitions soient préparées sans retard pour demander le nombre et la mesure des fers dont on a besoin. Ils y porteront une attention personnelle durant les premiers jours du camp afin d'assurer l'adoption d'un système pratique pour chaque corps.

Rations et allocation de fourrage.

247. Les rations et le fourrage sont accordés d'après les taux autorisés pour la force permanente et sous les conditions spécifiées aux articles 163, 170, pour les rations, et articles 69-70 pour le fourrage.

248. Les rations et le fourrage ne sont pas accordées pour le dernier jour du camp, mais sur la feuille de solde on peut inscrire l'allocation suivante :—

Chaque officier, sous-officier et soldat présent au camp, par jour	$0 25
Chaque cheval présent au camp	35

(*a*) Le quartier-maître et les hommes de chaque régiment, etc., qui sont nommés pour lui aider à rentrer les effets le dernier jour du camp peuvent recevoir une allocation de subsistance sous l'article 231, en lieu de l'allocation de ration de 25 cents.

Allocation de chauffage.

249. Le combustible est fourni en camp d'après l'échelle suivante :—

Mess des officiers, 8 ou plus, 12 rations par jour.

Mess des officiers, moins de 8, 1½ ration chaque officier par jour.

Sous-officier et soldat—cuisine—1 ration pour 4 hommes ou ¼ de ration chaque homme par jour.

La ration de bois combustible est d'un pouce, mesure courante. Le fournisseur doit livrer le bois à l'heure et à l'endroit indiqués et l'empiler à la hauteur d'une corde pour permettre de le mesurer et de l'inspecter. Si l'on emploie du charbon au lieu de bois, 10 livres du meilleur charbon dur ou 12½ livres de charbon mou sont accordées comme équivalent à une ration de bois de chauffage. (O. et R., 1904, par. 710, 712.)

Réparations aux harnachements.

250. En service ou au camp, le sellier et l'ouvrier charron en roues d'une batterie ou d'un corps peuvent, en fournissant leurs propres outils, faire les réparations urgentes à l'équipement de la batterie ou du corps, selon les ordres du commandant. Les matériaux nécessaires à ces réparations sont payés par l'Etat, et une somme de 75 cents par jour, solde de travail, est allouée à l'ouvrier qui exécute une quantité convenable de ce travail supplémentaire. (O. et R., 1904, par. 675.)

Allocation de marche.

251. Les compagnies d'infanterie et les unités à pied des ingénieurs dont les chef-lieux sont à plus de six milles de la gare ou du quai d'où ils doivent recevoir les moyens de transport, ont droit à six cents par officier et à quatre cents par homme, par mille, pour le trajet nécessaire à la gare ou au quai, pour l'aller et le retour. (O. et R., 1904, par. 634.)

252. Une indemnité semblable est accordée aux compagnies dont les chef-lieux sont à plus de six milles du

camp, quand le trajet ne peut se faire que par voiture, à cause de l'absence de bateaux ou de voies ferrées. L'indemnité de quatre cents est accordée aux hommes à pied de tous les corps. (O. et R., 1904, par. 634.)

253. Les batteries de campagne et les escadrons de cavalerie marcheront au camp, si la distance ne dépasse pas 25 milles. Si la distance est de plus de six milles une indemnité de quatre cents par mille est accordée pour tous les hommes qui ne peuvent être transportés à cheval, sur les caissons ou les fourgons de la batterie. (O. et R., 1904, par. 635.)

Allocation pour transport de bagage, aller et retour du camp.

254. Une indemnité est accordée, au tarif indiqué ci-dessous, pour le transport des bagages régimentaires au camp, aller et retour :—

Officier	$0 50
Sous-officier ou homme	10

(*a*) Cette indemnité doit faire face aux frais de transport des bagages, du chef-lieu de l'unité à la gare de chemin de fer, ou au quai du bateau, et des terminus au camp, et pour le retour au chef-lieu. Les demandes pour cette allocation sont établies sur le modèle C 58 de la milice et transmises au paiemaître du camp avec les feuilles de solde. (O. et R., 1904, par. 631.)

255. Les corps de troupes qui reçoivent l'indemnité de marche n'ont pas droit aux allocations pour bagage. (O. et R., 1904, par. 633.)

Congé d'absence.

256. Quand un officier ou un homme est absent du camp, il n'a droit ni à la solde, ni aux allocations, ni aux rations pendant la journée ou les jours de son absence. (O. et R., 1904, par. 549.)

Transport.

257. Les moyens de transport ne sont accordés qu'aux officiers et aux hommes dont les noms figurent sur les rôles de service d'un corps qui a reçu l'ordre d'aller camper, ou à ceux dont l'emploi à l'état-major a été autorisé aux quartiers généraux. (O. et R., 1904, par. 632.)

Hommes impropres au service,—médicalement.

258. Les frais de transport du chef-lieu des corps au camp, aller et retour, pour les sous-officiers et les hommes reconnus impropres au service, sont retenus aux officiers d'escadron, de batterie et de compagnie qui les ont amenés. L'officier commandant le camp est tenu responsable de ceci et il doit donner avis au paie-maître du camp des sommes réclamées. (O. et R., 1904, par. 636.)

Equipements de camps, etc., perdus.

259. Tous les effets de campement, distribués pour le service, qui sont perdus ou endommagés au delà des limites permises, sont susceptibles d'être remboursés au montant de leur valeur par les compagnies qui s'en sont servis, et l'allocation annuelle, d'après les articles 280-291 ne doit pas être touchée par ses unités tant que ces domages ne sont pas payés, ni avant que le montant ne soit déposé au crédit du receveur général. (O. et R., 1904, par. 403.)

Propriété personnelle perdue.

260. Les pertes d'effets personnels des officiers et des hommes de milice en service ne sont pas remboursées par l'Etat, à moins qu'il soit clairement démontré que ces pertes ne sont aucunement dues au manque de soin, mais qu'elles étaient inévitables et que ces effets formaient partie de l'équipement nécessaire pour le service. (O. et R., 1904, par. 321.)

Paiements pour les exercices.

261. Les paiements pour les exercices ne sont faits que sur preuves que ces exercices ont été exécutés conformément aux règlements, et que le corps intéressé a fait les progrès exigés par les ordres de Sa Majesté. Un officier ou un homme absent de l'exercice n'a pas droit à la solde qui y est attribuée. (O. et R., 1904, par. 573.)

262. Avant de payer la solde, le commandant doit certifier de sa propre écriture, à la fin de l'état de paiement de ces sommes, que chaque officier, sous-officier ou soldat, pour qui ces paiements sont demandés, était présent à son corps et a fait le nombre de jours de

dressage, indiqué vis-à-vis de son nom. (O. et R., 1904, par. 550.)

263. Les officiers d'état-major, les commandants de toutes les armes, et les commandants d'escadron, de batterie et de compagnie, doivent bien connaître le modèle de certificat, qu'ils écrivent de leur propre main à la fin des états de paiement de solde. Ils sont responsables vis-à-vis du département de l'exactitude de ces états. Ils doivent donc s'assurer que le nombre de jours d'exercices indiqués vis-à-vis des noms des officiers, des sous-officiers et des soldats, pour lesquels on demande ces indemnités, est bien conforme au nombre exact des jours d'exercices accomplis par eux pendant l'année. Ceux qui ne font pas le nombre d'exercices requis avec leurs corps, ne sont payés que pour le nombre réel de jours d'exercices qu'ils ont accomplis. (O. et R., 1904, par. 551.)

Revues d'effectifs et feuilles de solde.

264. Une revue dans le but de rassembler les troupes en camp d'instruction est commandée pour le matin du second jour de l'arrivée au camp, à l'heure fixée par le commandant du camp. Tous les officiers d'état-major, les officiers, les sous-officiers brevetés les sous-officiers, les hommes et les chevaux du camp doivent être présents à l'état-major ou avec leur unité, à l'exception des hommes de garde, des cuisiniers et de ceux dont rend compte le principal médecin militaire ; et ils doivent rester sur le terrain jusqu'à ce que l'officier payeur du camp ait fait l'appel des contrôles respectifs, pointé les présents, effacé les noms des absents et noté sur le contrôle d'effectifs le nombre de chaque grade présents au camp, ainsi que le nombre de chevaux présents à l'état-major ou dans les unités. Ces contrôles et ces chiffres servent de directions pour perception de la solde, transport, rations, etc., pendant la durée du camp, à l'exception des pertes qui pourraient se produire d'une manière quelconque. La copie du rôle d'appel qui a servi à la parade est jointe aux états de solde. (O. et R., 1904, par. 317.)

265. Avant la fin d'un camp d'instruction annuelle, chaque corps est passé en revue d'effectifs. L'officier payeur du camp pointe tous les noms et les chevaux sur la liste de solde, et il est responsable de ce qu'aucun paiement de solde ne soit fait à des personnes qui n'y ont pas droit. (O. et R., 1904, par. 290.)

266. Aucun état de solde d'état-major, d'escadron, de batterie ou de compagnie ne peut contenir plus de noms que le nombre fixé par la loi comme ayant droit à la solde. (O. et R., 1904, par. 288.)

267. Le commandant du camp doit voir à ce que le paie-maître compare les états de solde avec la copie du rôle employé à la parade d'effectifs et il en donne certificat sur la feuille de solde.

Toute différence entre le nombre de ceux présents au camp et ceux qui sont sur le rôle de service doit être rapportée par le paie-maître du camp au commandant du camp, qui fera faire une investigation dans le cas où il y aurait plus d'hommes au camp que le nombre autorisé. (O. et R., 1904, par 289, 318.)

268. Les revues d'effectifs des corps à cheval sont faites aux parades à cheval. (O. et R., 1904, par 291.)

269. Pour éviter que des réclamations non autorisées ne se produisent pour solde, de la part des hommes ou des chevaux qui n'étaient pas présents au camp, les revues d'effectifs ne doivent être omises ni au commencement ni à la fin du camp, pour aucune raison. Le commandant du camp doit voir à ce que le paie-maître du camp se conforme à ces instructions d'une manière efficace.

Contraventions et peines.

270. Tout officier qui, sciemment, réclame une solde, sous prétexte d'exercices accomplis dans les rangs du corps auquel il est attaché, au nom d'un homme appartenant à un autre corps de la milice, ou réclame de l'argent pour des officiers ou des hommes non présents, ou sciemment comprend dans une situation de revue ou autre état de situation, le nom d'un homme qui n'est pas régulièrement enrôlé, et tout homme qui réclame ou touche la solde, sous prétexte d'exercices accomplis dans les rangs d'un autre corps que le sien propre ou dans plus d'un corps pendant les exercices annuels d'une année, est coupable d'un acte criminel. (Acte de milice, article 102.)

271. Tout officier ou homme qui obtient sous de faux prétextes, ou illégalement retient ou garde en sa possession, quelque partie de la solde ou des deniers appartenant à un autre officier ou homme, est coupable d'un acte criminel. (Acte de milice, article 103.)

273. Tout officier ou homme de la milice et toute autre personne quelconque qui se fait faussement passer pour un autre à une parade de la milice ou en toute autre occasion, est coupable d'un acte criminel et passible d'une amende n'excédant pas cent piastres. (Acte de milice, article 108.)

Escortes, gardes d'honneur et saluts.

Gardes d'honneur.

274. Un corps de la milice active qui fournit la garde d'honneur à Son Excellence ou à l'administrateur du gouvernement, ou au lieutenant gouverneur d'une province pour ouvrir ou proroger la législature, reçoit un jour de solde.

275. Cette solde ne s'accorde qu'au nombre de personnes dont voici l'énumération :—

1 sergent quartier-maître.
1 sergent-payeur.

96 soldats.

(*a*) En sus des hommes ci-dessus, la solde est allouée à la musique, aux tambours et clairons du corps qui fournit les gardes d'honneur, pour le nombre d'hommes prescrit par les tableaux d'effectifs, mais il faut qu'ils soient présents. (O. et R., 1904, par. 344, 346.)

276. Une escorte de cavalerie de la milice active, auprès de Son Excellence le Gouverneur général, ou l'administrateur du gouvernement, ne doit pas excéder le nombre d'officiers et d'hommes indiqué ci-dessous :—

Ces chevaux doivent avoir moins de six ans. Avant l'achat définitif, un vétérinaire diplômé, l'officier acheteur excepté, doit s'assurer s'ils sont sains et bien portants, et il établit un certificat en ce sens pour l'acquisition de chaque cheval, séparément.

345. Dans les districts d'achat, où il y a un vétérinaire militaire attaché aux troupes permanentes, cet officier agit d'office comme vétérinaire inspecteur, cela faisant partie de son service ordinaire et ne donnant droit à aucune solde supplémentaire.

350. Les vétérinaires, qui examinent les chevaux lors de l'achat, sont responsables de leur condition et peuvent même être appelés à rembourser le département de ses frais, si, dans les quinze jours, qui suivent la date de l'examen des chevaux, une commission d'officiers rejette, comme impropre au service, un animal qui a des défauts d'une nature tellement flagrante, qu'il était impossible de ne pas s'en apercevoir lors de l'examen.

351. Les chevaux, achetés dans les conditions indiquées ci-dessus, ne peuvent être rejetés que par autorisation du quartier-maître général ; cette autorisation s'obtient sur demande accompagnée du rapport de la commission d'officiers et d'un certificat d'un vétérinaire diplômé.

352. Quand on rejette des chevaux, on les fait vendre, sans garantie, à l'encan public, sur la place du marché ou ailleurs, par un encanteur autorisé. Le commandant délègue un officier pour assister à la vente et pour veiller à ce qu'il n'y ait pas d'entente pour empêcher la hausse des prix. Cet officier peut remettre la vente à plus tard, ou autrement, selon l'avis qu'il en reçoit de l'encanteur.

353. Aucun officier ou soldat, appartenant au corps où ces chevaux sont en vente, ne peut en acheter, directement ou indirectement.

354. Le commandant du corps, aussitôt que possible, après la vente, adresse au secrétaire du conseil de milice un état de vente, signé et certifié par l'encanteur et l'officier surveillant, indiquant le prix obtenu pour chaque cheval, et le nom de son acheteur.

355. Les sommes provenant de ces ventes sont immédiatement versées par l'encanteur, dans un banque autorisée, au crédit du receveur général.

356. Le certificat de dépôt, ou le certificat et la traite, selon le cas, tels que reçus de la banque, avec comptes certifiés pour tous frais incidents, tels que honoraires de l'encanteur, annonces, etc., sont remis par l'encanteur au commandant du corps, qui certifie sur ces documents, que toutes les prescriptions des présents règlements ont été observées et qui les transmet ensuite aux quartiers généraux, par la voie régulière, avec toutes les pièces à l'appui de la transaction. (O. et R., 1904, par. 514, 526.)

Munition vendue sur remboursement.

357. Le premier achat de munition .303 L E coûte $20 pour 1,000 cartouches.

Les achats subséquents coûtent $15 pour 1,000 cartouches, pourvu qu'il soit prouvé par un reçu du surintendant de l'arsenal, ou le plus ancien officier des magasins dans les districts à l'ouest d'Ontario, que 90 pour 100 des cartouches vides du premier achat ont été remises à cet officier. (O. M. 8, 1906.)

Indemnités pour chevaux.

358. Les officiers montés, les hommes des troupes à cheval, les officiers montés des autres corps et les officiers montés d'état-major, s'ils fournissent leurs propres chevaux, sont payés $1 par jour, pour chaque cheval, pendant une période ne dépassant pas 50 jours et reçoivent en sus le fourrage gratuit. Si le service dure plus de 50 jours l'indemnité n'est plus que de 50 cents par jour, pour les jours qui suivent. Un officier ou un homme ne touche l'indemnité de son cheval que lorsqu'il est absolument requis d'être monté dans son service, et sur certificat usuel qu'il était pourvu d'un cheval pendant la période pour laquelle il réclame cette indemnité et que ce cheval était sa propriété particulière. Si l'on n'a pas besoin de paille, 4 livres de foin peuvent être distribuées sur demande. (O. et R., 1904, par. 545.)

Allocations pour la musique. Force permanente.

359. Une allocation annuelle fixée par le ministre de la Milice en conseil sera payée pour le maintien et les frais des corps de musique régimentaires qui sont autorisés.

Les corps permanents à qui l'Etat a fourni des instruments de musique gratuits, n'ont pas droit à l'indemnité de musique. (O. et R., 1904, par. 1021.)
(Voyez l'article 301 concernant les octrois pour la musique.)

Allocations de mess de régiment.

360. Le mess des officiers de chaque escadron, batterie ou compagnie de la force permanente reçoivent chacun $10 par mois. Là où il ne se trouve qu'un escadron, batterie ou compagnie, on accorde $50 par quartier ou $200 par année. (O. et R., 1904, par. 1020.)

361. Un mess de sergents aux dépôts et stations de la force permanente où un tel mess est autorisé, reçoit $50 par année.

Bibliothèques et salles de lecture.

362. Une allocation annuelle de $20 est accordée à chaque bibliothèque et salle de lecture à l'usage des sous-officiers et soldats de la force permanente. (O. et R., 1904, par. 1020.)

Transport.—Voitures sur roues.

363. Les charretiers, chevaux, voitures ou fourgons reçoivent :—

1° Un conducteur ou charretier reçoit 50 cents par cheval, pour le nombre de jours qu'on l'emploie.

2° La somme de $1 par jour est allouée pour chaque cheval, pour le nombre de jours qu'on l'emploie.

3° La somme de 50 cents par jour est payée pour une voiture, ou un fourgon, pour le nombre de jours qu'on l'emploie.

(*a*) Voir les ordonnances et règlements, 1904, par. 655-656.)

Allocations des miliciens dans une prison locale.

364. Quand un soldat de la milice active est détenu dans une prison locale pour un délit civil, aucune dépense de solde ou de rations n'est encourue de ce fait pendant la période d'incarcération, mais une somme de 25 cents par jour et par prisonnier est remise aux autorités civiles. (O. et R., 1904, par. 94, 1083.)

PARTIE VI.

TRANSPORT ET FRAIS DE ROUTE.

Taux que doivent prendre les compagnies de transport.

365. Le tableau du tarif suivant qui est en vigueur dans la Grande-Bretagne, est adopté et établi, pour le transport des troupes et du matériel militaire par voie ferrée en Canada, savoir :—

Lorsque la réquisition demande un transport de première classe, on accorde 2 cents par mille ; pour la deuxième classe 1½ cent par mille, que le chemin de fer fournisse ou non un transport de deuxième classe entre aucun endroit à l'Est de Port-Arthur ; de Port-Arthur allant à l'Ouest 3 cents par mille, première classe, et 2 cents en seconde classe.

366. Quand on délivre des billets à tarif spécial ou à meilleur marché que le prix indiqué plus haut, les troupes doivent en profiter.

367. Pour le transport du matériel, un taux spécial est débattu, mais il ne doit pas être plus élevé que celui que paie le public. (O. et R., 1904, par. 641 ; O. G. 40, 1906.)

Réquisition et frais de transport.

368. Il faut se servir des réquisitions établies pour le transport. Si des officiers et autres négligent de s'en servir en voyageant pour le service, on ne leur rembourse leurs frais de route qu'au taux du gouvernement, d'après l'échelle de l'article 365.

369. Les sous-officiers brevetés et sergents d'état-major reçoivent une réquisition de première classe. Tout rang inférieur à celui de sergent d'état major reçoit la deuxième classe.

370. Les sous-officiers et soldats malades peuvent recevoir une réquisition de première classe sur la recommandation de l'officier médical.

371. Dans le cas d'un officier supérieur, la réquisition comprend le char salon (excepté à l'aller et retour du camp) et char dortoir (double lit) pour la nuit. Les chars salon ne sont pas accordés aux officiers au-dessous du rang en question, mais si le trajet dépasse 12 heures, ils peuvent prendre le char dortoir tout le temps.

372. Les sous-officiers brevetés n'ont pas droit au char dortoir, à moins qu'ils ne voyagent toute une nuit et alors ils ne doivent s'en servir que pour la nuit. Les voyages à grandes distances et d'un trajet continu sont réglés spécialement.

373. Les officiers et autres qui se déplacent pour le service public, soit en vertu des ordonnances et règlements ou instructions spéciales, ou autorisés clairement à voyager dans l'intérêt et aux frais du public sont munis de trans-

port et, dans le cas non prévus par les articles 383 à 390, sont remboursés de leur dépense de transport nécessairement encourues pour le trajet directe.

374. Les officiers et autres en congé ou voyageant en dehors du service et non dans l'intérêt public ne reçoivent ni transport ni compensation.

375. Si un officier ou autre, en congé, reçoit ordre de remplir aucun devoir, au loin de sa station ordinaire, on lui accorde les frais réels encourus dans l'exécution de ce devoir, pourvu qu'ils ne dépassent pas ce que cet officier aurait dépensé s'il n'avait pas été en permission.

376. Les officiers qui reçoivent le fourrage ou l'allocation de fourrage n'ont pas droit au transport et dépenses de voyage à moins de dix milles de leur station s'ils peuvent revenir le même jour.

377. Les officiers autorisés à avoir un cheval, dans le voyage, en devoir, ont droit au transport d'un palefrenier, mais il faut d'abord obtenir des quartiers généraux l'autorité d'amener un cheval.

378. Les officiers en tournée d'inspection ou autre devoir temporaire où un domestique est nécessaire reçoivent le transport pour celui-ci, mais les officiers d'état-major temporaires et les officiers régimentaires se rendant au camp y trouveront des domestiques sans en amener avtc eux.

379. On n'admet pas les pourboires aux servants des stations de chemin de fer ou des chars salon.

380. Les officiers, sous-officiers et soldats qui vont aux exercices annuels reçoivent le transport, mais pas d'allocation de voyage, à moins que la distance ne dépasse 200 milles, auquel cas des arrangements spéciaux sont faits, ou une indemnité autorisée.

Pour le transport aller et retour des camps d'instruction, voyez les articles 254-258.

Frais de voiture.

381. Les officiers voyageant en devoir reçoivent une indemnité de voiture au taux du tarif, comme suit, lorsqu'il n'existe pas de moyen de transport public convenable :—

(*a*) Pour un mille et plus.

(*b*) Pour moins d'un mille lorsqu'il faut porter du bagage.

(*c*) Lorsque deux officiers, ou plus, font le même trajet, ils doivent se servir du même véhicule, chaque fois qu'il est possible de le prévoir et d'avoir le temps de faire cet arrangement.

382. On accorde aussi des voitures :—

(*a*) Aux sous-officiers brevetés lorsqu'ils voyagent avec du bagage indispensable, s'il n'existe pas de moyen de transport à meilleur marché.

(*b*) Aux prisonniers enchaînés lorsque l'on ne peut se servir du chemin de fer.

(*c*) Pour conduire un contremaître militaire à son ouvrage et le ramener, si la distance dépasse deux milles et qu'il n'y ait pas un moyen de transport à plus bas prix.

(*d*) Quand c'est nécessaire pour le transport des malades, femmes ou enfants, à la discrétion de l'officier en charge du commandement ou du district.

(*e*) Lorsqu'il faut porter du bagage en voyage, les sous-officiers et les hommes reçoivent le montant des frais du bagage.

Frais de route.

383. Les officiers doivent toucher les taux suivants de frais de route pour une pleine journée de vingt-quatre heures, couvrant les dépenses d'hôtel, repas en route, et tous déboursés, excepté le transport, sous les conditions prescrites par les articles 384-388.

	Par jour.

Un officier à la tête d'un commandement ou district, un chef d'état-major, un député assistant adjudant général d'un commandement, un adjudant d'état-major de district, les officiers de l'état-major de l'inspecteur général, et les officiers remplissant des fonctions permanentes dans l'état-major des quartiers-généraux de la milice, peuvent toucher d'après leurs grades, les taux ci-dessus pour le grade réel dont ils sont pourvus.

384. Cette allocation peut s'appliquer aux officiers en inspection ou autres devoirs qui nécessitent une absence

de leur station de plus de vingt-quatre heures ; ou aux officiers qui font un long voyage par voie ferrée, mais les officiers employés temporairement à une autre station ne peuvent la réclamer comme allocation de subsistance pour des voyages qui durent moins de vingt-quatre heures, ou comme allocation de subsistance.

385. La réclamation d'indemnité doit indiquer les heures du départ et d'arrivée.

386. Le jour ou les jours comptent de l'heure du départ. Une fraction de plus de 12 heures à la fin du voyage est prise pour un jour entier; si moins de 12 heures, une demi-journée.

387. Ces taux ne s'appliquent pas aux bateaux à vapeur ou quand le prix du passage inclus les repas.

388. Le ministre en conseil peut augmenter ou réduire le taux des allocations de voyage lorsque les circonstances le justifient.

389. Les sous-officiers et soldats voyageant seuls au service du public ont droit à une allocation de subsistance comme suit :—

—	Déjeûner.	Diner.	Souper.	Lit.
Sergents d'état major et sergents.	$0 35	$0 50	$0 50	$0 40

390. Dans un long trajet, sur le chemin de fer Intercolonial ou autres grandes voies ferrées munies de chars réfectoires, les sous-officiers et soldats ont droit à 50 cents pour chaque repas. Le déjeûner n'est pas compris dans ce calcul à moins que le départ n'ait lieu avant 7 heures du matin ; ni pour le souper si l'on arrive à destination avant 8 heures du soir.

Indemnité de voyage pour rejoindre le corps ou pour mutation.

391. Lorsqu'un officier marié est appelé aux quartiers-généraux ou à une autre station par suite de sa nomination à l'état-major, il lui est accordé, en sus de ses dépenses réelles et raisonnables et de son transport avec sa famille, deux mois de solde de son nouvel emploi, pour couvrir toute dépense résultant de son déplacement. S'il n'est pas marié, un mois de solde seulement en sus des frais de transport et dépenses de voyage. (O. et R., 1904, par. 660.)

392. Les officiers, les sous-officiers et les hommes de la force permanente qui sont l'objet de mutation d'un garnison, ou d'un corps à un autre, ont droit au transport et aux vivres, et, s'ils sont mariés et inscrits aux contrôles des militaires mariés, leurs femmes et leurs enfants y ont droit également.

Les officiers, les sous-officiers et les hommes, inscrits aux contrôles des militaires mariés de leur corps, qui sont l'objet d'une mutation d'une garnison à une autre, pour le service, et qui ne voyagent pas avec la troupe, ont droit à une indemnité (pour rencontrer toute dépense du fait de ce déplacement) de 20 jours de solde de leur grade, si la distance à parcourir est moindre de 200 milles, avec, en sus 4 jours de solde pour toute distance suivante de 200 milles ou d'une fraction de ce nombre. Les officiers non mariés ont droit à la moitié de ces indemnités. Quand la distance dépasse 1,000 milles, on fait des arrangements spéciaux. Cette indemnité ne s'applique pas aux officiers et aux hommes détachés pour suivre les cours des écoles, et pour une période ne dépassant pas six mois. (O. et R., par. 1027, 1029.)

393. Les officiers qui sont nommés à un emploi dans un corps permanent, reçoivent des frais de transport et de vivres pour le trajet de leurs foyers, au Canada, à leur nouveau corps, pourvu que la distance dépasse 200 milles, ou de l'endroit où ils se trouvent à l'époque de leur nomination, si le coût n'en est pas plus élevé. Le voyage commencé ne doit pas être interrompu sans raison valable. Aucune indemnité n'est accordée pour une distance de moins de 200 milles. On n'accorde pas d'indemnité pour le bagage et les meubles que les compagnies de transport mènent gratuitement avec les passagers. Les domestiques n'ont droit ni au transport ni à la subsistance. (O. et R., 1904, par. 1024, 1026.)

394. Les officiers de la milice active et les cadets instructeurs autorisés à suivre une école d'instruction ont droit aux frais de transport de chez eux à l'école ; s'ils obtiennent un certificat de qualification on leur donne le transport de retour, et en sus on leur rembourse le coût réel et raisonnable des dépenses de voyage, aller et revenir. (O. et R., 1904, par. 862-864.)

395. S'ils n'obtiennent pas leur certificat, ils remboursent à l'Etat le montant d'un passage qu'ils déposent chez le receveur général. (O. et R., 1904, par. 863.)

396. Les officiers qui ont obtenu un certificat à l'école d'instruction et qui désirent en avoir un autre, ou qui ont suivi l'école sans obtenir de certificat, ne peuvent suivre un second cours aux frais du public.

397. Les sous-officiers de la milice active partant de leur corps pour rejoindre une école d'instruction reçoivent une réquisition de transport de deuxième classe par bateau ou voie ferrée et, en terminant leur cours on leur accorde le transport de retour. (O. et R., 1904, par. 865.)

398. S'ils ne parviennent pas à compléter leur cours ou se conduisent mal à l'école, on ne leur accorde pas le transport de retour.

399. Un sous-officier de la milice active, admis à une école, et trouvé impropre au service, ou qui ne peut ni lire ni écrire couramment, est renvoyé à son corps. Le commandant de l'école lui délivre les frais de transport nécessaires à son retour, et cette somme et toute autre encourue du fait de ce sous-officier, sont mises au compte du commandant de la compagnie à laquelle il appartient. (O. et R., 1904, par. 853.)

400. Dans chaque cas, l'officier commandant l'école adresse aux quartiers généraux un rapport avec compte rendu de toutes les dépenses encourues.

401. Les officiers des troupes permanentes qui sont temporairement détachés dans des écoles d'un arme autre que la leur, n'ont pas droit d'amener leur domestique avec eux. (O. et R., 1904, par. 1030.)

402. Quand un homme, qui demeure loin de la ville où existe un corps, se rend à ses frais pour s'engager dans ce corps, on lui remboursera ses frais réels de transport, ne dépassant pas dix dollars, quand il aura complété un mois de service. (O. et R., 1904, par. 951.)

(*a*) Ce paiement doit être appuyé par un certificat de l'officier commandant (formule B. 83) annexé à la feuille de solde, montrant qu'il s'est assuré du fait que l'homme a vraiment parcouru la distance mentionnée avec l'intention directe de s'enrôler.

403. Quand un militaire, autorisé à suivre les cours d'une école, reçoit des moyens de transport et ne rejoint pas l'école dans la suite, ou donne sa réquisition à un autre, qui l'utilise, sans y avoir droit, ce militaire est appelé à rendre compte sévèrement de cette irrégularité. (O. et R., 1904, par. 867.)

404. Les hommes libérés à la fin de leur engagement ou de leur rengagement à la suite de faiblesse physique contractée pendant leur service sans qu'il y ait de leur faute peuvent recevoir les frais de transport de retour à l'endroit où ils se sont engagés, tel qu'indiqué sur leur serment d'allégeance, ou bien encore à leur résidence ailleurs, si les frais n'en sont pas plus élevés. (O. et R., 1904, par 975.)

405. Quand un soldat est inscrit sur les contrôles des hommes mariés, on peut accorder à sa famille les frais de transport de retour à l'endroit où il s'est engagé ou marié, ou ailleurs, si les frais n'en sont pas plus élevés. Et cela dans le cas de son décès, de sa libération, de son emprisonnement pour une période de six mois et plus. (O. et R,. 1904, par. 976.)

406. Quand on accorde les frais de transport, tel qu'indiqué aux articles 404, 405, ces frais doivent rencontrer toutes les dépenses définitives du déplacement. (O. et R., 1904, par. 977.)

407. Les hommes libérés par rachat ou engagés à l'endroit où leur corps est en garnison, à l'époque de leur décharge, et ceux renvoyés pour mauvaise conduite ou comme "très mauvais" caractère, n'ont droit à aucun frais de transport.

408. Les officiers et autres qui voyagent pour le service, reçoivent, sur demande, une avance en argent suffisante pour couvrir les dépenses de voyage. On doit rendre compte de cette avance immédiatement après la fin du service en question.

409. Les réclamations de frais de voyage et de subsistance doivent être faites en détail et transmises aux quartiers généraux par la voie régulière. (O. et R., 1904, par. 598.)

Ces réclamations doivent être faites séparément, en double, sur les formules C 52 transport et C 53 dépenses

de bouche, et sur la formule C 52 pour le transport. (O. et R., 1904, par. 599.)

410. Toutes les réclamations pour dépenses de voyage doivent être accompagnées du document officiel qui les autorise, porter la date de ce document, le nom des endroits où l'officier, le sous-officier ou le soldat s'est transporté, la date de son retour, les dates et la nature du service accompli, et elles sont transmises à qui de droit par la voie hiérarchique ordinaire. (O. et R., 1904, par 659.)

411. Les officiers voyageant en congé, aller ou revenir, ou se déplaçant d'une manière quelconque mais non dans l'intérêt du public ne reçoivent ni transport ni frais de voyage au dépens du public.

PARTIE VIII.

PENSIONS, GRATUITES, COMPENSATION, ETC.

Compensation pour décès, blessures ou maladies contractées au service ordinaire.

427. Une compensation ou indemnité peut être accordée en cas de mort, blessure ou maladie provenant du service militaire. Il faut que le réclamant fournisse la preuve satisfaisante que, sans sortir de l'accomplissement de son devoir, la personne tuée, blessée ou affligée de maladie, ne pouvait éviter ce malheur, et qu'elle n'y a pas contribué par une coupable négligence de sa part ; et s'il s'agit d'un sous-officier breveté, sous-officier ou soldat, qu'il ne dépassait pas l'âge autorisé pour le service militaire à la date de son dernier engagement.

428. Avant que d'être jugées finalement, toutes les demandes pour compensation ou indemnité sont examinées par le bureau des pensions et réclamations qui en fait rapport aux quartiers-généraux. Afin de faciliter l'investigation et accélérer la décision, on observera la procédure suivante :—

429. Si la blessure, affliction ou maladie est contractée par un officier ou un homme servant dans un corps de troupe qui a son hôpital, et si l'officier médical attaché à cet hôpital est d'opinion que la blessure, affliction ou maladie est de nature à pouvoir amener la mort ou produire une incapacité de longue durée, cet officier médical doit immédiatement soumettre le cas à l'officier commandant les troupes. Sur ce rapport, l'officier commandant doit convoquer de suite un bureau d'officiers pour recevoir et consigner tous les témoignages qu'on peut se procurer concernant la cause de la blessure, affliction ou maladie, et toutes les informations médicales sur la nature du mal et sur les résultats probables. Si le patient, dans un tel cas, n'est pas suffisamment rétabli pour justifier sa sortie de l'hôpital à l'époque où son corps est relevé du service, on doit l'envoyer à l'hôpital de la station la plus voisine, ou à un hôpital civil, ou chez lui, d'après ce que le principal officier médical du district jugera le plus à commode, en tenant compte de l'intérêt public.

430. Si la blessure, affliction ou maladie est contractée par un officier ou un homme servant avec un corps de troupe sans hôpital, l'officier médical du commandement (ou du district s'il n'y a pas de commandement) où sont

les troupes doit prendre des mesures pour le faire traiter dans un hôpital ou chez le patient même, ou autrement, sujet à l'ordre du principal officier médical du district dans lequel se trouvent les troupes ; et si, dans l'opinion du principal officier médical, la blessure ou affliction est de nature à amener la mort ou une incapacité de longue durée, l'officier médical doit immédiatement soumettre le cas au commandant du patient, et ce commandant réunira sans délai un bureau d'officiers pour agir comme il est dit à l'article 429.

431. Si la blessure, affliction ou maladie est contractée par un officier ou un homme en devoir mais non en service avec les troupes, et si la blessure, affliction ou maladie est de telle nature qu'elle produira la mort ou une maladie de longue durée, il est du devoir de cet officier ou homme ou de quelqu'autre personne, de faire rapport immédiatement au commandant en charge du commandement ou du district dans lequel se trouve cet officier ou cet homme, et l'officier à qui le rapport est fait de suite ordonnera au principal officier médical de son district de se charger du cas, et de plus il doit convoquer sans retard un bureau d'officiers pour agir comme il est dit à l'article 429. Sur cet ordre, le principal officier médical doit immédiatement faire placer l'officier ou l'homme blessé ou malade dans l'hôpital de la station militaire la plus voisine, ou dans un hôpital civil,, ou dans la maison du patient, d'après ce qu'il jugera le plus à propos et commode, ayant aussi égard à l'intérêt public.

432. Si la blessure, affliction ou maladie contractée par un officier ou un homme en service a amené la mort avant l'examen de son cas, l'officier commandant du défunt, ou, si le défunt ne servait pas avec les troupes, l'officier commandant en charge du commandement ou du district doit, aussitôt qu'il apprend le décès, assembler un bureau d'officiers pour se procurer et consigner les témoignages que l'on peut obtenir relativement à la cause de tel décès.

433. Les procédés du bureau d'officiers ci-dessus mentionnés doivent être dans chaque cas, transmis au secrétaire du ministre de la Milice en conseil pour être conservés par lui en prévision d'une réclamation d'indemnité qui pourrait se présenter.

434. Lorsqu'un patient est dans un hôpital choisi par l'autorité médicale militaire, ou lorsqu'il est soigné chez lui, sous la surveillance de cette autorité et aux frais de l'Etat, son cas doit être suivi de près par le principal officier médical du commandement (ou du district s'il n'y a pas de commandement) où il se trouve, et, chaque semaine, cet officier doit faire, par écrit, un rapport au directeur général du service médical ; de plus, il adresse un double de ce rapport à l'officier commandant le district. Le principal officier médical est responsable de la sortie du patient de l'hôpital aussitôt que l'état de celui-ci le permet, et il voit à ce que cette décharge soit rapportée au directeur général du service médical et à l'officier commandant le commandement ou le district ; et lorsqu'un patient est soigné chez lui, aux frais du public, le principal officier médical doit faire rapport au directeur général du service médical et à l'officier commandant le commandement ou le district dès que le patient ne requiert plus le traitement médical. Dans ces rapports le principal officier médical doit certifier spécialement l'état de santé du patient.

435. Un patient, retenu à l'hôpital par les autorités médicales militaires, a droit à la solde de son grade, au traitement et à la diète aux frais du public ; et à sa sortie de l'hôpital on le transporte chez lui aux frais du public.

436. Si un patient demande à être transporté chez lui, en aucun temps, soit de l'hôpital où il est ou avant que d'entrer à l'hôpital, et avant que d'être déchargé régulièrement par les autorités médicales militaires ; et si ces autorités sont d'opinion que ce déplacement serait prématuré et que dans l'intérêt public, cette demande ne doit pas être accordée, le patient peut, nonobstant cette opinion, être envoyée chez lui, seulement, toutefois, avec l'entente (par écrit) que ce déplacement anticipé est à ses propres risques, et qu'il n'aura aucune réclamation contre l'Etat s'il résulte quelque chose de fâcheux de cette démarche, et aussi que les autorités de la Milice ne seront plus responsables pour le traitement futur de son cas. Ceci, toutefois, n'empêchera pas les autorités médicales militaires de transporter un patient chez lui si, dans leur opinion, il vaut mieux le faire dans l'intérêt public. Le patient ainsi déplacé a droit à la solde de son grade et à une allocation de subsistance de $1 par jour s'il est officier et 50 cents s'il est sous-officier ou soldat, durant le temps de son incapacité.

437. Un patient qui soumet une réclamation pour blessure, affliction ou maladie, est sujet à l'examen médical et, aux rapports que le ministre de la Milice en conseil peut ordonner. Si la blessure, etc., a été reçue aux exercices annuels ou en rapport avec ceux-ci, ou dans aucun jour d'exercice autorisé par le ministre en conseil, toutes les circonstances du fait doivent être consignées chez l'officier commandant le commandement ou le district, sous trente jours après la fin des exercices.

Si la blessure, etc., a produit la mort et que le défunt laisse une famille, le cas est spécialement pris en considération par le ministre de la Milice en conseil et il est pourvu aux besoins de sa famille selon qu'il plaît au Gouverneur en conseil de le sanctionner.

Pensions pour blessures, etc., au service actif.

438. Des pensions et rémunération sont accordées, d'après l'échelle suivante, aux miliciens blessés ou devenus invalides au service public, et aux veuves et enfants de ceux qui sont tués en action ou qui sont décédés des suites de blessures ou maladie contractée en service actif :—

Grade à l'époque de la blessure, maladie, etc.	1er degré	2e degré.	3e degré.	4e degré.
	$	$	$	$
Colonel	1,500	1,100	750	550
Lieut.-colonel	1,200	900	600	450
Major	800	600	400	300
Capitaine	600	450	300	225
Lieutenant	400	300	200	150
Sous-officier breveté	300	225	150	112
Sergent d'état-major	240	180	120	90
Sergent	200	150	100	75
Caporal	170	130	85	65
Soldat	150	110	75	55

(*a*) Le premier degré ne s'applique qu'à ceux seulement qui sont rendus totalement incapables de gagner leur vie par suite de blessures reçues en action.

(*b*) Le second degré s'applique à ceux qui sont rendus totalement incapables de gagner leur vie par suite de blessure reçue ou de maladie contractée au service actif, ou affectés sérieusement par suite de blessure reçue en action.

(*c*) Le troisième degré s'applique à ceux qui sont affectés assez sérieusement pour être incapables de gagner leur vie par suite de blessure reçue ou de maladie contractée au service actif ou rendus jusqu'à un certain point incapables de gagner leur vie par suite de blessure reçue en action.

(*d*) Le quatrième degré s'applique à ceux qui sont partiellement empêchés de gagner leur vie par suite de blessure reçue ou de maladie contractée en service actif.

439. Si l'octroi à une veuve ou un orphelin est sous forme de pension, les taux annuels ci-dessous ne doivent pas être dépassés, savoir :—

440. A une veuve une somme égale à trois-dixièmes de la solde du défunt durant douze mois.

441. A un orphelin une somme égale à un dixième de la solde du défunt durant douze mois ; mais les deux pensions d'une veuve et de son enfant orphelin ne doivent pas dépasser cinq-dixièmes de la solde.

442. Une demande de compensation ou autre provision doit être présentée dans les cinq ans qui suivent le décès, la blessure, l'affliction ou la maladie en question.

443. La pension d'une veuve peut être discontinuée si, dans l'opinion du ministre de la Milice et de la Défense, elle est indigne de la recevoir, ou si elle jouit de quelque aisance.

444. La pension d'une veuve qui se remarie est suspendue du jour de ce mariage, mais dans le cas où elle redevient veuve, sa pension peut lui être rendue, sur preuve qu'elle n'a pas de moyens d'existence et qu'elle mérite d'être secourue.

445. Les orphelins âgés de plus de seize ans et les orphelines âgées de plus de dix-huit ans ne reçoivent pas de pensions, sauf dans des cas exceptionnels lorsqu'il est démontré que l'orphelin est affligé d'une infirmité qui l'empêche, lui ou elle, de gagner sa vie, et qu'il ou elle est dans la nécessité. Un orphelin marié ne touche pas de pension.

446. Lorsque les règlements ne rencontrent pas certaines réclamations, le Gouverneur en conseil décide de celles-ci.

447. Les pensions sont payées par quartier et d'avance. La fraction de temps qui suit l'octroi de la pension est payée à la date fixée pour le premier paiement régulier.

Compensation pour chevaux tués ou blessés.

448. Si un cheval, la propriété d'un officier ou d'un homme de la milice, est tué ou rendu incapable durant son service militaire, son propriétaire ou conducteur peut recevoir des fonds publics une compensation pour la perte qu'il éprouve de ce fait, pourvu qu'il soit démontré, à la satisfaction des autorités de la milice que le cheval était sain, bien portant et propre au travail lorsqu'on l'employa au service militaire ; que la mort ou autres causes d'incapacité proviennent du service en question et que, vu la manière dont les devoirs ont été remplis, la cause de la mort ou autre incapacité était entièrement inévitable et non la faute du propriétaire.

449. Afin de rendre plus facile l'investigation des demandes d'indemnité par suite du décès ou de la dépréciation d'un cheval, et dans le but de régler plus promptement ces sortes de demandes, la procédure suivante doit être observée :—

450. Avant que d'entrer au service militaire ou aussitôt après y être admis, chaque cheval, la propriété d'un officier ou d'un soldat, doit être examiné par l'officier vétérinaire du corps auquel il appartient et, lorsqu'il n'y a pas de tel vétérinaire, par un autre officier vétérinaire désigné par le principal officier vétérinaire du commandement en question. L'officier vétérinaire qui fait cet examen doit inscrire dans un registre qu'il tient pour cet objet une description exacte de l'animal, notant spécialement le nom du propriétaire, la valeur, la couleur, les proportions mesurées du cheval et toute chose particulière pouvant servir à l'identifier plus tard ; il doit noter aussi le genre d'emploi qu'on lui donne, s'il est sain ou non, et son état de santé, de même que s'il est propre à l'emploi qui lui est attribué. Chacune de ces inscriptions au registre doit être signée par l'officier qui a fait l'examen et, le plus tôt possible, il doit adresser copie de cette inscription au principal officier vétérinaire du commandement.

451. Lorsqu'un cheval employé au service militaire est tué ou blessé ou contracte une maladie qui, probablement le rendra incapable pour une période dépassant la durée de son service militaire, l'officier commandant le corps auquel appartient l'animal doit, sans retard, assembler un bureau d'officiers pour recueillir les témoignages obtenables, comme aussi indiquer les conséquences probables du cas et consigner le tout régulièrement.

452. Les procédés de ce bureau, avec les observations de l'officier qui l'a convoqué, doivent être transmis immédiatement, par la voie régulière, au secrétaire du conseil de milice, qui en aura la garde pour consultation ultérieure dans le cas où une demande d'indemnité pourrait se produire.

453. On ne peut assembler un bureau d'officiers après le retour des troupes dans leurs foyers. Toute investigation devenue nécessaire doit être faite par le principal officier vétérinaire du commandement supérieur, qui dressera un rapport complet dans chaque cas. S'il devient nécessaire de faire une investigation dans un cas appartenant au district militaire n° 10, l'officier commandant le district fera une demande aux quartiers généraux pour avoir les services d'un officier vétérinaire dans ce but. (O. G. 64, 1906.)

454. Si une compensation est accordée par suite de la mort ou de l'incapacité entière d'un cheval, le montant ne doit pas dépasser la valeur de la bête ni jamais excéder $125. Si le cheval n'est que partiellement rendu incapable, la compensation ne doit pas aller au delà de la solde nette au taux de $1 par jour pour la période durant laquelle le cheval a été incapable de travailler. Cette période est limitée à cinquante jours. Dans aucun cas on ne doit accorder plus que la valeur du cheval.

455. Les réclamations pour incapacité contractée durant la période des exercices ou blessure reçue en revenant du dressage ou durant aucun jour d'exercice autorisé par le ministre de la Milice en conseil, ne sont prises en considération que si elles ont été remises à l'officier commandant le commandement ou le district dans les 30 jours après la fin des exercices.

(*a*) Chaque réclamation doit être accompagnée d'un certificat de l'officier vétérinaire montrant que le cheval a été vraiment et inévitablement invalide par suite de la blessure et n'a pu faire aucun travail durant la période pour laquelle on demande compensation.

ACTE RELATIF AUX PENSIONS DE L'ETAT-MAJOR PERMANENT ET DES OFFICIERS ET SIMPLES SOLDATS DE LA MILICE PERMANENTE, ET A D'AUTRES FINS.

Sa Majesté, par et avec l'avis et le consentement du Sénat et de la Chambre des Communes du Canada, décrète ce qui suit :—

Titre abrégé.

1. Le présent acte peut être cité sous le titre : "Acte des pensions de la milice, de 1901."

Interprétation.

2. Dans le présent acte, à moins que le contexte n'exige une interprétation différente,—

(*a*) l'expression "ministre" signifie le ministre de la Milice et de la Défense ;

(*b*) l'expression "troupes" signifie et comprend l'état-major de la milice, et les officiers, sous-officiers et soldats des corps de milice permanents ;

(*c*) l'expression "officier" signifie un officier commissionné de la milice, et comprend un officier nommé par brevet ;

(*d*) l'expression "état-major permanent" comprend les officiers d'état-major du quartier général, les officiers d'état-major de district, et les officiers en charge des magasins militaires ;

(*e*) l'expression "milicien" signifie et comprend les sous-officiers et simples soldats des troupes ;

(*f*) l'expression "grade" signifie grade réel ;

(*g*) l'expression "service" signifie service dans les troupes.

Pensions aux officiers.

3. Un officier qui sera forcément mis à la retraite pour toute autre cause que celle d'inconduite ou d'incapacité, après vingt ans de service, aura droit à une pension viagère n'excédant pas un cinquantième de la solde et des allocations de son grade ou de sa nomination permanente, lors de sa retraite, pour chaque année révolue de service.

(2.) Un officier qui se retirera volontairement après vingt-cinq ans de service aura droit à une pension viagère de vingt pour cent moindre que celle à laquelle il aurait droit s'il était forcément mis à la retraite.

(3.) Un officier qui se retirera volontairement après trente-cinq ans de service aura droit à la même pension que s'il était forcément mis à la retraite.

(4.) Il ne sera rien ajouté à cette pension pour aucun service au delà de trente-cinq ans.

(5.) Si le service n'a pas été constant, l'interruption ou les interruptions qui se seront produits dans la durée du service ne seront pas comptées.

(6.) Dans le cas d'un officier qui, avant de le devenir, aura servi comme sous-officier ou simple soldat, le temps durant lequel il aura ainsi servi pourra être compris dans la durée de son service pour les fins du présent acte, sauf les prescriptions du paragraphe 2 de l'article 5.

(7.) Le temps de service fait dans le Service Civil et reconnu par l'acte de pension du dit Service Civil, peut compter en faveur d'un officier qui reçoit pension en vertu de l'acte de milice et, dans ce cas, la retenue annuelle qui doit être faite d'après le paragraphe 2 de l'article 5 sera réduite par la déduction moyenne, chaque année, sur son salaire comme officier, commis ou employé du Service Civil d'après et pour l'objet de l'acte de pension du Service Civil ou aucun amendement à icelui.

(8.) Sous les conditions de l'article 5, sous-section 2 du présent acte, le temps de service dans les forces régulières de Sa Majesté peut compter pour la pension dans le cas d'un officier transféré à la force permanente lorsque le gouvernement du Canada s'est chargé des garnisons de Halifax et Esquimalt.

4. Un officier n'aura droit à une pension ou gratification que si le ministre est satisfait de la manière dont il aura rempli ses devoirs.

5. Il sera fait sur la solde de chaque officier, à titre de contribution aux allocations de retraite ci-dessus mentionnées, une retenue de cinq pour cent par année de cette solde ; mais cette retenue ne sera pas faite durant plus de trente-cinq ans de service.

2. Si un officier devient à avoir droit à une pension, et si la retenue sur sa solde prévue au présent article n'a pas été faite pendant un aussi grand nombre d'années que celui sur lequel est basée sa pension, le montant collectif

de la solde qu'il aura reçue pendant les années pour lesquelles cette retenue n'aura pas été faite sera divisée par le nombre de ces années, afin de constater la moyenne de la solde de cet officier durant ces années, et il sera fait une déduction annuelle s'élevant à cinq pour cent de cette solde moyenne, sur la pension de cet officier, et cette déduction annuelle continuera d'être faite jusqu'à l'expiration du nombre d'années en dernier lieu mentionné, ou jusqu'à la cessation du paiement de la pension, quelle que soit celle de ces éventualités qui se produira la première ; néanmoins, si l'officier le juge à propos, il pourra combler la différence dans la retenue en un seul paiement.

3. Les sommes retenues en vertu du présent article formeront partie du fonds du revenu consolidé du Canada.

6. Si un officier est contraint, par suite de quelque infirmité physique ou mentale, de quitter le service avant l'époque à laquelle il pourrait lui être accordé une pension, le ministre pourra, sur la recommandation d'un conseil composé de trois officiers d'un grade non inférieur à celui de major, choisis par l'officier général commandant, lui allouer une gratification n'excédant pas un mois de solde pour chaque année de son service ; et si cet officier est ainsi contraint de quitter le service avant cette époque à cause de quelque blessure grave, reçue sans qu'il y ait eu de sa faute, dans l'exercice de ses fonctions, le ministre pourra, sur la recommandation du dit conseil, lui accorder une gratification n'excédant pas trois mois de solde pour chaque deux années de service.

7. Si un officier est révoqué ou congédié en vue d'obtenir plus d'efficacité ou d'opérer une économie dans le service, le ministre pourra, sur la recommandation d'un conseil tel que celui mentionné à l'article précédent, lui accorder la gratification à laquelle il aurait eu droit s'il eût été congédié pour cause d'infirmité physique ou mentale permanente.

Pensions aux sous-officiers et simples soldats.

8. Sauf les dispositions du présent acte, tout milicien,—

(*a*) S'il a servi pendant vingt ans au moins, aura droit de se retirer et de recevoir une pension viagère ; et

(*b*) S'il a servi pendant quinze ans au moins, et est devenu incapable de remplir ses devoirs par suite d'infirmité mentale ou physique, il aura droit de se retirer et de recevoir une pension viagère.

2. Mais tout milicien qui recevra une pension en vertu du présent article avant d'avoir terminé ses vingt ans de service, pourra être rappelé au service, ainsi que le prescrit le présent acte, si son incapacité cesse.

9. La pension d'un milicien lors de sa retraite sera basée sur l'échelle suivante, savoir :—

(*a*) S'il a servi pendant quinze ans révolus, mais moins de vingt ans, il recevra une somme annuelle égale à un cinquantième de sa solde annuelle pour chaque année de service complète ;

(*b*) S'il a servi pendant vingt ans révolus, mais moins de vingt-cinq ans, il recevra une somme annuelle égale à vingt cinquantième de la solde annuelle avec addition de deux cinquantièmes de sa solde pour chaque année de service complète en sus de vingt ans ;

(*c*) S'il a servi pendant vingt-cinq ans révolus, il recevra une somme annuelle égale à trente cinquantièmes de sa solde annuelle, avec addition d'un cinquantième de sa solde annuelle pour chaque année de service complète en sus de vingt-cinq ans, sans, toutefois, que sa pension puisse excéder les deux tiers de sa solde annuelle lors de sa retraite.

(*d*) Le temps de service fait dans les forces régulières de Sa Majesté comptera pour la pension dans le cas des sous-officiers et soldats transférés à la force permanente lorsque le gouvernement du Canada s'est chargé des garnisons de Halifax et Esquimalt.

10. Lorsqu'il s'agira d'établir le chiffre de la pension d'un milicien,—

(*a*) Si le service n'a pas été constant, la période ou les périodes durant lesquelles ce service aura été interrompu ne seront pas comptées ;

(*b*) La solde annuelle d'un milicien à la date de sa retraite doit s'entendre de la moyenne du chiffre annuel de la solde, à part toute solde supplémentaire ou toutes allocations, qu'il aura reçue pendant les trois ans qui auront précédé cette retraite, et non de la somme annuelle réellement reçue par lui à cette date.

11. Aucune pension ne sera accordée à un milicien à moins qu'un conseil composé de trois officiers, dont l'un devra occuper un grade non inférieur à celui de major, aura attesté ses états de service et sa bonne conduite, et

que le conseil a reçu des témoignages qui justifient l'octroi d'une pension en vertu du présent acte.

12. Lorsqu'un milicien aura servi pendant vingt ans révolus, l'officier général commandant pourra, sur le recommandation de ce conseil et avec l'approbation du ministre, exiger qu'il se retire aux conditions de pension prescrites par le présent acte.

13. Avant qu'une pension ne soit accordée à un milicien qui, après avoir servi pendant moins de vingt ans, se retirera pour cause d'infirmité mentale ou physique le rendant incapable de remplir ses devoirs, un conseil médical composé du plus ancien chirurgien de la batterie, de l'escadron ou du régiment dont fera partie ce milicien, et de deux autres médecins légalement autorisés à pratiquer, attestera que ce milicien est réellement invalide, et que cette invalidité sera probablement permanente ; et ensuite, jusqu'à ce que cesse le pouvoir donné par le présent acte de requérir ce milicien de servir de nouveau, il devra, lorsqu'il en sera requis, fournir une preuve satisfaisante, attestée par un médecin légalement autorisé à pratiquer, que cette invalidité se continue.

2. Si cette invalidité cesse avant l'expiration du temps qui, avec la période de service antérieure à sa retraite, formerait une période de vingt ans, le milicien pourra être appelé à servir de nouveau dans les troupes ; et si, avant l'expiration de ce temps, il refuse de servir, ou si, pendant qu'il servira de nouveau, il néglige de remplir ses devoirs d'une manière satisfaisante, étant en bonne santé, il perdra sa pension.

3. Un milicien servant ainsi de nouveau aura le droit de se retirer à la même époque que celle à laquelle il aurait pu le faire si le temps qui s'est écoulé entre sa retraite et son rappel au service eût été du service, mais le temps ainsi écoulé ne sera pas compté comme service en calculant sa pension lors de sa retraite.

4. Si un milicien manque ou refuse, lorsqu'il en sera requis, de se faire examiner par un médecin légalement autorisé à pratiquer, le ministre aura le même pouvoir d'exiger que ce milicien rentre de nouveau au service, et, avec l'approbation du Gouverneur en conseil, de déclarer périmée la pension de ce milicien, que celui qu'il aurait eu, en vertu du présent article, s'il eût été assuré, par le témoignage d'un médecin légalement autorisé à pratiquer, que l'invalidité de ce milicien avait cessé.

14. Lorsqu'une pension sera accordée à un milicien pour cause d'infirmité mentale ou physique, et qu'un conseil médical, constitué ainsi qu'il est prescrit en l'article précédent, attestera que cette infirmité a été occasionnée par la faute ou les mauvaises habitudes de ce milicien, ou qu'elles y ont contribué, et si ce milicien a droit, en vertu du présent acte, à une pension d'un montant fixe, le Gouverneur en conseil pourra lui accorder une pension moindre que le dit montant fixe auquel il aurait d'ailleurs eu droit.

15. Une pension ne sera accordée à un milicien, en vertu du présent acte, qu'à la condition qu'elle sera périmée et pourra être retirée dans chacun des cas suivants :—

(*a*) Si le pensionnaire est convaincu de quelque acte criminel ; ou

(*b*) S'il fait sciemment société avec des voleurs ou des personnes suspectes ; ou

(*c*) S'il refuse de donner aux autorités les informations et l'aide en son pouvoir pour la découverte des crimes, l'arrestation des criminels, ou la répression des infractions à la paix publique.

16. Tout milicien qui obtiendra une pension en vertu du présent acte au moyen de fausses représentations ou de faux témoignages, ou en se faisant passer pour un autre, ou en simulant ou feignant la maladie ou une infirmité, ou en s'estropiant ou blessant lui-même, ou se faisant estropier ou blesser, ou en provoquant autrement quelque maladie ou infirmité, ou par tout autre moyen frauduleux, sera passible d'un emprisonnement, avec ou sans travaux forcés, de douze mois au plus, ou d'une amende de cent piastres au plus, et perdra la pension qu'il aura obtenue.

2. Toute infraction prévue au présent article pourra être poursuivie d'une manière sommaire, en vertu de la partie LVIII du Code criminel, 1892.

Pensions aux femmes et enfants des officiers.

17. Sauf les dispositions ci-après contenues, le Gouverneur en conseil pourra, s'il le juge à propos, accorder une pension à la veuve et une allocation de commisération à chacun des enfants de tout officier qui, ayant terminé ses vingt ans de service, recevait lors de son décès sa solde entière ou une pension.

18. Cette pension ou allocation de commisération ne sera pas accordée dans les cas suivants :—

(*a*) Si, de l'avis du ministre, la personne qui la demande n'en est pas digne ;

(*b*) Si, de l'avis du ministre, elle est déjà riche ;

(*c*) Si l'officier décédé a été dispensé du service à sa propre demande, bien que capable de le faire, lorsqu'il a été appelé et requis de servir, après avoir été officiellement prévenu que sa famille perdrait par là tout droit à une pension et à une allocation de commisération ;

(*d*) Si l'officier s'est marié après sa mise à la retraite ;

(*e*) Si l'officier était, à l'époque de son mariage, âgé de plus de soixante ans ;

(*f*) Dans le cas d'un officier qui se sera marié après le premier jour de juillet mil neuf cent un, s'il avait plus de vingt-cinq ans de plus que sa femme ;

(*g*) Si l'officier est mort moins d'un an après son mariage, à moins qu'il ne fût évidemment en bonne santé lors de son mariage, et que sa mort a été causée par une maladie ou un accident dû à des causes hors de son contrôle, et que le ministre soit convaincu qu'il n'y a pas d'autres objections à ce qu'il soit accordé une pension ou une allocation de commisération.

19. La pension accordée à une veuve sera comme il suit :—A la veuve d'un colonel, cinq cents piastres ; d'un lieutenant-colonel, quatre cent cinquante piastres ; d'un major, trois cent cinquante piastres ; d'un capitaine, deux cent cinquante piastres ; d'un lieutenant ou second lieutenant, deux cents piastres ; d'un officier par brevet, cent piastres.

20. L'allocation de commisération à un enfant sera comme il suit :—A l'enfant d'un colonel ou lieutenant-colonel, quatre-vingts piastres ; d'un major, soixante-dix piastres ; d'un capitaine, soixante-cinq piastres ; d'un lieutenant ou second lieutenant, cinquante piastres ; d'un officier par brevet, vingt-cinq piastres.

2. Si les enfants ont perdu leur mère et que, de l'avis du ministre, ils soient en grand besoin, l'allocation sera double de celle établie par le présent article.

21. La somme totale payée à la veuve et aux enfants d'un officier ne pourra dépasser, en aucune année, le chiffre de la pension que recevait cet officier, ou à laquelle il aurait eu droit, selon le cas.

22. La pension d'une veuve ou l'allocation de commisération d'un enfant lui sera discontinuée si elle ou s'il en devient indigne, ou si elle ou s'il devient riche.

2. Si la veuve se remarie, sa pension sera suspendue du lendemain de son nouveau mariage ; mais, si elle redevient veuve, sa pension pourra lui être restituée, si elle en est digne d'ailleurs.

3. Si, par sa propre négligence ou omission, le droit d'une veuve à une pension n'est pas établi avant son décès, le montant de la pension qu'elle aurait pu recevoir ne sera pas accordé à ses représentants.

23. L'allocation de commisération aux enfants d'un officier ne sera pas accordée à un fils âgé de plus de dix-huit, ni à une fille âgée de plus de vingt et un ans ; et cette allocation cessera lorsque le fils atteindra l'âge de dix-huit ans et lorsque la fille atteindra l'âge de vingt et un ans ou se mariera.

24. Les pensions et allocations de commisération aux veuves et enfants des officiers seront payées à compter du lendemain du décès de l'officier jusqu'au trente-unième jour de juillet alors suivant ; et les paiements ultérieurs se feront annuellement et d'avance, à compter du premier jour de juillet de chaque année.

25. Rien de contenu au présent acte ne changera les dispositions des articles 342 à 356, tous deux inclusivement, de la partie III des Règlements et Ordres pour la Milice du Canada publiés en 1898, au sujet des pensions et allocations aux membres des familles d'officiers ou soldats tués sur le champ de bataille ou morts à la suite de blessures reçues au combat.

PRESENT :

HIS EXCELLENCY THE GOVERNOR GENERAL IN COUNCIL.

ON a Report dated 27th November, 1906, from the Minister of the Interior, submitting that at the session of 1906, the Legislative Assembly of the Province of Manitoba passed an Act, 5-6 Edward VII, chapter 94, the object of which was to confirm and ratify a plan of a portion of Section 36, Township 11, Range 11, East of the Principal Meridian, forming the Village of Whitemouth, prepared by E. J. Boswell, D.L.S. and P.L.S., and to substitute such plan for a defective plan of the same land which had been prepared by J. S. Dufresne, D.L.S., and to make certain provisions incidental to the cancellation of the one plan and the substitution of the other.

The Minister states that in this matter the Dominion and Provincial authorities have co-operated throughout. The survey and plan of Mr. Boswell purported to be made under the authority of the Special Survey Act of the Province, and Mr. Boswell acted therein under instructions from the Surveyor General of Canada.

The Minister further states that doubts having arisen as to whether the Special Survey Act covered the case, it was thought best to have what had been done ratified by the Provincial Legislature.

The Minister recommends that the Governor General in Council request that the Act be brought into force in the manner prescribed by its provisions.

The Committee submit the same for approval.

28–4 Clerk of the Privy Council.

AT THE GOVERNMENT HOUSE AT OTTAWA.

Monday, the 23rd day of July, 1906.

PRESENT :

HIS EXCELLENCY THE GOVERNOR GENERAL IN COUNCIL.

THE Governor General in Council is pleased to order and it is hereby ordered that the Regulations governing the administration of Dominion Lands in the Yukon Territory, other than coal lands, established by Order in Council of the 26th July, 1900, as amended by Orders in Council of the 22nd December, 1900, and the 8th April, 1902, shall not apply to any lands in the Yukon Territory which are suitable for agricultural purposes.

The Governor General in Council is further pleased to empower the Commissioner of the Yukon Territory to grant homestead entry for such agricultural lands under the following conditions :—

1. Every person who is the sole head of a family, and every male who has attained the age of eighteen years, who makes application in the form A in the schedule hereto, shall be entitled to obtain homestead entry for any area of Dominion Lands in the Yukon Territory (not exceeding 160 acres) which is suitable for agricultural purposes.

2. The entry for a homestead shall entitle the recipient to take, occupy and cultivate the land entered for and to hold possession of the same to the exclusion of any other person or persons whomsoever, and to bring and maintain actions for trespass committed on the said lands ; the title to the land shall remain in the Crown until an issue of a patent therefor, and the land shall not be liable to be taken in execution before the issue of the patent.

3. The privilege of homestead entry shall apply only to lands valuable for agricultural purposes. No person shall be entitled to such entry for land valuable for its timber, and the right of the homesteader shall in respect of the minerals in all cases be subject to the provisions of the Dominion Lands Act and regulations made thereunder. Homestead entry shall not be given for any land upon which there is water power which may serve to drive machinery, or if an entry has been given for such land it shall not be held to apply to so much of the land as is necessary for the utilization of such water power.

(*b*). A homestead entry shall control the surface rights only and shall not vest in the entrant any right to gold or other minerals.

(*c*). If a homestead is found to contain gold or other minerals, the right to operate the same may be exercised under the provisions of the mining clauses of the Dominion Lands Act, irrespective of any rights acquired under the homestead entry, and the homesteader shall be entitled to compensation to be assessed by duly appointed officers of the Department for any loss or damage so sustained.

(*d*). No homestead shall have a frontage of more than forty chains bordering on a lake or river.

(*e*). Each homestead, when located on a water frontage shall be marked on such frontage by two legal posts firmly fixed in the ground, one at each end of the front boundary of the claim. Parallel lines shall be drawn from each end of the front line, if possible, at right angles thereto and may be extended back as far as necessary to include an area not more than 160 acres in extent. Each of the two legal posts shall be flatted on the side facing the claim and upon it shall be written on the side facing the claim a legible notice stating the name or number of the claim, or both, and if possible its length in feet, the date when staked and the full christian and surname of the locator. The posts shall be numbered 1 and 2, respectively. It shall not be lawful to move No. 1, but No. 2 may be moved by a Dominion Land Surveyor if the distance between the posts exceeds the length prescribed by these regulations but not otherwise.

4. Every person applying for a homestead entry shall make affidavit before some one authorized to take the same on Form B in the schedule hereto ; and upon filing such affidavit with the Land Agent and upon payment to him of an office fee of $10.00 the Land Agent upon being satisfied as to the correctness of the statements contained in the affidavit, and that the land applied for is suitable for agricultural purposes, shall issue to the applicant a receipt according to Form C in the schedule hereto ; and such receipt shall be a certificate of the entry and shall be authority to the person obtaining it to take possession of the land described in it.

5. If a dispute arises between persons claiming the right to homestead entry for the same land, the Land Agent shall make an investigation to obtain evidence respecting the facts ; and his report thereon, together with the evidence taken, shall be referred to the Commissioner of the Yukon Territory for decision.

6. Every person who has obtained homestead entry shall be allowed a period of three months from its date within which to perfect the entry by taking in his own person, possession of the land and beginning residence thereon, and if the entry is not perfected within that period, it shall be void and the land shall be open to entry by another person or to such other disposition as the Minister of the Interior may direct.

7. At the expiration of two years from the date of his homestead entry, the settler, or in the case of his death, his legal representatives, upon having the land duly surveyed and proving, to the satisfaction of the Commissioner of the Yukon Territory, that he or they or some of them have resided upon and cultivated the land during the months of May, June, August, September, and October for two successive years and have brought at least ten acres under cultivation and have erected upon the land a habitable dwelling, shall be entitled to a patent for the land, if such proof is accepted by the Commissioner of Dominion Lands.

(*a*) Proof of residence, erection of a habitable house and amount of cultivation shall be made by the claimant by affidavit and shall be corroborated by the evidence and oath of two disinterested witnesses and shall be subject to acceptance as sufficient by the Commissioner of Dominion Lands. Such affidavits must be made upon a form of application for patent to be provided for the purpose and may be sworn to before any person authorized to take affidavits in the Yukon Territory.

8. If a settler has obtained a patent for his homestead he may obtain entry for a second homestead, and the requirements of these regulations as to residence may be satisfied by residence upon the first homestead if the second homestead applied for is within five miles of the first homestead.

9. If it is proved to the satisfaction of the Minister of the Interior,—

(*a*) That the settler has not resided upon his homestead for at least six months in any one year ; or—

(*b*) That the settler has failed to erect a habitable house and to commence actual residence in the same within three months of the date of such entry, and to continue and maintain such residence and cultivation as required, or that he has failed to make permanent improvments on the land to the aggregate value of $2.00 per acre within two years from the time allowed for the perfecting of his entry ;

His right to the land shall be liable to forfeiture in the discretion of the Minister.

10. Failure on the part of any person who has obtained a homestead entry to apply, as hereinbefore provided for the patent for his homestead within a period of three years from the date of his homestead entry, shall render his right liable to forfeiture in the discretion of the Minister of the Interior.

11. In the case of illness vouched for by sufficient evidence, or in other special cases, the Minister may, in his discretion grant an extension of time during which a settler may be absent from his homestead, without prejudice to his right therein ; but the time so granted shall not be reckoned as residence.

12. Unless the Minister of the Interior otherwise declares every assignment or transfer of homestead rights, or any part thereof, and every agreement to assign or transfer any homestead or any part thereof, made or entered into before the issue of the patent, shall be null and void, and such action on the part of the homesteader shall render his entry liable to forfeiture in the discretion of the Minister.

Clerk of the Privy Council.

AT THE GOVERNMENT HOUSE AT OTTAWA.

Wednesday, the 12th day of December, 1906.

PRESENT :

HIS EXCELLENCY THE GOVERNOR GENERAL IN COUNCIL.

ON a Report dated 3rd December, 1906, from the Minister of the Interior, submitting with regard to an application which has been made to him by the representatives at Edmonton of "The Board of Management of the Church and Manse Building Fund of the Presbyterian Church in Canada" hereinafter called the Board,—as follows :—

1. By letters patent bearing date the seventeenth day of December, A.D., 1898, letters patent were issued in favour of the Board, under the provisions of section 31 of The Dominion Lands Act, for the following parcel or tract of land, namely : "All that parcel or tract "of land, situate, lying and being in the fifty-fourth "township in the twenty-second range, west of the "fourth Meridian in the Provisional District of Alberta "in the North-west Territories, in Our Dominion of "Canada, and being composed of that certain portion of "the North-west quarter of section thirty-two, of the "said township, particularly described as follows, that is "to say :—Beginning at a point on the western limit "of the road allowance on the western boundary of "River Lot eleven as shown on the plan of Fort Sask-"atchewan Settlement, signed by M. Deane, Dominion "Land Surveyor, approved and confirmed by Edouard "Deville for the Surveyor General, and of record in "the Department of the Interior, under number three "thousand five hundred and seventy-one ; said point "being distant one chain measured south-westerly at "right angles from the west boundary of said Lot "eleven, and distant fifty-seven chains and fifteen and "and a half links, measured north-westerly along said "west boundary from the most southerly corner of "said lot, thence north-westerly along the western "limit of said road allowance, a distance of four "chains ; thence south-westerly at right angles to said "western limit a distance of five chains ; thence south-"easterly parallel to said western limit, a distance of "four chains ; thence north-easterly at right angles to "the last course a distance of five chains, more or less "to the point of beginning, containing by admeasur-"ement two acres, more or less", subject to the reservations, exceptions, provisos and conditions expressed in such letters patent, one of such provisos or conditions being that the lands so granted to the Board should be held by the Board, its successors and assigns, forever, in trust for the purposes of the Congregation of the Presbyterian Church in Canada at Fort Saskatchewan Mission, in the Province of Alberta, to be devoted to the public purposes, within the meaning of the said section 31 of The Dominion Lands Act, for which the lands had been applied for and so granted, namely, the purposes of the above mentioned Congregation.

2. The Canadian Northern Railway Company acting under the powers given to that company by its Act of incorporation and other Acts including The Railway Act of Canada, requiring for the purposes of the railway of that company a portion of the said two acres of land so granted to the Board, has taken possession of it and has applied to the Board for a transfer of it to the company.

3. The company has offered to fully compensate the Board for the value of the portion so taken by the company, of the said two acres of land and for all damage sustained by the Congregation of the Presbyterian Church in Canada at Fort Saskatchewan Mission, or by the Board, because of the taking by the company, under the statutory powers before referred to, of such portion of land, so soon as the Board transfers the same to the company ; but the Board because of the proviso or condition, in the said letters patent, that the said two acres so thereby granted to the Board should be used for the purposes of the above mentioned Congregation, has applied to the Minister of the Interior for his consent to the execution of the necessary transfer to the company, before having it executed by the proper officers or representatives of the Board.

The Minister, in view of the powers of the company to compel the Board, by taking expropriation proceedings under The Railway Act of Canada, to convey the said portion of land so required by, and so taken possession of by the company for the purposes of its railway, and in view of the delay and expense that would arise if such proceedings had to be taken in this matter, recommends that permission be given to the Board to execute any transfer or conveyance to the company its successors and assigns of the said portion of land, as may be necessary to vest in the company as good a title to the said portion of land as the company is entitled to obtain to it under and by virtue of the provisions of its Act of Incorporation or and any other Act of the Parliament of Canada including the said Railway Act of Canada.

The Committee submit the same for approval.

Clerk of the Privy Council.

WHEREAS Section 22, Township 16, Range 28, West Fourth Meridian, was set apart and appropriated under the authority of an Order in Council dated 9th August, 1900, for a reserve for the purposes of the Department of Agriculture for such length of time as the Department of Agriculture might require the use of the land in connection with a proposal to place dipping vats and other appliances thereon for the treatment of cattle affected with mange ;

And whereas, it has been represented to the Minister of the Interior by the High River Stock Association that the Section in question is no longer required for the purpose mentioned ; and that the Department of Agriculture has intimated that there does not appear to be any necessity, in view of the Association's representations in this regard, that the reservation should be continued,—

Therefore, the Governor General, by and with the advice of the King's Privy Council for Canada, is pleased to order and direct that Section 22, Township 16, Range 28, West Fourth Meridian, shall be and the same is hereby released from the reservation constituted by the Order in Council of the 9th August, 1900 and to authorize the Minister of the Interior to make other disposition thereof.

AT THE GOVERNMENT HOUSE AT OTTAWA

Wednesday, the 5th day of December, 1906.

PRESENT :

HIS EXCELLENCY THE GOVERNOR GENERAL IN COUNCIL.

ON a Report dated 24th November, 1906, from the Minister of the Interior, stating that he has considered an application which was made in March, 1906, by the Honourable John Nesbitt Kirchhoffer, of Brandon, Manitoba, for a lease of the sections and parts of sections of marsh lands, hereafter mentioned, on the southerly shore of Lake Manitoba, in the Province of Manitoba, to be used as a preserve for wild fowl and other game that may resort thereto ; for hunting or shooting purposes and for the erection of shooting lodges thereon, and that as he, the Minister of the Interior, is satisfied from reports that have been submitted to him and from the survey records of the Department of the Interior that such marsh lands are not valuable for agricultural purposes and that they are by nature most suitable to the purposes mentioned in the application before referred to, he has concluded that all of such marsh lands which are now at the disposal of the Crown, as represented by the Dominion, may properly be leased to the applicant for a term of twenty-one years at the rate of five dollars per section per annum and a proportionate rate for each part of a section.

The Minister further states that the lands for which the Honourable Mr. Kirchhoffer has applied are : Sections six, seven, seventeen, eighteen, nineteen, twenty, thirty, thirty-one and thirty-two in Township fourteen and the south half and the north east quarter of Section five in Township fifteen, all in Range five, west of the first Meridian, and Sections one, three, thirteen, fifteen, twenty-one, twenty-three and twenty-five and the south half of Section twenty-seven in Township fourteen in Range six, west of the same meridian.

The Minister recommends that, a lease be granted to the Honourable John Nesbitt Kirchhoffer for the marsh lands above specified, or for such of them as are now at the disposal of the Crown as represented by the Dominion, to be used for the purposes before mentioned, for the said rental of five dollars a section, or proportionate rate for part of section, for a term of twenty-one years, by a lease to be executed by the Minister of the Interior and the Honourable John Nesbitt Kirchhoffer and otherwise completed in accordance with a draft to be prepared by the Deputy Minister of Justice, and to contain in addition to other necessary and usual terms, provisoes and conditions, a proviso or condition that if at any time during the said term of twenty-one years it is established that the Province of Manitoba is entitled to the said marsh lands so to be leased, or to any of them, as "swamp lands" under the provisions of Section 4 of chapter 47 of the Revised Statutes of Canada, the said lease nd every clause, covenant, proviso, condition, matter or thing therein contained, shall immediatefy thereafter cease and determine and become absolutely null and void, but as regards only such of the said marsh lands as the Province may so establish its claim to as "swamp lands."

The Committee submit the same for approval.

JOHN J. McGEE,
26-4 Clerk of the Privy Council.

[Ref. 1,323,761.]

AT THE GOVERNMENT HOUSE AT OTTAWA.

Saturday, the 8th day of December, 1906.

PRESENT :

HIS EXCELLENCY THE GOVERNOR GENERAL IN COUNCIL.

ON a report, dated 26th November, 1906, from the Minister of the Interior, stating that the Commissioners who investigated and adjudicated upon the claims of the Half-Breed residents of the Peace River and Athabasca district, when the Treaty was concluded with the Indians of that territory in 1899, reported to the then Minister of the Interior that Mr. Colin Johnston, of Athabasca Landing, and formerly of the Province of Manitoba, had preferred a claim before them to share in the grant of scrip to Half-Breeds, and that they were precluded from entertaining such claim as Mr. Johnston was a resident on the 15th July, 1870, of the Province of Manitoba and the time fixed by the Order in Council of the 20th April, 1885, within which evidence in support of this class of claims had to be submitted, had expired on the 1st May, 1886. They recommended, however, that as the claimant had been born prior to the 15th July, 1870, and was a resident at that date of the Province of Manitoba, which were the essential requirements to entitle a person to participate in the grant of scrip or land to the Half-Breeds of the Province of Manitoba, and further, as the claims of his brothers and sisters had been satisfied by an issue of scrip in 1886, that, if possible his case should be favourably considered.

The Minister further states that, it was subsequently ascertained that Mr. Johnston had participated in the annuity payments to Indians with the St. Peter's Band of Indians up to the year 1890, and following the practice which governed the issue of scrip to the Half-Breeds of the Province of Manitoba his claim could not, in any event, have received recognition until he had been granted his certificate of discharge from the band of Indians of which he was a member. Such certificate has, however, been recently issued to Mr. Johnston by the Indian Commissioner.

The Minister, who has had the case under his careful consideration, is of the opinion that Mr. Johnston's claim is well founded and that it should be allowed, and he, therefore, recommends that an issue of scrip be authorized in satisfaction thereof in favour of Mr. Colin Johnston for two hundred and forty acres of land of the class open to entry as homesteads.

The Committee submit the same for approval.

JOHN J. McGEE,
26-4 Clerk of the Privy Council.

THE SENATE.

Substance of Rules of the Senate relating to Notices and Applications for Bills of Divorce.

As Revised and brought in force 22nd March, 1906.

Every applicant for a Bill of Divorce shall give notice of his or her intended application, and shall specify therein from whom and for what cause such divorce is sought, and shall cause such notice to be published during at least three months before the consideration by the Committee on Divorce of his or her petition for the said Bill, in the *Canada Gazette* and in two newspapers published in the district in Quebec, Manitoba, Saskatchewan, Alberta, British Columbia or the Northwest Territories, or in the county or union of counties in other provinces, wherein such applicant usually resided at the time of the separation of the parties; but if the requisite number of papers cannot be found therein, then in an adjoining district or county or union of counties.

Notices given in the Provinces of Quebec and Manitoba are to be published in one English and one French newspaper, if there be such newspapers published in the district, but otherwise shall be published in one newspaper in both languages. If a notice given for any session of Parliament is not completed in time to allow the petition to be dealt with during that session, the petition may be presented and dealt with during the next ensuing session, without any further publication of such notice.

A copy of the said notice and a copy of the petition to be presented shall, at the instance of the applicant, and not less than two months before the consideration by the Committee of the petition, be served personally, when that can be done, on the person from whom the divorce is sought, who is hereinafter called "the respondent."

If the residence of the respondent is not known or personal service cannot be effected, then, if it be shown to the satisfaction of the Committee that all reasonable efforts have been made to effect personal service, and, if unsuccessful, to bring such notice and petition to the knowledge of the respondent, what has been done may be deemed and taken by the Committee as sufficient service.

No petition for a bill of divorce shall be presented to the Senate after the first sixty days of the Session.

The petition of an applicant for bill for divorce must be fairly written and must be signed by the petitioner, and should briefly set forth the marriage, the names in full of the parties thereto, their ages and occupations, when, where and by whom the ceremony was performed, the domicile and residence of each of the parties at the time of the marriage, their matrimonial domicile, residence, and any change thereof, the material facts upon which the petitioner relies as the grounds on which relief is asked, and the nature of the relief prayed for.

The petition should also negative connivance at, or condonation of the wrong complained of and collusion in the application for divorce.

The allegations of the petition must be verified by declaration of the petitioner, under *The Canada Evidence Act, 1893.*

The copy of the petition served upon the respondent shall have endorsed thereon, or appended thereto, the following information:—

(*1*) The petitioner's residence at the time of service

(2) A Post Office address in Canada at which letters and notices for the petitioner may be delivered.

(3) The name and address of the solicitor, if any, acting for the petitioner.

(4) If such solicitor's address is not at Ottawa, the name and address of some agent for him at Ottawa, upon whom all notices and papers may be served.

(5) That if the respondent desires to oppose the granting of the divorce and to be heard by the Senate Committee on Divorce, the respondent must send a notice to that effect to the Clerk of the Senate at the Parliament Buildings, Ottawa, within two months from the date of service upon the respondent, and must in the notice to the Clerk of the Senate give :—

(a) The respondent's residence at the time of sending such notice.

(b) A Post Office address in Canada at which letters and notices for the respondent may be delivered.

(c) The name and address of the solicitor, if any, acting for the respondent.

(d) If such solicitor's address is not at Ottawa, the name and address of some agent for him at Ottawa upon whom all notices and papers may be served.

(6) That, if the respondent does not so notify the Clerk of the Senate, the petition may be considered, and a bill of divorce founded thereon may be passed, without any further notice to the respondent.

(7) When the petition is one by a husband for a divorce from his wife, that, if the wife shows to the satisfaction of the Senate Committee on Divorce that she has, and is prepared to establish upon oath, a good defence to the charges made by the petition, and that she has not sufficient money to defend herself, the Committee may make an order that her husband shall provide her with the necessary means to sustain her defence, including the cost of retaining Counsel and the travelling and living expenses of herself and of witnesses summoned to Ottawa on her behalf.

No petition for a bill of Divorce shall be considered by the Committee unless the applicant has paid into the hands of the Clerk of the Senate the sum of two hundred and ten dollars, ($210.)

The petition when presented to the Senate shall be accompanied by the evidence of the publication of the notice, and by declaration in evidence of the service of a copy of the notice and of a copy of the petition.

A copy of every petition for a Bill of Divorce, or relating to any matter arising out of an application for divorce, and of every document and paper accompanying such petition or produced in evidence before the Committee, shall be furnished to the Committee by the person on whose behalf the petition, document or paper is presented or produced.

ARRÊTÉS EN CONSEIL.

HOTEL DU GOUVERNEMENT À OTTAWA.

Vendredi, le 21e jour de septembre 1906.

PRÉSENT :

SON EXCELLENCE LE GOUVERNEUR GÉNÉRAL EN CONSEIL.

CONSIDÉRANT que l'on a demandé cinq acres du ¼ sud-est de la section 17, township 1, rang 8, à l'est du 1er méridien, pour des fins de cimetière, lesquels cinq acres sont décrits comme suit :—

Un lopin de terre contenant cinq acres d'étendue à l'angle sud-est du quart sud-est de la section 17, township 1, rang 8, à l'est du principal méridien, mesurant vingt chaînes nord et sud et deux chaînes et demie est et ouest ;

Et considérant qu'il appert que le terrain en question est nécessaire pour la fin susdite, et que l'intérêt du public n'en souffrirait aucunement si la demande était accordée,—

A ces causes, il plaît au Gouverneur général en conseil, en vertu de l'article 31 de l'Acte des terres fédérales, d'accorder les cinq acres ci-dessus décrits qui sont vacants et disponibles pour des fins de cimetière, aux fidéicommissaires de la compagnie de cimetière, c'est-à-dire Gorash Kosowan, John Gushlak, Nicholas Gushlak, tous d'Arbakka, Manitoba.

HOTEL DU GOUVERNEMENT À OTTAWA.

Mercredi, le 5e jour de décembre 1906.

PRÉSENT :

SON EXCELLENCE LE GOUVERNEUR GÉNÉRAL EN CONSEIL.

SUR un rapport daté le 24 de novembre 1906, du ministre de l'Intérieur, disant qu'il a étudié une demande faite en mars 1906 par l'honorable John Nesbitt Kirchhoffer, de Brandon, Manitoba, pour l'affermage des sections et parties de sections de terrains marécageux ci-après mentionnés, sur la rive sud du lac Manitoba, dans la province du Manitoba, pour servir de réserve d'oiseaux sauvages et autre gibier qui les fréquentent ; pour des fins de chasse, et pour y construire des maisons de chasse, et vu que lui, le ministre de l'Intérieur, est convaincu

d'après des rapports qui lui ont été soumis, et d'après les rapports d'arpentage dans le ministère de l'Intérieur que ces terrains marécageux n'ont aucune valeur comme terres agricoles, et qu'ils sont naturellement très propres aux fins mentionnées dans la susdite demande, il en est venu à la conclusion que toute l'étendue de ces terrains marécageux qui est aujourd'hui à la disposition de la Couronne représentée par le Dominion, peut convenablement être affermée au requérant pour un terme de vingt-un ans au taux de cinq piastres par section par année, et à un taux proportionnel pour chaque partie d'une section.

Le Ministre dit de plus que les terrains demandés par l'honorable M. Kirchhoffer, savoir, les sections six, sept, dix-sept, dix-huit, dix-neuf, vingt, trente, trente-un et trente-deux dans le township quatorze, et la moitié sud et le quart nord-est de la section cinq dans le township quinze, tous dans le rang cinq, à l'ouest du premier méridien, et les sections un, trois, treize, quinze, vingt-un, vingt-trois et vingt-cinq et la moitié sud de la section vingt-sept dans le township quatorze dans le rang six, à l'ouest du même méridien.

Le Ministre recommande qu'un bail soit accordé à l'honorable John Nesbitt Kirchhoffer pour les terrains marécageux ci-dessus spécifiés, ou pour la partie de ces terrains qui sont à la disposition de la Couronne représentée par le Dominion, pour servir aux fins ci-dessus mentionnées, moyennant la dite rente foncière de cinq piastres par section, ou taux proportionnel pour partie d'une section, pour la durée de vingt-un ans, en vertu d'un bail exécuté par le ministre de l'Intérieur et l'honorable John Nesbitt Kirchhoffer et d'ailleurs complété conformément à un projet que préparera le sous-ministre de la Justice, et qui contiendra en outre des termes, provisos et conditions nécessaires et usuels, un proviso ou condition que si en aucun temps durant la dite durée de vingt-un ans il est établi que la province du Manitoba a droit aux dits terrains marécageux ainsi affermés, ou à aucune partie d'iceux, comme "terrains marécageux" en vertu des dispositions de l'article 4 du chapitre 47 des Statuts Revisés du Canada, le dit bail, et chaque clause, convention, proviso, condition, matière ou chose y contenu, cessera immédiatement, et deviendra absolument nul et non avenu, mais seulement pour cette partie des dits terrains marécageux que la province pourra légalement réclamer comme "terrains marécageux".

Le comité soumet ce qui précède à l'approbation.

JOHN J. McGEE,
26–4 Greffier du Conseil privé.

HOTEL DU GOUVERNEMENT A OTTAWA,

Samedi, le 8e jour de décembre 1906.

PRESENT :

SON EXCELLENCE LE GOUVERNEUR GÉNÉRAL EN CONSEIL.

SUR un rapport daté le 26 novembre 1906, du ministre de l'Intérieur, disant que les commissaires qui ont examiné et décidé les réclamations des Métis de la Rivière LaPaix et district d'Athabasca, lorsque le traité fut conclu avec les Sauvages de ce territoire en 1899, ont fait rapport au ministre de l'Intérieur en exercice que M. Colin Johnston, d'Athabasca Landing, et autrefois de la province du Manitoba, leur avait demandé une part du scrip accordé aux Métis, et qu'ils n'avaient pu accéder à cette réclamation pour la raison que M. Johnston était le 15 de juillet 1870 un résident de la province du Manitoba, et que le délai fixé par l'arrêté en conseil du 20 d'avril 1885, pour fournir les preuves à l'appui de cette catégorie de réclamations était expiré le 1er de mai 1886. Ils recommandent, toutefois, vu que le réclamant est né avant le 15 de juillet 1870, et était à cette date un résident de la province du Manitoba, ce qui constituait des points essentiels pour permettre à une personne de participer à l'octroi de scrip ou de terres aux Métis de la province du Manitoba, et de plus, vu que les réclamations de ses frères et sœurs ont été liquidées par une émission de scrip en 1886, son cas devrait être favorablement considéré, si possible.

Le Ministre dit, de plus, qu'il a été subséquemment constaté que M. Johnston avait participé aux annuités payées à la bande des Sauvages de Saint-Pierre jusqu'à l'année 1890, et d'après la pratique suivie au sujet de l'émission de scrip aux Métis de la province du Manitoba, sa réclamation ne pouvait, dans tous les cas, être reconnue tant qu'il n'avait pas reçu sa quittance de la bande des Sauvages dont il était membre. Ce certificat a récemment été délivré à M. Johnston par le Commissaire des Sauvages.

Le Ministre, qui a étudié soigneusement le cas, est d'avis que la réclamation de M. Johnston est bien fondée et devrait être admise, et en conséquence il recommande qu'une émission de scrip soit autorisée en faveur de M. Colin Johnston pour deux cent quarante acres des terres qui sont ouvertes aux inscriptions de homesteads.

Le comité soumet ce qui précède à l'approbation.

JOHN McGEE,
26–4 Greffier du Conseil privé.

" tents dans le district dans lequel les présents travaux
" seront exécutés, et, s'il n'y a pas dans le dit district
" de gages ainsi reconnus, les gages payés devront être

87. (1) Les pétitions pour bills privés ne sont reçues par la Chambre que pendant les six premières semaines de la session, et tout bill privé sera présenté à la Chambre dans les deux semaines à compter de l'époque où l'Examinateur ou le comité des ordres permanents auront fait un rapport favorable sur la pétition, et nulle motion à l'effet de suspendre cette règle ne sera acceptée, à moins qu'au préalable le comité des ordres permanents n'ait présenté un rapport recommandant cette suspension et exposant les raisons la motivant.

2. Qu'il soit enjoint à tous les comités sur bills privés, dans le cas où les promoteurs ne seraient point prêts à procéder avec leurs mesures quand celles-ci auront été appelées deux fois en deux occasions différentes devant le comité pour y être discutées, de rapporter ces mesures à la Chambre sans délai, faisant connaître les faits, et avec la recommandation que ces bills soient retirés.

Dépôt de bills et honoraires.

88. (1) Toute personne qui voudra obtenir un bill privé sera tenu de déposer entre les mains du greffier de la Chambre, au moins huit jours avant la réunion de la Chambre, un exemplaire de ce bill en anglais ou en français, avec une somme suffisante pour en payer la traduction et l'impression, la traduction en devant être faite par les fonctionnaires de la chambre, et l'impression par le département des impressions publiques, et si pareil bill n'est pas déposé dans le délai ci-dessus prescrit, le solliciteur devra, en sus des frais d'impression et de traduction, payer la somme de (cinq) dollars pour chaque jour qui s'écoulera entre le dit huitième jour avant la réunion de la Chambre et la date de la présentation du bill ; mais ces taxes additionnelles ne devront pas dépasser en totalité la somme de deux cents dollars.

2. Après la deuxième lecture d'un bill et avant son examen par le comité auquel il a été renvoyé, celui qui en fait la demande doit dans tous les cas verser le prix de l'impression de la loi dans les statuts ainsi qu'un droit de deux cents piastres.

Taxes supplémentaires.

6. S'il est apporté quelque changement dans le capital social projeté d'une compagnie, ou s'il y est fait aucune augmentation à une phase quelconque d'un bill, le dit bill ne passera pas à la phase suivante tant qu'il n'aura pas été déposé un certificat du fonctionnaire qu'il appartient attestant que le versement des taxes résultant de ce changement a été régulièrement effectué,

SÉNAT.

Substance des règles et formes de procéder du Sénat concernant les bills de divorce.

Telles que revisées et mises en vigueur le 22 mars 1906.

Tout pétitionnaire en divorce doit annoncer son intention de demander un bill de divorce, par un avis spécifiant contre qui et pour quelle cause le divorce sera demandé ; il fait insérer cet avis, pendant trois mois au moins avant la prise en considération par le comité des divorces de sa pétition pour obtenir le bill, dans la *Gazette du Canada* et dans deux journaux—du district où il avait sa résidence habituelle à l'époque de sa séparation d'avec son conjoint, s'il résidait alors dans la province de Québec, le Manitoba, la Saskatchewan, l'Alberta, la Colombie-Britannique ou les Territoires du Nord-Ouest,—ou du comté ou des comtés-unis, s'il résidait dans une autre province ; et à défaut de ce nombre de journaux, l'avis doit se publier dans le district, le comté ou les comtés-unis voisins.

Dans les provinces de Québec et du Manitoba, les insertions doivent se faire dans un journal anglais et un journal français, s'il en existe des deux langues dans le district ; autrement, elles se font en anglais et en français au même journal. Si l'avis donné pour une session expire trop tard pour qu'il puisse être statué sur la pétition pendant cette session, la pétition pourra être présentée et accueillie à la session suivante sans nouvelle publication d'avis.

Une copie de cet avis et une copie de la pétition qui sera présentée doit, à la diligence du pétitionnaire et au moins deux mois avant la prise en considération de la pétition par le comité, être signifiée en main propre si cela est possible, à la personne contre laquelle le divorce sera demandé, ci-après appelée " partie défenderesse ".

Si la résidence de la partie défenderesse n'est par connue, ou que la remise de l'avis ne peut être faite en ses mains, s'il est prouvé, d'une manière jugée satisfaisante par le comité, que tous les efforts raisonnables ont été faits pour opérer la signification en main propre, et, en cas d'inutilité de ces efforts, pour porter l'avis et la pétition à la connaissance de la partie défenderesse, ces diligences peuvent être tenues pour une suffisante notification.

Aucune pétition en divorce n'est reçevable après l'expiration des soixante premiers jours de la session.

Toute pétition en divorce doit être écrite lisiblement et porter la signature du pétitionnaire. Elle énonce sommairement le fait du mariage, en indiquant les noms au long, l'âge et l'état des parties, en quel temps, en quel lieu et par qui a été faite la célébration ; le domicile et la résidence de chacune des parties à l'époque du mariage, leur domicile conjugal, leur résidence et tout changement qui en aurait eu lieu ; les faits essentiels sur lesquels est fondée la demande de redressement et la nature du redressement demandé.

La pétition doit aussi contenir l'assurance qu'il n'y a pas eu ni connivence, ni pardon pour les torts qui donnent lieu à la plainte, ni collusion dans la demande en divorce.

Les allégations de la pétition doivent être appuyées d'une déclaration du pétitionnaire, faite conformément à l'*Acte de la preuve en Canada, 1893*.

La copie de la pétition signifiée à la partie défenderesse portera en endos ou en annexe les renseignements suivants :

(*1*) La résidence du pétitionnaire à l'époque de la signification.

(*2*) Une adresse postale en Canada à laquelle les lettres et avis pour le pétitionnaire puissent être délivrés.

(*3*) Le nom et l'adresse de l'avocat, s'il y en a un, agissant pour le pétitionnaire.

(*4*) Si cet avocat n'a pas d'adresse à Ottawa, le nom et l'adresse de quelque agent le représentant à Ottawa, à qui tous avis et pièces puissent être signifiés.

(*5*) Si la partie défenderesse veut s'opposer à la demande en divorce et être entendue par le comité des divorces du Sénat, elle doit adresser un avis à cet effet au greffier du Sénat aux édifices du Parlement, Ottawa, dans les deux mois de la signification faite à la partie défenderesse et donner dans cet avis au greffier du Sénat :

(*a*) La résidence de la partie défenderesse à l'époque de l'envoi de l'avis.

(*b*) Une adresse postale en Canada à laquelle les lettres et avis pour la partie défenderesse puissent être délivrés.

(*c*) Le nom et l'adresse de l'avocat, s'il y en a un, agissant pour la partie défenderesse.

(*d*) Si cet avocat n'a pas d'adresse à Ottawa, le nom et l'adresse de quelque agent le représentant à Ottawa, à qui tous avis et pièces puissent être signifiés.

(*6*) Si la partie défenderesse ne notifie pas ainsi le greffier du Sénat, la pétition peut être prise en considération, et un bill de divorce basé sur cette pétition peut suivre son cours sans autre avis à la partie défenderesse.

(*7*) Lorsque la pétition est présentée par un mari pour obtenir le divorce contre sa femme, si celle-ci fait voir au comité d'une manière satisfaisante qu'elle peut opposer et qu'elle est prête à produire sous serment de bons moyens de défense contre les accusations portées dans la pétition, et qu'elle n'a pas l'argent nécessaire pour faire valoir ces moyens, le comité peut rendre un ordre que son mari ait à lui fournir la somme nécessaire pour qu'elle puisse présenter sa défense en retenant les service d'un conseil, payer ses frais de voyage et de séjour et ceux des témoins assignés de sa part à Ottawa.

La pétition en obtention d'un bill de divorce n'est prise en considération par le comité que lorsque le pétitionnaire a versé au bureau du greffier du Sénat une somme de $210.

La pétition, au moment de sa présentation au Sénat doit être accompagnée de la preuve de la publication d'avis et d'une déclaration établissant qu'une copie de l'avis de la pétition a été signifiée.

Une copie de toute pétition en obtention d'un bill de divorce, ou relative à quelque demande de divorce,—et une copie de tous documents et papiers accompagnant cette pétition, ou à produire devant le comité, devra être fournie par la personne au nom de laquelle la pétition, les documents ou les papiers seront présentés ou produits.

SAML. E. ST. O. CHAPLEAU,
Greffier du Sénat.

2. Afin de proroger le délai fixé pour la confection ou l'achèvement d'une ligne de chemin de fer, d'un canal, d'une ligne télégraphique ou téléphonique, ou d'autres travaux quelconques déjà autorisés,—dans un des principaux journaux de l'endroit où la compagnie a son siège ou est autorisée à avoir son siège ;

Tout avis par lettre enregistrée sera déposé à la poste à temps pour parvenir au Secrétaire de la province et au greffier de chaque conseil de comté et de chaque corporation municipale cinq semaines au moins avant la considération de la pétition par le comité des Ordres permanents ; et une déclaration statutaire établissant le fait du dépôt à la poste sera transmise au greffier du Sénat.

108. Nulle pétition pour la constitution en corporation d'une compagnie de chemin de fer ou d'une com-

109. Avant d'adresser au Sénat la pétition pour en obtenir la permission de présenter un bill privé ayant pour objet la construction d'un pont de péage, la ou les personnes qui ont l'intention de faire cette pétition doivent, en donnant l'avis prescrit par les règles précédentes mentionner en même temps et de la même manière, les péages qu'elles se proposent de percevoir, l'étendue du privilège, la hauteur des arches, l'espace libre entre les culées ou les piles pour le passage des trains de bois et des bateaux ; en outre, mentionner si le pont sera mobile ou non, et indiquer les dimensions de la partie mobile.

110. Aucune pétition en obtention d'un bill privé n'est reçue par le Sénat après les trois premières semaines de la session ; aucun bill privé ne peut lui être présenté après les quatre premières semaines de la session ; aucun rapport d'un comité permanent ou spécial sur un bill privé n'est reçu après les six premières semaines de la session.

114. Toute personne qui voudra obtenir un bill privé, si elle se propose de le présenter au Sénat, devra déposer entre les mains du greffier de cette Chambre, huit jours avant la réunion du Parlement, une copie du bill en langue anglaise ou en langue française, avec une somme d'argent suffisante pour en payer la traduction, laquelle sera faite par les traducteurs du Sénat, et payer l'impression de 600 exemplaires anglais et de 200 exemplaires français ; elle aura pareillement à verser entre les mains du greffier du Sénat, aussitôt après la deuxième lecture du bill, et avant la prise en considération par le comité auquel il aura été renvoyé, une somme de $200, avec les frais d'insertion de l'acte au corps des Statuts ; et elle remettra au commis-greffier du comité un reçu constatant le versement de ces sommes.

A PROCLAMATION.

A. B. AYLESWORTH, Attorney General, Canada.

WHEREAS in and by an Act of the Parliament of Canada passed in the session thereof held in the third year of Our Reign, chaptered sixty-one, and intituled "An Act respecting the Revised Statutes of Canada", it is recited that it has been found expedient to revise, classify and consolidate the public general statutes of Canada ; and that such revision, classification and consolidation are being made by Commissioners appointed by a certain Commission under the Great Seal of Canada bearing date the 21st day of November, 1902 ; and that it is expedient to provide for the incorporation therewith of the public general statutes passed during the said session and subsequent thereto, and for giving the force of law to the body of the Revised Statutes to result from such incorporation.

AND WHEREAS it is thereupon by the said Act, as it is amended by an Act of the said Parliament passed in the next following session thereof, chaptered thirty-six, and intituled "An Act to amend chapter 61 of the Statutes of 1903, respecting the Revised Statutes of Canada", amongst other things in effect enacted as follows :—

That so soon as the said Commissioners or a majority of them shall report in writing the completion of the said consolidation, including therein such Acts or parts of Acts passed during the said session held in the third year of Our reign and subsequent thereto as the Governor General may deem advisable to be so included, the Governor General may cause a printed Roll thereof, attested under his signature and that of the Clerk of the Parliaments to be deposited in the office of such Clerk ; and that such Roll shall be held to be the original of the said statutes so revised, classified and consolidated ; but that the marginal notes thereon, the reference to former enactments at the foot of the sections, and the explanatory notes and tables inserted by the Commissioners, shall form no part of the said statutes, and shall be held to have been inserted for convenience only, and may be corrected or omitted ;

And that there shall be appended to the said Roll a Schedule A similar in form to Schedule A appended to the Revised Statutes of Canada of 1886 ; and that the Commissioners may include in the said Schedule all Acts and parts of Acts which, though not expressly repealed, are superseded by the Acts so consolidated, or are inconsistent therewith, and all Acts and parts of Acts which were for a temporary purpose, the force of which is spent ;

And that the said Commissioners in consolidating the said statutes and in incorporating therewith the Acts or parts of Acts passed subsequent thereto and selected for inclusion therein as above provided may make such alterations in their language as are requisite in order to preserve a uniform mode of expression, and may make such minor amendments as are necessary to bring out more clearly what they deem to be the intention of Parliament or to reconcile seemingly inconsistent enactments, or to correct clerical or typographical errors ;

And that the Governor in Council, after such deposit of the said Roll may, by proclamation, declare the day on, from and after which the same shall come into force and have effect as law, by the designation of "The Revised Statutes of Canada, 190 ." ;

And that on, from and after such day, the same shall accordingly come into force and effect as, and by designation of, "The Revised Statutes of Canada, 19 ," to all intents as if the same were expressly embodied in and enacted by the said Act to come into force and have effect on, from and after such day :

And that on, from and after such day, all the enactments in the several Acts and parts of Acts in such Schedule A mentioned shall stand and be repealed to the extent mentioned in the third column of the said Schedule A, and subject to the provisions of sections six and seven of the said Act.

AND WHEREAS Our said Commissioners, so appointed as aforesaid, have completed the said consolidation and have included therein certain Acts and parts of Acts passed during the sessions of the said Parliament held respectively in the third, the fourth, the fourth and fifth, and the sixth sessions of Our reign, and have reported in writing the completion of the said consolidation.

AND WHEREAS Our Governor General in Council has approved of and deems advisable the inclusion of the Acts and parts of Acts so included as aforesaid.

AND WHEREAS Our Governor General has caused a printed Roll of the said consolidation, attested under His signature and that of the Clerk of the Parliaments, to be deposited in the office of the said Clerk of the Parliaments.

AND WHEREAS there is appended to the said Roll a Schedule A conforming to the prescription of the said Act, so amended as aforesaid.

AND WHEREAS Our said Commissioners have otherwise complied with the provisions of the said Act as so amended.

NOW KNOW YE that, by and with the advice of Our Privy Council for Canada, We do, by these presents, proclaim and declare that on, from and after the thirty-first day of January, 1907, the said Roll so attested and deposited as aforesaid shall come into force and have effect as law by the designation of "The Revised Statutes of Canada, 1906."

AT THE GOVERNMENT HOUSE AT OTTAWA.

Monday, the 23rd day of July, 1906.

PRESENT :

HIS EXCELLENCY THE GOVERNOR GENERAL IN COUNCIL.

THE Governor General in Council is pleased to order and it is hereby ordered that the Regulations governing the administration of Dominion Lands in the Yukon Territory, other than coal lands, established by Order in Council of the 26th July, 1900, as amended by Orders in Council of the 22nd December, 1900, and the 8th April, 1902, shall not apply to any lands in the Yukon Territory which are suitable for agricultural purposes.

The Governor General in Council is further pleased to empower the Commissioner of the Yukon Territory to grant homestead entry for such agricultural lands under the following conditions :—

1. Every person who is the sole head of a family, and every male who has attained the age of eighteen years, who makes application in the form A in the schedule hereto, shall be entitled to obtain homestead entry for any area of Dominion Lands in the Yukon Territory (not exceeding 160 acres) which is suitable for agricultural purposes.

2. The entry for a homestead shall entitle the recipient to take, occupy and cultivate the land entered for and to hold possession of the same to the exclusion of any other person or persons whomsoever, and to bring and maintain actions for trespass committed on the said lands ; the title to the land shall remain in the Crown until an issue of a patent therefor, and the land shall not be liable to be taken in execution before the issue of the patent.

3. The privilege of homestead entry shall apply only to lands valuable for agricultural purposes. No person shall be entitled to such entry for land valuable for its timber, and the right of the homesteader shall in respect of the minerals in all cases be subject to the provisions of the Dominion Lands Act and regulations made thereunder. Homestead entry shall not be given for any land upon which there is water power which may serve to drive machinery, or if an entry has been given for such land it shall not be held to apply to so much of the land as is necessary for the utilization of such water power.

(*b*). A homestead entry shall control the surface rights only and shall not vest in the entrant any right to gold or other minerals.

(*c*). If a homestead is found to contain gold or other minerals, the right to operate the same may be exercised under the provisions of the mining clauses of the Dominion Lands Act, irrespective of any rights acquired under the homestead entry, and the homesteader shall be entitled to compensation to be assessed by duly appointed officers of the Department for any loss or damage so sustained.

(*d*). No homestead shall have a frontage of more than forty chains bordering on a lake or river.

(*e*). Each homestead, when located on a water frontage shall be marked on such frontage by two legal posts firmly fixed in the ground, one at each end of the front boundary of the claim. Parallel lines shall be drawn from each end of the front line, if possible, at right angles thereto and may be extended back as far as necessary to include an area not more than 160 acres in extent. Each of the two legal posts shall be flatted on the side facing the claim and upon it shall be written on the side facing the claim a legible notice stating the name or number of the claim, or both, and if possible its length in feet, the date when staked and the full christian and surname of the locator. The posts shall be numbered 1 and 2, respectively. It shall not be lawful to move No. 1, but No. 2 may be moved by a Dominion Land Surveyor if the distance between the posts exceeds the length prescribed by these regulations but not otherwise.

4. Every person applying for a homestead entry shall make affidavit before some one authorized to take the same on Form B in the schedule hereto ; and upon filing such affidavit with the Land Agent and upon payment to him of an office fee of $10.00 the Land Agent upon being satisfied as to the correctness of the statements contained in the affidavit, and that the land applied for is suitable for agricultural purposes, shall issue to the applicant a receipt according to Form C in the schedule hereto ; and such receipt shall be a certificate of the entry and shall be authority to the person obtaining it to take possession of the land described in it.

5. If a dispute arises between persons claiming the right to homestead entry for the same land, the Land Agent shall make an investigation to obtain evidence respecting the facts ; and his report thereon, together with the evidence taken, shall be referred to the Commissioner of the Yukon Territory for decision.

6. Every person who has obtained homestead entry shall be allowed a period of three months from its date within which to perfect the entry by taking in his own person, possession of the land and beginning residence thereon, and if the entry is not perfected within that period, it shall be void and the land shall be open to entry by another person or to such other disposition as the Minister of the Interior may direct.

7. At the expiration of two years from the date of his homestead entry, the settler, or in the case of his death, his legal representatives, upon having the land duly surveyed and proving, to the satisfaction of the Commissioner of the Yukon Territory, that he or they or some of them have resided upon and cultivated the land during the months of May, June, August, September, and October for two successive years and have brought at least ten acres under cultivation and have erected upon the land a habitable dwelling, shall be entitled to a patent for the land, if such proof is accepted by the Commissioner of Dominion Lands.

(*a*) Proof of residence, erection of a habitable house and amount of cultivation shall be made by the claimant by affidavit and shall be corroborated by the evidence and oath of two disinterested witnesses and shall be subject to acceptance as sufficient by the Commissioner of Dominion Lands. Such affidavits must be made upon a form of application for patent to be provided for the purpose and may be sworn to before any person authorized to take affidavits in the Yukon Territory.

8. If a settler has obtained a patent for his homestead he may obtain entry for a second homestead, and the requirements of these regulations as to residence may be satisfied by residence upon the first homestead if the second homestead applied for is within five miles of the first homestead.

9. If it is proved to the satisfaction of the Minister of the Interior,—

(*a*) That the settler has not resided upon his homestead for at least six months in any one year ; or—

(*b*) That the settler has failed to erect a habitable house and to commence actual residence in the same within three months of the date of such entry, and to continue and maintain such residence and cultivation as required, or that he has failed to make permanent improvments on the land to the aggregate value of $2.00 per acre within two years from the time allowed for the perfecting of his entry ;

His right to the land shall be liable to forfeiture in the discretion of the Minister.

10. Failure on the part of any person who has obtained a homestead entry to apply, as hereinbefore provided for the patent for his homestead within a period of three years from the date of his homestead entry, shall render his right liable to forfeiture in the discretion of the Minister of the Interior.

11. In the case of illness vouched for by sufficient evidence, or in other special cases, the Minister may, in his discretion grant an extension of time during which a settler may be absent from his homestead, without prejudice to his right therein ; but the time so granted shall not be reckoned as residence.

12. Unless the Minister of the Interior otherwise declares every assignment or transfer of homestead rights, or any part thereof, and every agreement to assign or transfer any homestead or any part thereof, made or entered into before the issue of the patent, shall be null and void, and such action on the part of the homesteader shall render his entry liable to forfeiture in the discretion of the Minister.

JOHN J. McGEE,
Clerk of the Privy Council.

AT THE GOVERNMENT HOUSE AT OTTAWA.

Wednesday, the 12th day of December, 1906.

PRESENT :

HIS EXCELLENCY THE GOVERNOR GENERAL IN COUNCIL.

ON a Report dated 3rd December, 1906, from the Minister of the Interior, submitting with regard to an application which has been made to him by the representatives at Edmonton of " The Board of Management of the Church and Manse Building Fund of the Presbyterian Church in Canada " hereinafter called the Board,—as follows :—

1. By letters patent bearing date the seventeenth day of December, A.D., 1898, letters patent were issued in favour of the Board, under the provisions of section 31 of The Dominion Lands Act, for the following parcel or tract of land, namely : " All that parcel or tract " of land, situate, lying and being in the fifty-fourth " township in the twenty-second range, west of the " fourth Meridian in the Provisional District of Alberta " in the North-west Territories, in Our Dominion of " Canada, and being composed of that certain portion of " the North-west quarter of section thirty-two, of the " said township, particularly described as follows, that is " to say :—Beginning at a point on the western limit " of the road allowance on the western boundary of " River Lot eleven as shown on the plan of Fort Sask- " atchewan Settlement, signed by M. Deane, Dominion " Land Surveyor, approved and confirmed by Edouard " Deville for the Surveyor General, and of record in " the Department of the Interior, under number three " thousand five hundred and seventy-one ; said point " being distant one chain measured south-westerly at " right angles from the west boundary of said Lot " eleven, and distant fifty-seven chains and fifteen and " and a half links, measured north-westerly along said " west boundary from the most southerly corner of " said lot, thence north-westerly along the western " limit of said road allowance, a distance of four " chains ; thence south-westerly at right angles to said " western limit a distance of five chains ; thence south- " easterly parallel to said western limit, a distance of " four chains ; thence north-easterly at right angles to " the last course a distance of five chains, more or less " to the point of beginning, containing by admeasur- " ement two acres, more or less ", subject to the reservations, exceptions, provisos and conditions expressed in such letters patent, one of such provisos or conditions being that the lands so granted to the Board should be held by the Board, its successors and assigns, forever, in trust for the purposes of the Congregation of the Presbyterian Church in Canada at Fort Saskatchewan Mission, in the Province of Alberta, to be devoted to the public purposes, within the meaning of the said section 31 of The Dominion Lands Act, for which the lands had been applied for and so granted, namely, the purposes of the above mentioned Congregation.

2. The Canadian Northern Railway Company acting under the powers given to that company by its Act of incorporation and other Acts including The Railway Act of Canada, requiring for the purposes of the railway of that company a portion of the said two acres of land so granted to the Board, has taken possession of it and has applied to the Board for a transfer of it to the company.

3. The company has offered to fully compensate the Board for the value of the portion so taken by the company, of the said two acres of land and for all damage sustained by the Congregation of the Presbyterian Church in Canada at Fort Saskatchewan Mission, or by the Board, because of the taking by the company, under the statutory powers before referred to, of such portion of land, so soon as the Board transfers the same to the company ; but the Board because of the proviso or condition, in the said letters patent, that the said two acres so thereby granted to the Board should be used for the purposes of the above mentioned Congregation, has applied to the Minister of the Interior for his consent to the execution of the necessary transfer to the company, before having it executed by the proper officers or representatives of the Board.

The Minister, in view of the powers of the company to compel the Board, by taking expropriation proceedings under The Railway Act of Canada, to convey the said portion of land so required by, and so taken possession of by the company for the purposes of its railway, and in view of the delay and expense that would arise if such proceedings had to be taken in this matter, recommends that permission be given to the Board to execute any transfer or conveyance to the company its successors and assigns of the said portion of land, as may be necessary to vest in the company as good a title to the said portion of land as the company is entitled to obtain to it under and by virtue of the provisions of its Act of Incorporation or and any other Act of the Parliament of Canada including the said Railway Act of Canada.

The Committee submit the same for approval.

JOHN J. McGEE,
Clerk of the Privy Council.

AT THE GOVERNMENT HOUSE AT OTTAWA

Saturday, the 15th day of December, 1906.

PRESENT :

HIS EXCELLENCY THE GOVERNOR GENERAL IN COUNCIL.

ON a Report dated 27th November, 1906, from the Minister of the Interior, submitting that at the session of 1906, the Legislative Assembly of the Province of Manitoba passed an Act, 5-6 Edward VII, chapter 94, the object of which was to confirm and ratify a plan of a portion of Section 36, Township 11, Range 11, East of the Principal Meridian, forming the Village of Whitemouth, prepared by E. J. Boswell, D.L.S. and P.L.S., and to substitute such plan for a defective plan of the same land which had been prepared by J. S. Dufresne, D.L.S., and to make certain provisions incidental to the cancellation of the one plan and the substitution of the other.

The Minister states that in this matter the Dominion and Provincial authorities have co-operated throughout. The survey and plan of Mr. Boswell purported to be made under the authority of the Special Survey Act of the Province, and Mr. Boswell acted therein under instructions from the Surveyor General of Canada.

The Minister further states that doubts having arisen as to whether the Special Survey Act covered the case, it was thought best to have what had been done ratified by the Provincial Legislature.

The Minister recommends that the Governor General in Council request that the Act be brought into force in the manner prescribed by its provisions.

The Committee submit the same for approval.

JOHN J. McGEE,
28–4 Clerk of the Privy Council.

(d) If such solicitor's address is not at Ottawa, the name and address of some agent for him at Ottawa upon whom all notices and papers may be served.

(6) That, if the respondent does not so notify the Clerk of the Senate, the petition may be considered, and a bill of divorce founded thereon may be passed, without any further notice to the respondent.

(7) When the petition is one by a husband for a divorce from his wife, that, if the wife shows to the satisfaction of the Senate Committee on Divorce that she has, and is prepared to establish upon oath, a good defence to the charges made by the petition, and that she has not sufficient money to defend herself, the Committee may make an order that her husband shall provide her with the necessary means to sustain her defence, including the cost of retaining Counsel and the travelling and living expenses of herself and of witnesses summoned to Ottawa on her behalf.

ATTENDU que dans et par un acte du parlement du Canada, passé en la session du dit parlement tenue en la troisième année de Notre règne, chapitre soixante-un, et intitulé "Acte concernant les Statuts revisés du Canada" après l'exposé qu'il a été jugé à propos de reviser, classifier et refondre les statuts publics d'intérêt général du Canada, et considérant que cette revision, classification et refonte sont à se faire par une Commission dont les membres ont été nommés par lettres-patentes sous le grand sceau du Canada, en date du 21 novembre 1902, et qu'il est à propos de pourvoir à ce qu'y soient incorporés les statuts publics d'intérêt général rendus au cours de la présente session et à être rendus ultérieurement, et à ce que force de loi soit donnée au corps de Statuts revisés devant résulter de cette incorporation :

ET ATTENDU que, par le dit acte, tel que modifié par un acte du dit parlement, passé en la session suivante du dit parlement, chapitre trente-six, et intitulé "Acte modifiant le chapitre 61 des statuts de 1903, concernant les Statuts revisés du Canada", il est entre autres choses en substance statué, qu'aussitôt que les membres de la dite commission, ou la majorité d'entre eux, auront fait un rapport par écrit énonçant qu'ils ont terminé la dite refonte, y compris les actes ou parties d'actes rendus au cours de la dite session tenue en la troisième année de Notre règne, ou d'autres sessions subséquentes que le Gouverneur général peut juger à propos d'y faire ainsi inclure, le Gouverneur général peut faire déposer au bureau du greffier des parlements un rôle imprimé de ces statuts, attesté de son seing et de celui du greffier des parlements, et ce rôle sera réputé être l'original des statuts ainsi revisés, classifiés et refondus, mais que les notes marginales y figurant, les renvois à des dispositions antérieures placés au bas des articles, et les notes explicatives et les tableaux insérés par la Commission ne feront pas partie des dits statuts, et seront réputés n'y avoir été insérés que pour plus de commodité, et ils pourront être corrigés ou omis ;

Et qu'il sera attaché au dit rôle une annexe A semblable de forme à l'Annexe A des Statuts revisés du Canada de 1886 ; et la Commission pourra comprendre dans la dite annexe tous les actes et parties d'actes qui, tout en n'étant pas abrogés en termes exprès, auront été remplacés par les actes ainsi refondus ou seront incompatibles avec eux et tous les actes et parties d'actes dont l'effet ne devait être que temporaire et se trouve éteint ;

Et que la dite commission, dans le travail de la refonte des dits statuts et de l'incorporation aux dits statuts des actes ou parties d'actes rendus subséquemment aux dits statuts et choisis pour y être compris, ainsi qu'il est ci-dessus édicté, peut y faire, sous le rapport du langage, les changements qu'il convient dans l'intérêt de l'uniformité, et y opérer telles légères modifications dont besoin est pour rendre plus clair ce qu'elle juge avoir été l'intention du parlement, et pour faire concorder des dispositions apparemment incompatibles ou y corriger des erreurs d'écriture ou de typographie ;

Et que le Gouverneur en conseil pourra après le dépôt du dit rôle, déterminer par proclamation le jour auquel et à partir duquel ce rôle entrera en vigueur et aura force de loi sous la désignation de *Statuts revisés du Canada de 190 ;*

Et que le dit jour et à partir du dit jour ce rôle aura conséquemment force de loi sous la désignation de

Statuts revisés du Canada de 19 , tout comme s'il était formellement incorporé et édicté dans le présent acte pour entrer en vigueur et devenir exécutoire à compter de cette date.

Et que, à compter de la dite date, toutes les dispositions contenues dans les différents actes et parties d'actes mentionnés dans la dite annexe A, seront abrogées dans la mesure indiquée dans la troisième colonne de la dite annexe A, et subordonnément aux dispositions des articles six et sept du dit acte ;

Règles relatives aux pétitions et aux bills privés.

87. (1) Les pétitions pour bills privés ne sont reçues par la Chambre que pendant les six premières semaines de la session, et tout bill privé sera présenté à la Chambre dans les deux semaines à compter de l'époque où l'Examinateur ou le comité des ordres permanents auront fait un rapport favorable sur la pétition, et nulle motion à l'effet de suspendre cette règle ne sera acceptée, à moins qu'au préalable le comité des ordres permanents n'ait présenté un rapport recommandant cette suspension et exposant les raisons la motivant.

2. Qu'il soit enjoint à tous les comités sur bills privés, dans le cas où les promoteurs ne seraient point prêts à procéder avec leurs mesures quand celles-ci auront été appelées deux fois en deux occasions différentes devant le comité pour y être discutées, de rapporter ces mesures à la Chambre sans délai, faisant connaître les faits, et avec la recommandation que ces bills soient retirés.

Dépôt de bills et honoraires.

88. (1) Toute personne qui voudra obtenir un bill privé sera tenu de déposer entre les mains du greffier de la Chambre, au moins huit jours avant la réunion de la Chambre, un exemplaire de ce bill en anglais ou en français, avec une somme suffisante pour en payer la traduction et l'impression, la traduction en devant être faite par les fonctionnaires de la chambre, et l'impression par le département des impressions publiques, et si pareil bill n'est pas déposé dans le délai ci-dessus prescrit, le solliciteur devra, en sus des frais d'impression et de traduction, payer la somme de (cinq) dollars pour chaque jour qui s'écoulera entre le dit huitième jour avant la réunion de la Chambre et la date de la présentation du bill ; mais ces taxes additionnelles ne devront pas dépasser en totalité la somme de deux cents dollars.

2. Après la deuxième lecture d'un bill et avant son examen par le comité auquel il a été renvoyé, celui qui en fait la demande doit dans tous les cas verser le prix de l'impression de la loi dans les statuts ainsi qu'un droit de deux cents piastres.

Taxes supplémentaires.

Les taxes suivantes seront également imposées et payées, en sus de celles qui précèdent, savoir :—

5. Lorsqu'un bill a pour objet d'augmenter les pouvoirs de contracter des emprunts d'une compagnie sans aucune augmentation du capital social, la taxe supplémentaire sera de $300.00.

6. S'il est apporté quelque changement dans le capital social projeté d'une compagnie, ou s'il y est fait aucune augmentation à une phase quelconque d'un bill, le dit bill ne passera pas à la phase suivante tant qu'il n'aura pas été déposé un certificat du fonctionnaire qu'il appartient attestant que le versement des taxes résultant de ce changement a été régulièrement effectué,

SÉNAT.

Substance des règles et formes de procéder du Sénat concernant les bills de divorce.

Telles que revisées et mises en vigueur le 22 mars 1906.

Tout pétitionnaire en divorce doit annoncer son intention de demander un bill de divorce, par un avis spécifiant contre qui et pour quelle cause le divorce sera demandé ; il fait insérer cet avis, pendant trois mois au moins avant la prise en considération par le comité des divorces de sa pétition pour obtenir le bill, dans la *Gazette du Canada* et dans deux journaux—du district où il avait sa résidence habituelle à l'époque de sa séparation d'avec son conjoint, s'il résidait alors dans la province de Québec, le Manitoba, la Saskatchewan, l'Alberta, la Colombie-Britannique ou les Territoires du Nord-Ouest,—ou du comté ou des comtés-unis, s'il résidait dans une autre province ; et à défaut de ce nombre de journaux, l'avis doit se publier dans le district, le comté ou les comtés-unis voisins.

Dans les provinces de Québec et du Manitoba, les insertions doivent se faire dans un journal anglais et un journal français, s'il en existe des deux langues dans le district ; autrement, elles se font en anglais et en français au même journal. Si l'avis donné pour une session expire trop tard pour qu'il puisse être statué sur la pétition pendant cette session, la pétition pourra être présentée et accueillie à la session suivante sans nouvelle publication d'avis.

Une copie de cet avis et une copie de la pétition qui sera présentée doit, à la diligence du pétitionnaire et au moins deux mois avant la prise en considération de la pétition par le comité, être signifiée en main propre si cela est possible, à la personne contre laquelle le divorce sera demandé, ci-après appelée " partie défenderesse ".

Si la résidence de la partie défenderesse n'est par connue, ou que la remise de l'avis ne peut être faite en ses mains, s'il est prouvé, d'une manière jugée satisfaisante par le comité, que tous les efforts raisonnables ont été faits pour opérer la signification en main propre, et, en cas d'inutilité de ces efforts, pour porter l'avis et la pétition à la connaissance de la partie défenderesse, ces diligences peuvent être tenues pour une suffisante notification.

Aucune pétition en divorce n'est reçevable après l'expiration des soixante premiers jours de la session.

Toute pétition en divorce doit être écrite lisiblement et porter la signature du pétitionnaire. Elle énonce sommairement le fait du mariage, en indiquant les noms au long, l'âge et l'état des parties, en quel temps, en quel lieu et par qui a été faite la célébration ; le domicile et la résidence de chacune des parties à l'époque du mariage, leur domicile conjugal, leur résidence et tout changement qui en aurait eu lieu ; les faits essentiels sur lesquels est fondée la demande de redressement et la nature du redressement demandé.

La pétition doit aussi contenir l'assurance qu'il n'y a pas eu ni connivence, ni pardon pour les torts qui donnent lieu à la plainte, ni collusion dans la demande en divorce.

Les allégations de la pétition doivent être appuyées d'une déclaration du pétitionnaire, faite conformément à l'*Acte de la preuve en Canada, 1893*.

La copie de la pétition signifiée à la partie défenderesse portera en endos ou en annexe les renseignements suivants :

(*1*) La résidence du pétitionnaire à l'époque de la signification.

(*2*) Une adresse postale en Canada à laquelle les lettres et avis pour le pétitionnaire puissent être délivrés.

(*3*) Le nom et l'adresse de l'avocat, s'il y en a un, agissant pour le pétitionnaire.

(*4*) Si cet avocat n'a pas d'adresse à Ottawa, le nom et l'adresse de quelque agent le représentant à Ottawa, à qui tous avis et pièces puissent être signifiés.

(*5*) Si la partie défenderesse veut s'opposer à la demande en divorce et être entendue par le comité des divorces du Sénat, elle doit adresser un avis à cet effet au greffier du Sénat aux édifices du Parlement, Ottawa, dans les deux mois de la signification faite à la partie défenderesse et donner dans cet avis au greffier du Sénat :

(*a*) La résidence de la partie défenderesse à l'époque de l'envoi de l'avis.

(*b*) Une adresse postale en Canada à laquelle les lettres et avis pour la partie défenderesse puissent être délivrés.

(*c*) Le nom et l'adresse de l'avocat, s'il y en a un, agissant pour la partie défenderesse.

(*d*) Si cet avocat n'a pas d'adresse à Ottawa, le nom et l'adresse de quelque agent le représentant à Ottawa, à qui tous avis et pièces puissent être signifiés.

(*6*) Si la partie défenderesse ne notifie pas ainsi le greffier du Sénat, la pétition peut être prise en considération, et un bill de divorce basé sur cette pétition peut suivre son cours sans autre avis à la partie défenderesse.

(*7*) Lorsque la pétition est présentée par un mari pour obtenir le divorce contre sa femme, si celle-ci fait voir au comité d'une manière satisfaisante qu'elle peut opposer et qu'elle est prête à produire sous serment de bons moyens de défense contre les accusations portées dans la pétition, et qu'elle n'a pas l'argent nécessaire pour faire valoir ces moyens, le comité peut rendre un ordre que son mari ait à lui fournir la somme nécessaire pour qu'elle puisse présenter sa défense en retenant les service d'un conseil, payer ses frais de voyage et de séjour et ceux des témoins assignés de sa part à Ottawa.

La pétition en obtention d'un bill de divorce n'est prise en considération par le comité que lorsque le pétitionnaire a versé au bureau du greffier du Sénat une somme de $210.

La pétition, au moment de sa présentation au Sénat doit être accompagnée de la preuve de la publication d'avis et d'une déclaration établissant qu'une copie de l'avis de la pétition a été signifiée.

Une copie de toute pétition en obtention d'un bill de divorce, ou relative à quelque demande de divorce,—et une copie de tous documents et papiers accompagnant cette pétition, ou à produire devant le comité, devra être fournie par la personne au nom de laquelle la pétition, les documents ou les papiers seront présentés ou produits.

SAML. E. ST. O. CHAPLEAU,
Greffier du Sénat.

SENAT.

Avis de bills privés.

EXTRAIT DES RÈGLES DU SÉNAT.

107. Toute demande au Parlement, pour obtenir un bill privé, de quelque nature qu'il soit, doit être annoncée par avis inséré à la *Gazette du Canada ;* cet avis doit indiquer d'une manière claire et précise la nature et l'objet de la demande, être signé par les pétitionnaires ou en leur nom et contenir l'adresse des signataires ; et si elle a pour objet l'obtention d'un acte constitutif, il faut donner aussi dans l'avis le nom de la compagnie projetée.

Outre l'avis à insérer dans la *Gazette du Canada*, il doit en être publié un semblable, comme il suit :—

A. Lorsque la demande a pour objet l'obtention d'un acte constituant en corporation,—

1. Une *compagnie de chemin de fer ou de canal*,—dans un des principaux journaux de la principale cité ou ville ou le principal village de chaque comté ou district par où passerait le chemin de fer ou le canal dont la construction est projetée ;

2. Une *compagnie de télégraphe ou de téléphone*,—dans un des principaux journaux de la principale cité ou ville de chaque province ou territoire où elle se propose d'opérer ;

3. Une *compagnie pour la confection de travaux quelconques*, dont la confection ou l'exploitation intéresserait spécialement telle localité particulière ; ou une compagnie tendant à obtenir des droits ou privilèges exclusifs, ou l'autorisation de faire une chose dont l'opération pourrait porter atteinte aux droits ou à la propriété d'autrui,—dans un des principaux journaux de l'endroit ou des endroits que l'acte demandé intéresse ;

4. Une *compagnie de banque ;* une *compagnie d'assurance ;* une *compagnie de crédit ;* une *compagnie de prêt*, ou une *compagnie industrielle*, sans pouvoirs exclusifs, —dans la *Gazette du Canada* seulement ;

5. Et si les travaux d'une compagnie (constituée ou à constituer) doivent être déclarés d'utilité générale pour le Canada, cette intention sera spécifiquement mentionnée dans l'avis ; et les requérants feront envoyer par lettre enregistrée une copie de cet avis au secrétaire de chaque conseil de comté et de chaque corporation municipale spécialement intéressée dans la construction ou l'exploitation de ces travaux, ainsi qu'au secrétaire de la province dans laquelle ces travaux sont ou seront situés ; et la preuve de l'accomplissement de cette prescription par les requérants devra s'établir par une déclaration statutaire.

B. Lorsque la demande a pour objet de modifier un acte existant,—

1. Afin de prolonger une ligne de chemin de fer ou un canal, ou de construire des embranchements qui s'y relient, l'avis sera le même, *mutatis mutandis*, que celui pour l'obtention d'un acte constituant en corporation une compagnie de chemin de fer ou de canal ;

2. Afin de proroger le délai fixé pour la confection ou l'achèvement d'une ligne de chemin de fer, d'un canal, d'une ligne télégraphique ou téléphonique, ou d'autres travaux quelconques déjà autorisés,—dans un des principaux journaux de l'endroit où la compagnie a son siège ou est autorisée à avoir son siège ;

3. Afin d'étendre les pouvoirs d'une compagnie (sans attribution de pouvoirs exclusifs) ; d'accroître ou de réduire le capital-actions d'une compagnie, ou d'augmenter ou modifier sa faculté d'émettre des obligations ou de faire des emprunts, ou d'effectuer des changements pouvant porter atteinte aux droits ou intérêts des actionnaires, obligataires ou créanciers de la compagnie, —dans un des principaux journaux du lieu de la situation de son siège.

c. Dans tous ces cas, les avis insérés soit à la *Gazette du Canada* ou dans les journaux, doivent se publier au moins une fois par semaine pendant cinq semaines consécutives ; et, lorsqu'ils se publient dans les provinces de Québec et du Manitoba, ils doivent être en langue anglaise et en langue française. Il faut envoyer au greffier du Sénat des exemplaires *marqués* de chaque numéro de tous les journaux contenant l'avis, avec, sur le pli de la feuille, les mots : "*Avis de bill privé*" ; ou l'on peut transmettre, au lieu des journaux, une déclaration statutaire que l'avis a été dûment publié.

Tout avis par lettre enregistrée sera déposé à la poste à temps pour parvenir au Secrétaire de la province et au greffier de chaque conseil de comté et de chaque corporation municipale cinq semaines au moins avant la considération de la pétition par le comité des Ordres permanents ; et une déclaration statutaire établissant le fait du dépôt à la poste sera transmise au greffier du Sénat.

108. Nulle pétition pour la constitution en corporation d'une compagnie de chemin de fer ou d'une com-

pagnie de canal, ou pour l'extension de la ligne d'un chemin de fer ou d'un canal existant ou autorisé, n'est prise en considération par le comité des Ordres Permanents, à moins qu'il n'ait été déposé devant le comité une carte ou un plan indiquant le tracé proposé des travaux ainsi que les comtés ou les districts par où doit passer le chemin de fer, le canal, l'embranchement ou le prolongement qu'on veut construire.

109.
